### **Love Crimes Unrated Edition 199:**

**Framing Female Lawyers** Cynthia Anne Barto Lucia, 2005-06-01 The book asks important questions about the seemingly taken for granted quality of feminist perspectives on gender and work about the ways in which both the codes of law and those of genre frame the female lawyer and about the persistence of anxious constructions of successful women Cineaste This book shows how the professional woman of popular film has so often been given a half measure of authority and agency in narratives which though they may register patriarchal crisis are also deeply dedicated to patriarchal restoration Lucia convincingly illustrates how the female lawyer's status as a figure with access to the public sphere and to the law most often necessitates that she herself will be interrogated and put on trial Diane Negra University of East Anglia author of *Off White Hollywood American Culture and Ethnic Female Stardom* As real women increasingly entered the professions from the 1970s onward their cinematic counterparts followed suit Women lawyers in particular were the protagonists of many Hollywood films of the Reagan Bush era serving as a kind of shorthand reference any time a script needed a powerful career woman Yet a close viewing of these films reveals contradictions and anxieties that belie the films' apparent acceptance of women's professional roles In film after film the woman lawyer herself effectively ends up on trial for violating norms of femininity and patriarchal authority In this book Cynthia Lucia offers a sustained analysis of women lawyer films as a genre and as a site where other genres including film noir maternal melodrama thrillers action romance and romantic comedy intersect She traces Hollywood representations of female lawyers through close readings of films from the 1949 *Adam's Rib* through films of the 1980s and 1990s including *Jagged Edge* *The Accused* and *The Client* among others She also examines several key male lawyer films and two independent films *Lizzie Borden's Love Crimes* and *Susan Streitfeld's Female Perversions* Lucia convincingly demonstrates that making movies about women lawyers and the law provides unusually fertile ground for exploring patriarchy in crisis This she argues is the cultural stimulus that prompts filmmakers to create stories about powerful women that simultaneously question and undermine women's right to wield authority

The Monastic Footprint in Post-Reformation Movements Kenneth C. Carveley, 2022-04-19 This book examines the influence of the monastic tradition beyond the Reformation Where the built monastic environment had been dissolved desire for the spiritual benefits of monastic living still echoed within theological and spiritual writing of the seventeenth and eighteenth centuries as a virtual exegetical template The volume considers how the writings of monastic authors were appropriated in post Reformation movements by those seeking a more fervent spiritual life and how the concept of an internal cloister of monastic ascetic spirituality influenced several Anglican writers during the Restoration There is a careful examination of the monastic influence upon the Wesleys and the foundation and rise of Methodism Drawing on a range of primary sources the book will be of particular interest to scholars of monastic and Methodist history and to those engaged in researching ecclesiology and in ecumenical dialogues

*Criminology Goes to the Movies* Nicole Hahn Rafter, Michelle Brown, 2011 From a look at classics like Psycho and Double Indemnity to recent films like Traffic and Thelma Louise Nicole Rafter and Michelle Brown show that criminological theory is produced not only in the academy through

scholarly research but also in popular culture through film *Criminology Goes to the Movies* connects with ways in which students are already thinking criminologically through engagements with popular culture encouraging them to use the everyday world as a vehicle for theorizing and understanding both crime and perceptions of criminality The first work to bring a systematic and sophisticated criminological perspective to bear on crime films Rafter and Brown s book provides a fresh way of looking at cinema using the concepts and analytical tools of criminology to uncover previously unnoticed meanings in film ultimately making the study of criminological theory more engaging and effective for students while simultaneously demonstrating how theories of crime circulate in our mass mediated worlds The result is an illuminating new way of seeing movies and a delightful way of learning about criminology
