*Play time* Daisy Black, 2020-11-17 This book presents an important re theorisation of gender and anti-Semitism in medieval biblical drama It charts conflicts staged between dramatic personae in plays that represent theological transitions including the Incarnation Flood Nativity and Bethlehem slaughter Interrogating the Christian preoccupation with what it asserted was a superseded Jewish past it asks how models of supersession and typology are subverted when placed in dramatic dialogue with characters who experience time differently The book employs theories of gender performance anti-Semitism queer theory and periodisation to complicate readings of early theatre s biblical matriarchs and patriarchs Dealing with frequently taught plays as well as less familiar material the book is essential reading for specialist undergraduate and postgraduate researchers working on medieval performance gender and queer studies Jewish Christian studies and time

**The Virgin Mary in the Perceptions of Women** Joelle Mellon, 2016-04-21 Once the Virgin Mary was a pivotal element of Christianity a holy figure at the heart of most Christians spiritual lives She was invoked at all major life passages baptisms weddings childbirths and funerals and images of the Virgin Mary could be found virtually anywhere from pub signs to sacred texts Medieval women especially looked to Mary to answer their prayers be their role model and serve as their advocate in heaven They prayed to her several times a day and sometimes devoted their entire lives to her service This book investigates perceptions of the Virgin Mary through several centuries of literature Focusing especially on the depictions of the Virgin Mary in medieval and Renaissance manuscripts the author rediscovers a time when the Divine Female was very much in evidence and good Christian women were taught to pray to a Holy Mother Topics include the cyclical popularity of Virgin Mary devotional objects such as Books of Hours rosaries and Marian gardens the mystical qualities attributed to the Virgin Mary through centuries of reported divine visions the historical relationships between the Virgin Mary and other religious figures including the Devil and Mary Magdalene as an alternative to the Virgin Mary as a feminine model **What Nature**

**Does Not Teach** Juanita Feros Ruys, 2008 This interdisciplinary volume takes as its subject the multi faceted genre of didactic literature the literature of instruction which constituted the cornerstone of literary enterprise and social control in medieval and early modern Europe Following an Introduction that raises questions of didactic meaning intent audience and social effect nineteen chapters deal with the construction of the individual didactic voice and persona in the premodern period didactic literature for children women as the creators objects and consumers of didactic literature the influence of advice literature on adult literacy piety and heresy and the revision of classical didactic forms and motifs in the early modern period Attention is paid throughout to the continuities of didactic literature across the medieval and early modern periods its intertextuality reliance on tradition and self renewal and to questions of gender authority control and the socially constructed nature of advice Contributors particularly explore the intersection of advice literature with real lives considering the social impact of both individual texts and the didactic genre as a whole The volume deals with a wide variety of texts from the early

Middle Ages to the eighteenth century written in languages from Latin through the European vernaculars to Byzantine Greek and Russian offering a comprehensive overview of this pervasive and influential genre

*Walsingham in Literature and Culture from the Middle Ages to Modernity* Dominic Janes, Gary Fredric Waller, 2010 Though well known as a shrine to the Virgin Mary and as a popular pilgrimage site Walsingham has only recently received serious scholarly attention This volume represents the first collection of multi disciplinary essays on Walsingham s broader significance Contributors focus on the hitherto neglected issue of Walsingham s cultural impact the literary historical art historical and sociological significance that Walsingham has had since the later Middle Ages

*The Woman and the Dragon in Premodern Art* Sharon Khalifa-Gueta, 2025-10-01 The motif of the woman and the dragon has been prevalent in Western art since antiquity yet has hitherto remained understudied and artworks featuring this motif in Western Mediterranean cultures have been examined primarily in relation to the topos of the male dragon slayer This book analyzes artistic images of women and dragons over an extensive period from Classical Greece and Rome with forays to Egypt and Mesopotamia to the early modern period in Western Europe The unique methodology employed in the study of this motif reveals its sacred core as well as its relationship to rituals of fertility and oracular knowledge to the liminal realm between life and death and to the symbolism of Great Mother goddesses At the same time the images explored throughout expose stereotypes and biases against women in unusual positions of power which were embedded in the motif and persisted in Western European art

