Subcommittee on Africa, 1974 In need of time to decide what to do with her life after a year of college Marcie finds help in her guitar and bluegrass music in breaking away from her overprotective divorced mother and in making decisions *The Search for Medieval Music in Africa and Germany, 1891-1961* Anna Maria Busse Berger, 2020-10-30 This innovative book reassesses the history of musicology unearthing the field's twentieth century German and global roots In the process Anna Maria Busse Berger exposes previously unseen historical relationships such as those between the modern rediscovery of medieval music the rise of communal singing and the ways in which African music intersected with missionary work in the German colonial period Ultimately Busse Berger offers a monumental new account of the early twentieth century music culture in Germany and East Africa The book unfolds in three parts Busse Berger starts with the origins of comparative musicology circa 1900 when early proponents used ideas from comparative linguistics to test whether parallels could be drawn between nonwestern and medieval European music She then turns to youth movements of the era the Wandervogel Jugendmusikbewegung and Singbewegung whose focus on joint music making influenced many musicologists Finally she considers case studies of Protestant and Catholic mission societies in what is now Tanzania where missionaries many of them musicologists and former youth group members extended the discipline via ethnographic research and a focus on local music and communities In highlighting these long overlooked transnational connections and the role of global music in early musicology Busse Berger shapes a fresh conception of music scholarship during a pivotal part of the twentieth century

Schooling and Difference in Africa George Jerry Sefa Dei, Riyadh Ahmed Shahjahan, Sharon Eblaghie Bahador, Alireza Asgharzadeh, 2006-01-01 Since the 1950s when most African countries gained political independence schooling has presented very difficult challenges In the discussion of these challenges however the issue of diversity has received relatively little attention Schooling and Difference in Africa aims to understand how differences such as ethnicity class gender language religion and disability play out in African schools systems and more specifically in Ghana Together George J Sefa Dei Alireza Asgharzadeh Sharon Eblaghie Bahador and Riyadh Ahmed Shahjahan promote educational inclusion in the context of African schooling The aspects of diversity explored in this study include minority majority relations race ethnicity gender language class religion and physical disability The authors build their analyses of these issues around a series of interviews which project a perspective that policy makers and administrators rarely seek out By studying the challenges of inclusive education in Ghana and further by making comparisons with the Canadian context this volume seeks to shed light on the ongoing struggle for an empowering school system in Africa and elsewhere [New From Africa Watch](#) , *In Search of the Okapi. A Story of Adventure in Central Africa* Ernest Glanville, 2023-08-22 In *In Search of the Okapi A Story of Adventure in Central Africa* Ernest Glanville invites readers into the lush enigmatic jungles of the Congo blending vivid descriptions with

an adventurous narrative that reflects both the thrill of exploration and the complexities of colonial encounters. The story unfolds through the eyes of a spirited protagonist as he embarks on a quest to discover the elusive okapi, intertwining natural history with the rich tapestry of African culture. Glanville's style is marked by an engaging prose that captures the exotic landscape and fauna while simultaneously addressing the ethical dilemmas of European exploration during the late 19th century. Ernest Glanville, a South African writer and journalist whose life was deeply influenced by his passion for nature and adventure, draws upon his own travels in Africa to inform this narrative. His experiences as a pioneer of early adventure writing reflect a keen awareness of both the beauty and the harsh realities of the continent, illustrating the tensions inherent in Western perceptions of Africa at the time. Glanville's affinity for storytelling is evident in his meticulous attention to setting and character development, rendering the African wilderness almost a character in its own right. This captivating tale is highly recommended to readers who possess a love for adventure and an interest in Africa's complex legacy. Glanville's work is not only an entertaining narrative but also a critical study of the intersection between nature and humanity, making it a must-read for enthusiasts of travel literature, historical narratives, and colonial exploration. From Africa to Illinois, The Search for Freedom and a Place to Call Home Raleigh L.

Sutton, 2017-09-28. Most of the material you will hear at this time is not and was not taught in school. Only in the last twenty years has much of this information come to light by hard-working researchers who like myself have spent thousands of hours digging out the facts from diverse sources. The usual classroom teachings acknowledge slavery only in a general way, moving on to the Civil War, dwelling only a moment on the Reconstruction's initial success and then its failure. We then skip to World War Two, forgetting eighty years worth of struggle during the great migrations north for work and finding more disappointment trying to improve their lives. The story of Elgin's African American Community begins in West Africa, then to the New World in the seventeenth century, then to the fledgling United States of 1700s to the Northwest Territory of 1793 to Illinois to Kane County and at last to Elgin.

50 Must-See Geological Sites in South Africa Gavin Whitfield, 2016-01-11

The book presents 50 of the most recognizable and geologically interesting sites around South Africa, including some of palaeontological or historical renown and some of mining interest. The diverse selection includes sites such as Chapman's Peak, Howick Falls, Walter Sisulu National Botanical Gardens, Mapungubwe, Tswaing Meteorite Crater, and the Fraserburg Fossil Surface. Each site is unpacked to reveal key features, geological heritage, landscape, and rock formations, topics of local or historical interest, things to see and do at the site, and in the surrounding area. Maps and GPS pointers make the sites easy to find, and some of the more complicated features are explained by means of simplified diagrams. Nearly 1,000 colour images illustrate South Africa's remarkable geology and bring the topic vividly to life, making the book suitable for armchair travel.
