

A low-angle, close-up photograph of a hand holding a handgun, pointing upwards against a clear blue sky. The hand is dark-skinned and appears to be wearing a dark sleeve. The gun is a semi-automatic handgun, possibly a Glock, with a silver slide and a black frame. The lighting is bright, creating a high-contrast scene.

Shadows Of Power A Novel:

Shadows of Power Jean Hillier, 2003-09-02 *Shadows of Power* examines public policy and in particular the communicative processes of policy and decision making. It explores the important who, how and why issues of policy decisions. Who really takes the decisions? How are they arrived at and why were such processes used? What relations of power may be revealed between the various participants? Using stories from planning practices, this book shows that local planning decisions, particularly those which involve consideration of issues of public space, cannot be understood separately from the socially constructed subjective territorial identities, meanings and values of the local people and the planners concerned. Nor can it be fully represented as a linear planning process concentrating on traditional planning, policy making and decision making ideas of survey analysis, plan or officer recommendation, council decision, implementation. Such notions assume that policy and decision making proceed in a relatively technocratic and value neutral, unidirectional, step wise process towards a finite end point. In this book, Jean Hillier explores ways in which different values and mind sets may affect planning outcomes and relate to systemic power structures. By unpacking these and bringing them together as influences on participants' communication, she reveals influences at work in decision making processes that were previously invisible. If planning theory is to be of real use to practitioners, it needs to address practice as it is actually encountered in the worlds of planning officers and elected representatives. Hillier sheds light on the shadows so that practitioners may be better able to understand the circumstances in which they find themselves and act more effectively in what is in reality a messy, highly politicised decision making process.

In the Shadows of Power R. Michael Crossen, 2025-02-13 *In the Shadows of Power: The Untold Stories of Female Spies* is a compelling exploration of the hidden contributions of women in the world of espionage. The book delves into the remarkable lives of female operatives who worked behind the scenes, often at great personal risk, to shape the outcomes of conflicts and historical events. Spanning various eras and regions, it uncovers stories of courage, ingenuity and resilience that have long been overshadowed by their male counterparts. The narrative not only recounts daring missions and thrilling exploits but also examines the human element of these women's lives: the sacrifices they made, the challenges they overcame, and the strength they displayed in the face of adversity. From wartime couriers and saboteurs to Cold War double agents, these operatives defied societal norms and expectations, using their unique skills to gather intelligence, spread disinformation, and execute covert operations. Author Mike Crossen draws on his extensive experience in military intelligence and his interactions with legendary spies to provide a richly detailed and deeply personal account. The book sheds light on the underappreciated yet critical roles that female spies played in shaping history, challenging readers to reevaluate traditional notions of heroism and valor. Ultimately, *In the Shadows of Power* is more than a collection of spy stories; it is a celebration of the quiet strength and determination of women who stepped out of the shadows to leave an indelible mark on the world. The book invites readers to honor their legacies and reflect on the untapped potential of those who operate with courage and conviction, often

Introduction to Shadow and Bone (TV series) Gilad James, PhD, *Shadow and Bone* is a fantasy television series that is based on Leigh Bardugo's Grishaverse novel of the same name The show is developed by Eric Heisser and is produced by Shawn Levy and Dan Levine The series premiered on Netflix on April 23 2021 The series takes place in a world that has been torn apart by monstrous

creatures that dwell in the Shadow Fold which is an impenetrable darkness that has cut off a part of the kingdom of Ravka. The story follows a young soldier named Alina Starkov who discovers she has unique magical powers that could be the key to saving her country. She discovers she is a Sun Summoner which gives her the ability to summon and control light. Along with her best friend Mal, she sets out to hone her powers and fight against the darkness that is threatening her kingdom. However, Alina soon finds herself in the middle of a political power struggle between the Grisha, a group of magical elites, and the Ravkan royalty who fear and distrust them.

Africa's Shadow Rise Pádraig Carmody, Peter Kragelund, Ricardo Reboredo, 2020-09-17

For years, economists have spoken of Africa rising, and despite the global financial crisis, Africa continues to host some of the fastest growing economies in the world. *Africa's Shadow Rise* however argues that the continent's apparent economic rise is essentially a mirage driven by developments elsewhere, most particularly the expansion in China's economy. While many African countries have experienced high rates of growth, much of this growth may prove to be unsustainable and has contributed to environmental destruction and worsening inequality across the continent. Similarly, new economic relationships have produced new forms of dependency as African nations increasingly find themselves tied to the fortunes of China and other emerging powers. Drawing on in-depth fieldwork in southern Africa, *Africa's Shadow Rise* reveals how the shifting balance of global power is transforming Africa's economy and politics, and what this means for the future of development efforts in the region.