**The Enclosed Garden and the Medieval Religious Imaginary** Liz Herbert McAvoy, 2021 During the Middle Ages the arresting motif of the walled garden especially in its manifestation as a sacred or love inflected hortus conclusus was a common literary device Usually associated with the Virgin Mary or the Lady of popular romance it appeared in myriad literary and iconographic forms largely for its aesthetic decorative and symbolic qualities This study focuses on the more

complex metaphysical functions and meanings attached to it between 1100 and 1400 and in particular those associated with the gardens of Eden and the Song of Songs Drawing on contemporary theories of gender gardens landscape and space it traces specifically the resurfacing and reworking of the idea and image of the enclosed garden within the writings of medieval holy women and other female coded texts In so doing it presents the enclosed garden as generator of a powerfully gendered hermeneutic imprint within the medieval religious imaginary indeed as an alternative language used to articulate those highly complex female coded approaches to God that came to dominate late medieval religiosity The book also responds to the eco turn in our own troubled times that attempts to return the non human to the centre of public and private discourse The texts under scrutiny therefore invite responses as both literary and garden spaces where form often reflects content and where their authors are also diligent gardeners the apocryphal Lives of Adam and Eve for example the horticulturally inflected Hortus Deliciarum of Herrad of Hohenburg and the green philosophies of Hildegard of Bingen s Scivias the visionary writings of Gertrude the Great and Mechthild of Hackeborn collaborating within their Helfta nunnery the Middle English poem Pearl and multiple reworkings of the deeply problematic and increasingly sexualized garden enclosing the biblical figure of Susanna

Shades of Meaning: Shadows in Medieval Manuscript Illumination Dominique DeLuca, 2025-03-27 Are there shadows in medieval art Studies on the role of shadows in art history have either glanced over or ignored the medieval period yet people of the Middle Ages certainly saw and thought about shadows and recorded their ideas about these phenomena in texts and images This book examines references to shadows in science religion and folklore of the Middle Ages Through the lens of fifteenth century manuscript painting it investigates visual metaphorical and supernatural shadows in art to discover what shadows meant to the medieval viewer

The Constant and Changing Faces of the Goddess Phyllis K. Herman, Deepak Shimkhada, 2009-03-26 The Constant and Changing Faces of the Goddess Goddess Traditions of Asia contains essays written by established scholars in the field that trace the multiplicity of Asian goddesses their continuities discontinuities and importance as symbols of wisdom power transformation compassion destruction and creation The essays demonstrate that while treatments of the goddess may vary regionally culturally and historically it is possible to note some consistencies in the overall picture of the goddess in Asia The book provides a comprehensive treatment of the goddess culminating in the selections that draw from research on Indian Nepali Chinese Japanese and Vietnamese traditions seldom found in other works of similar subject The volume will be useful for students in religious studies gender studies Asian studies and women s studies With the intent of making the volume truly broad in scope an effort has been made to include works written by art historians sociologists anthropologists and religious studies scholars Culture cannot be separated from religion they are intertwined as an organic whole and variations manifest themselves in the rituals and daily lives of the people In this sense all the essays are interconnected the goddess manifests in many forms and appeals to differing aspects of a particular culture as a paradigm of the divine feminine

*Medieval Futurity Will*

Rogers, Christopher Michael Roman, 2020-11-09 This collection of essays asks contributors to take the capaciousness of the word queer to heart in order to think about what medieval queers would have looked like and how they may have existed on the margins and borders of dominant normative sexuality and desire The contributors work with recent trends in queer medieval studies blending together modern concepts of sexuality and desire with the queer configurations of eroticism desire and materiality as they might have existed for medieval audiences      **Encountering Eve's Afterlives** Holly

