An Unspeakable Sadness David J. Wishart,1995-06-01 Of all the interactions between American Indians and Euro Americans none was as fundamental as the acquisition of the indigenous peoples lands To Euro Americans this takeover of lands was seen as a natural right an evolution to a higher use to American Indians the loss of homelands was a tragedy involving also a loss of subsistence a loss of history and a loss of identity Historical geographer David J Wishart tells the story of the dispossession process as it affected the Nebraska Indians Otoe Missouria Ponca Omaha and Pawnee over the course of the nineteenth century Working from primary documents and including American Indian voices Wishart analyzes the spatial and ecological repercussions of dispossession Maps give the spatial context of dispossession showing how Indian societies were restricted to ever smaller territories where American policies of social control were applied with increasing intensity

Graphs of population loss serve as reference lines for the narrative charting the declining standards of living over the century of dispossession Care is taken to support conclusions with empirical evidence including for example specific details of how much the Indians were paid for their lands The story is told in a language that is free from jargon and is accessible to a general audience **New York Magazine** ,1984-10-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Comics Values Annual, 1999 Alex G.
