Keepers of the Gate What began as a grand experiment to form a multi-national counter-terrorist special operations group MCTSOG to combat the global spread of terrorism in the 21st century eventually became the world's premier special ops organization. The SOG commandos tackle traditional terrorism as well as threats from beyond the skies leading up to December 2012. This special military command employs the use of traditional military hardware and technologies as well as technology that some would refer to as Tools of the gods. Follow the commandos and watch them live up to their motto: Defenders of the Free World. Video trailer link: <http://www.youtube.com/watch?v=STAWOqJf4hg> **Ascendant** Jack Campbell, 2019-04-02

A young fleet officer and a Marine stand together to defend their colony in the continuation of the powerful and action-packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. In the three years since former fleet officer Rob Geary and former Marine Mele Darcy led improvised forces to repel attacks on the newly settled world of Glenlyon, tensions have only gotten worse. When one of Glenlyon's warships is blown apart trying to break the blockade that has isolated the world from the rest of human colonized space, only the destroyer *Saber* remains to defend it from another attack. Geary's decision to take *Saber* to the nearby star Kosatka to safeguard a diplomatic mission is a risky interpretation of his orders; to say the least, Kosatka has been fighting a growing threat from so-called rebels who are actually soldiers from aggressive colonies. When a peacekeeping force carrying thousands of enemy soldiers arrives in Kosatka's star system, the people of that world, including Lochan Nakamura and former Red Carmen Ochoa, face an apparently hopeless battle to retain their freedom. It's said that the best defense is a good offense. But even if a bold and risky move succeeds, Geary and Darcy may not survive it. **Defiant** Dave Bara, 2017-01-03

With his critically acclaimed military science fiction debut series, Dave Bara launched readers on a star-spanning journey of discovery, diplomacy, and danger. Peter Cochrane and his new wife Karina have been married less than a year. And although things have been quiet in relation to the old Empire during that time, they're about to get a lot hotter. Peter and Karina have embarked on a diplomatic mission to Sandosa, an old ally of Pendax, the newest member of the Union. But during their mission, the government of Sandosa attacks Peter's new command, *Defiant*, and tries to assassinate Karina. And him? Peter responds: the only way he can, with all the power at his disposal, to protect both his wife and *Defiant*. Then suddenly, *Defiant* is called away to Skondar, where Peter's old flame Dobrina Kierkopf and her new ship *Impulse II* have come under attack by the Butcher of Carinthia, Prince Arin. Though *Defiant* chases away the prince, it is not before some pretty devastating events have occurred. And soon Peter finds himself racing toward the mysterious world of Altos, where he discovers an unpleasant truth about the Union's allies: the Historians of Earth. Each encounter with Arin and his allies leaves Peter and the Union Navy fleet reeling, even as they continue to pursue this elusive enemy. But all of this can only have one conclusion: a final confrontation in which Peter and Arin will battle over
