## **Love And Eugenics In The Late Nineteenth Century Rational Reproduction And The New Woman:**

Love and Eugenics in the Late Nineteenth Century Angelique Richardson, 2003 The idea of eugenics human selective breeding originated in Victorian Britain in response to the urban poor Darwin's evolutionary theory had laid the foundations for eugenics replacing paradise with primordial slime Man had not fallen from Grace but risen from the swamps And as architect of his own destiny he might rise still further Eugenics was developed by Darwin's cousin Francis Galton in the 1860s Embracing the idea of evolution eugenists argued that through the judicious control of human reproduction and the numerical increase of the middle class Britain's supremacy in the world could be maintained Born and bred among the competitive Victorian middle class eugenics was a biologicistic discourse on class Aiming at racial improvement by altering the balance of class in society it was Galton argued practical Darwinism Eugenics found its most sustained expression in fiction and the periodical press and was central to late nineteenth century ideas on social progress forming part of the debate between hereditarians and environmentalists that peaked in the closing years of the century Even Gladstone had his vital statistics measured in Galton's eugenic laboratory Among the champions of eugenics were social purity feminists and New Women writers such as George Egerton Ellice Hopkins and Sarah Grand who argued that women were naturally biologically moral and that through rational reproduction middle class women could regenerate the British imperial race The New Woman has been the subject of numerous recent critical works However the oppressive ideas that coexisted with the emancipatory theories of some New Women ideas that were supremely class conscious remain largely unexamined as the focus remains on her more progressive aspects Love and Eugenics in the Late Nineteenth Century recontextualizes New Woman writers demonstrating that they were as concerned with the questions of poverty sickness and health as they were with the changing role of women the issue for which they are currently generally known and celebrated Focusing on fiction and the press and drawing on the papers and published work of Galton and other eugenists Angelique Richardson reveals the cultural pervasiveness of eugenics and explores for the first time the intimate relations between early feminism and eugenics and making a radical contribution to nineteenth century studies **The New Woman and the Empire** Iveta Jusová, 2005

Literature and Science Martin Willis, 2014-12-01 This Guide introduces literature and science as a vibrant field of critical study that is increasingly influencing both university curricula and future areas of investigation Martin Willis explores the development of the genre and its surrounding criticism from the early modern period to the present day focusing on key texts topics and debates The Oxford Handbook of the History of Eugenics Alison Bashford, Philippa Levine, 2010-09-24 Philippa Levine is the Mary Helen Thompson Centennial Professor in the Humanities at the University of Texas at Austin Her books include *Prostitution Race and Politics Policing Venereal Disease in the British Empire* and *The British Empire Sunrise to Sunset* **The Oxford Handbook of the Victorian Novel** Lisa Rodensky, 2013-07-11 Much has been written about the Victorian novel and for good reason The cultural power it exerted and to some extent still exerts is beyond question The

Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics the novel and science the Victorian Bildungsroman as well as essays on topics often overlooked the novel and classics the novel and the OED the novel and allusion Manifesting the increasing interdisciplinarity of Victorian studies its essays situate the novel within a complex network of relations among for instance readers editors reviewers and the novelists themselves or among different cultural pressures the religious the commercial the legal The handbook's essays also build on recent bibliographic work of remarkable scope and detail responding to the growing attention to print culture With a detailed introduction and 36 newly commissioned chapters by leading and emerging scholars beginning with Peter Garside's examination of the early nineteenth century novel and ending with two essays proposing the last Victorian novel the handbook attends to the major themes in Victorian scholarship while at the same time creating new possibilities for further research Balancing breadth and depth the clearly written nonjargon laden essays provide readers with overviews as well as original scholarship an approach which will serve advanced undergraduates graduate students and established scholars As the Victorians get further away from us our versions of their culture and its novel inevitably change this Handbook offers fresh explorations of the novel that teach us about this genre its culture and by extension our own
