A glowing sword is the central focus, held diagonally across the frame. The blade is bright and emits a soft light, while the hilt is dark. The background is a dark, atmospheric garden at night. A large, leafy tree is on the left, and a stone path leads into the distance. In the background, there are stone pillars and a building. The overall mood is mysterious and magical.

The result is a complete overview of early black figure Attic production enabling an afresh archaeological approach to late seventh and early sixth century Attic society
