divdiv There is a hunger for conspiracy news in America Hundreds of Internet websites magazines newsletters even entire publishing houses disseminate information on invisible enemies and their secret activities subversions and coverups Those who suspect conspiracies behind events in the news the crash of TWA Flight 800 the death of Marilyn Monroe join generations of Americans from the colonial period to the present day who have entertained visions of vast plots In this enthralling book Robert Goldberg focuses on five major conspiracy

theories of the past half century examining how they became widely popular in the United States and why they have remained so In the post World War II decades conspiracy theories have become more numerous more commonly believed and more deeply embedded in our culture Goldberg contends He investigates conspiracy theories regarding the Roswell UFO incident the Communist threat the rise of the Antichrist the assassination of President John Kennedy and the Jewish plot against black America in each case taking historical social and political environments into account Conspiracy theories are not merely the products of a lunatic fringe the author shows Rather paranoid rhetoric and thinking are disturbingly central in America today With media validation and dissemination of conspiracy ideas and federal government behavior that damages public confidence and faith the ground is fertile for conspiracy thinking DIV DIV *A Nation Can Rise No Higher Than Its Women* Bayyinah S. Jeffries, 2014-04-04 *A Nation Can Rise No Higher Than Its Women* African American Muslim Women in the Movement for Black Self Determination 1950 1975 challenges traditional notions and interpretations of African American particularly women who joined the Original Nation of Islam during the Civil Rights Black Power era This book is the first major investigation of the subject that engages a wide scope of women from The Nation and utilizes a wealth of primary documents and personal interviews to reveal the importance of women in this community Jeffries reveals that women were respected in the movement and maintained a very clear and often sought after voice in the advancement of the Original Nation of Islam *A Nation Can Rise No Higher Than Its Women* replaces the typical portrait of the subservient and irrelevant African American Muslim woman with a far more accurate picture of their integral leadership and substantial contributions to the rise of Islam and black consciousness in the self determination movement in the United States and beyond during the Civil Rights Black Power era **Bibliography of African American Leadership** Cedric Johnson, Ronald W.
