Infinity's Flower Jack Allis, 2007-08-15 *Infinity's Flower* The Tale of 2012 the Great Shift of the Ages The year is 2011 David and Kelly are soul mates who share an awareness of the ancient esoteric wisdom confirmed by quantum science that the universe is alive and everything in it including us consists of pulsating luminous energy Like shamans from indigenous cultures around the world David and Kelly have powers far exceeding those of ordinary humans as a function of their awareness that this world of energy is guided by an unseen intelligence or spirit and their ability to merge with these mysterious forces One of their powers is the ability to see through the illusion of everyday life and into another dimension where malevolent extraterrestrial beings masquerading as humans have covertly ruled the world for thousands of years and have imposed a fascist world government or New World Order upon a human race *Infinity's Flower* is the epic story of the age old intergalactic battle between the forces of good and evil that is coming to a head on the planet Earth at this time and David and Kelly's struggle to join the forces of light both in this world and in higher etheric dimensions to defeat the powers of darkness and reclaim the planet The backdrop of this tale is The Great Shift of the Ages an exceedingly rare geophysical and astrophysical time the Earth has entered It is the completion of a 26 000 year cycle which was prophesized by ancient cultures spanning the globe including the Egyptians the Mayans and the Hopis The Shift involves forces of colossal magnitude such as the reversing of the Earth's electromagnetic field which will change the face of the planet and life on it forever The clock is ticking The year 2012 appears to be the turning point Are these the end times as

so many believe was predicted in the Bible or is this an opportunity for the birth of a new era of higher consciousness and spirituality Infinity's Flower weaves the epic scope of Orwell the esoteric wisdom of Castaneda and the riveting storytelling of the film sensation The Matrix into a tale of this rare and blessed opportunity for humanity to evict the forces of evil and make the shift to the new paradigm It is a world in which doors swing open to unimaginable forces and where humanity reconnects with the one true source of its power the divine spirit of a living universe Infinity's Flower is a vision of the paradise that an empowered and an enlightened humanity can and must create on Earth **Richard Dawkins: The Pope of Unreason**

Mike Hockney, 2014-12-19 A book attacking the ideology of Richard Dawkins is invariably assumed to be a defence of religious faith Nothing could be further from the truth in this case This book equates faith with insanity Instead it argues that we live in the hyperrational reality of ontological mathematics We attack the scientific dogma of Dawkins and his fellow travellers for being incompatible with ontological mathematics and in fact constituting a quasi religious hence mad faith in empiricism materialism randomness and meaninglessness nihilism all of which are refuted by ontological mathematics which reflects the principle of sufficient reason Are you rational enough for the truth Are you intelligent enough to be an ontological mathematician Many are called few are chosen Simplicius: On Aristotle Physics 1.3-4

Simplicius, 2014-04-22 In this volume Simplicius deals with Aristotle's account of the Presocratics and for many of them he is our chief or even sole authority He quotes at length from Melissus Parmenides and Zeno sometimes from their original works but also from later writers from Plato onwards drawing particularly on Alexander's lost commentary on Aristotle's Physics and on Porphyry Much of his approach is just scholarly but in places he reveals his Neoplatonist affiliation and attempts to show the basic agreement among his predecessors in spite of their apparent differences This volume part of the groundbreaking Ancient Commentators on Aristotle series translates into English for the first time Simplicius commentary and includes a detailed introduction extensive explanatory notes and a bibliography WHEN I GET TO HEAVEN

deeply into the issues that surfaced In the two final chapters Craig and Flew respond and clarify their positions taking the debate yet one step further The result of these many contributions is a book which provides the reader with a summary of the current discussion and allows one to enter into the dialogue on this central question in the philosophy of religion *Gone Again* Doug Johnstone,2013-02-26 It s just to say that no one has come to pick Nathan up from school and we were wondering if there was a problem of some kind As Mark Douglas photographs a pod of whales stranded in the waters off Edinburgh s Portobello Beach he is called by his son s school his wife Lauren hasn t turned up to collect their son Calm at first Mark collects Nathan and takes him home but as the hours slowly crawl by he increasingly starts to worry With brilliantly controlled reveals we learn some of the painful secrets of the couple s shared past not least that it isn t the first time Lauren has disappeared And as Mark struggles to care for his son and shield him from the truth of what s going on the police seem dangerously short of leads That is until a shocking discovery **The Atheist's Primer** Malcolm Murray,2010-04-06 The Athiest s Primer is a concise but wide ranging introduction to a variety of arguments concepts and issues pertaining to belief in God In lucid and engaging prose Malcom Murray offers a penetrating yet fair minded critique of the traditional arguments for the existence of God He then explores a number of other important issues relevant to religious belief such as the problem of suffering and the relationship between religion and morality in each case arguing that atheism is preferable to theism The book will appeal to both students and professionals in the philosophy of religion as well as general audiences interested in the topic The Presocratic Philosophers Jonathan Barnes,2002-09-11 The Presocratics were the founding fathers of the Western philosophical tradition and the first masters of rational thought This volume provides a comprehensive and precise exposition of their arguments and offers a rigorous assessment of their contribution to philosophical thought Blue Bloods: Another World Alana Griffiths,2021-01-10 In this twist Joe Reagan and the rest of the Reagan family are still dealing with Danny s death But can they get past the upcoming events that could change the course of their lives A blast from Danny s past hits the Reagan family in a way that each of them never expected A History of Western Philosophy Ralph M. McInerny,Aloysius Robert Caponigri,1963 **Theosophical Forum and the Theosophical Path and Lucifer** ,1936 **Poetic Listening** Jonathan Reynolds,2003-12 Poetic Listening aims at capturing by a subtle letting go in words that which is beyond the words themselves The interplay between sections that appear to flow more freely and those that intentionally bog the reader down in the hope of pausing the experience of reading itself is a deliberate attempt at showing that the idea of flow a fluidity with regards to the experience of experience is ever present and that it ultimately is up to each individual whether or not to participate in this the only now experience that is their life It is because of this that Poetic Listening not only succeeds at pointing to the experience of meditation in the way that a sign points to a given idea or action but also exists as a meditation itself in the way that a symbol embodies that which it references Participate and enjoy grounding breathe feel flow relax pause expand listen love bloom **The Six Enneads**