Morse, 2020-02-06 *Encountering Eve's Afterlives: A New Reception Critical Approach to Genesis 2-4* aims to destabilize the persistently pessimistic framing of Eve as a highly negative symbol of femininity within Western culture by engaging with marginal and even heretical interpretations that focus on more positive aspects of her character In doing so this book questions the myth that orthodox popular readings represent the true meaning of the first woman's story and explores the possibility that previously ignored or muted rewritings of Eve are in fact equally valid interpretations of the biblical text By staging encounters between the biblical Eve and rewritings of her story particularly those that help to challenge the interpretative status quo this book re frames the first woman using three key themes from her story sin knowledge and life Thus it considers how and why the image of Eve as a dangerous temptress has gained considerably more cultural currency than the equally viable pictures of her as a subversive wise woman or as a mourning mother The book offers a re evaluation of the meanings and the myths of Eve deconstructing the dominance of her cultural incarnation as a predominantly flawed female and reconstructing a more nuanced presentation of the first woman's role in the Bible and beyond      Forthcoming Books Rose Arny, 2003      *Female Devotion and Textile Imagery in Medieval English Literature* Anna McKay, 2024 Uncovers the female voices lived experiences and spiritual insights encoded by the imagery of textiles in the Middle Ages For millennia women have spoken and read through cloth The literature and art of the Middle Ages are replete with images of women working cloth wielding spindles distaffs and needles or sitting at their looms Yet they have been little explored Drawing upon the burgeoning field of medieval textile studies as well as contemporary theories of gender materiality and eco criticism this study illustrates how textiles provide a hermeneutical alternative to the patriarchally dominated written word It puts forward the argument that women's devotion during this period was a fabricated phenomenon a mode of spirituality and religious exegesis expressed devised and practised through cloth Centred on four icons of female devotion Eve Mary St Veronica and of course Christ the book explores a broad range of narratives from across the rich tapestry of medieval English literature from the fields of Piers Plowman to the late medieval Morte D'Arthur the devotions of Margery Kempe to the visionary experiences of Julian of Norwich Gervase of Tilbury's fabulous Otia Imperialia to the anchoritic guidance literature of the Middle Ages and the innumerable and oft forgotten lives of Christ prayers legends and miracle tales in between      *Short History of the Shadow* Victor I. Stoichita, 1997-08 Looks at the depiction and meaning of shadows in the history of Western art      The Shadow of Dante in French Renaissance Lyric Alison Baird Lovell, 2020-11-09 This book presents an

interpretation of Maurice Scève's lyric sequence *Dieu objet de plus haute vertu* Lyon 1544 in literary relation to the *Vita nuova* Commedia and other works of Dante Alighieri Dante's subtle influence on Scève is elucidated in depth for the first time augmenting the allusions in *Dieu* to the *Canzoniere* of Petrarch Francesco Petrarca Scève's sequence of dense epigrammatic dizains is considered to be an early example prior to the Pléiade poets of French Renaissance imitation of Petrarch's vernacular poetry in a time when imitatio was an established literary practice signifying the poet's participation in a tradition While the *Canzoniere* is an important source for Scève's *Dieu* both works are part of a poetic lineage that includes Occitan troubadours Guinizzelli Cavalcanti and Dante The book situates Dante as a relevant predecessor and source for Scève and examines anew the Petrarchan label for *Dieu* Compelling poetic affinities emerge between Dante and Scève that do not correlate with Petrarch

*Imagining Mary* Daniel Rancour-Laferrrière, 2017-11-15 *Imagining Mary* breaks new ground in the long tradition of Christian mariology The book is an interdisciplinary investigation of some of the many Marys East and West from the New Testament Mary of Nazareth down to Our Lady of the Good Death in the twentieth century In *Imagining Mary* Professor Rancour-Laferrrière examines the mother of God in her multireligious and pan-historical context The book is a scholarly study but it is written in a clear straightforward style and will be comprehensible to an educated and above all intellectually curious general audience It will appeal to anyone who has ever wondered for example about the flimsy scriptural basis of many beliefs about Mary or the tendency of many mariologists to depict Mary as an incestuous bride of Christ or the theological notion of Mary's loving consent to her son's crucifixion or the idea that Mary was a priest officiating at the sacrifice of her son or the unfortunate association of Mary with Christian anti-Semitism or the curious appeal of Mary to the terminally ill and so on Special attention is given to the psychology of representations of Mary such as the psychological basis for promoting Mary to the status of a goddess the psychology of Mary's compassion for her son at the foot of the cross and the psychological conflict in Mary's personal relationship with her son Jesus These topics are admittedly diverse but they all have long been on the minds of mariologists The author takes a questioning approach to received wisdom about Marian themes including the assumption that one has to be a theist in order to understand the great appeal of Mary down the centuries Indeed *Imagining Mary* may be regarded as a first step in the direction of an atheist mariology

**Wild Mother Dancing** Di Brandt, 1993-09-15 *Wild Mother Dancing* challenges the historical absence of the mother who as subject and character has been repeatedly suppressed and edited out of the literary canon In her search for sources for telling the new or old forbidden story against a tradition of narrative absence Brandt turns to Canadian fiction representing a variety of cultural traditions Margaret Laurence Daphne Marlatt Jovette Marchessault Joy Kogawa Sky Lee and a collection of oral interviews about childbirth told by Mennonite women The results broaden enrich and finally recover the motherstory in ways that have revolutionary implications for our institutions and imaginations
