Love Judy Letters Of Hope And Healing For Women With Breast Cancer

Carmen Renee Berry, Tamara Traeder

Love Judy Letters Of Hope And Healing For Women With Breast Cancer:

Love, Judy Judy Hart, 2008-09-01 Warm supportive and uplifting this book combines Judy Hart's own story as a survivor of two breast cancers with a variety of self support techniques to encourage healing. It is an invaluable resource for breast cancer patients, families and friends as well as nurses, doctors, psychologists and cancer patient support groups. Judy Hart teaches writing workshops for cancer patients and survivors and is a spokesperson for breast cancer in Northern California. Her book has been praised for providing a resourceful, loving model of how to focus on living and feeling deeply during challenging life experiences such as cancer. If I had a friend facing breast cancer, this is the book I would give her. Love, Judy

Judy Judy Hart, 1993-01-01 An invaluable resource for breast cancer patients, family, friends as well as nurses, doctors, psychologists and cancer support group leaders. Hart's personal story of successfully battling cancer helps readers develop their own best resources by offering a wide variety of healing attitudes, techniques and suggestions. **No Less a Woman**

Deborah Hobler Kahane, 1995-09-27 Addresses the emotional and psychological issues that face women with breast cancer, especially those who lose one of their breasts to the disease. Covers femininity, sexuality, intimacy and more. **Speaking to Silence**

Janet S. Peterman, 2007-01-01 Janet Peterman presents a variety of healing and comforting rituals that can be used in situations that are likely to be encountered in congregations but yet are not typically treated in standard liturgies. Peterman offers her reflections on the significance of rituals and includes a broad spectrum of rituals for personal use for life in the home or at church for use in the wider community or for help in leading to transformation. She concludes by describing a seven step process for creating new rituals and suggests ways to adapt existing worship materials for use in new settings. This much needed resource will help pastors and lay leaders develop their own skills and insights for creating liturgies and rituals that provide relief, healing and support for those in congregations who are faced with critical and life altering situations. **Dr. Susan Love's Breast Book**

Susan M. Love, 2000-09-20 The landscape of breast cancer has changed. New non-invasive diagnostic techniques, new knowledge about prevention, new genetics, new treatments, new alternative and complementary resources are beginning to turn breast cancer into a chronic and perhaps preventable disease. Dr. Susan Love, whose earlier work has won the trust of women all over this country and abroad, has entirely revised her indispensable guide to reflect the very latest information. Readers of Dr. Susan Love's Breast Book will learn of the recent breakthroughs in genetic research, of Dr. Love's own work in developing a less invasive and highly accurate diagnostic technique, of the latest studies into preventive measures such as tamoxifen and dietary strategies and of promising outcomes from new treatments for metastatic cancer. In the same warm, supportive and often delightfully candid tone that has brought confidence to millions of women, Dr. Love helps each reader plan her own path through diagnosis, treatment options and the changing world of HMOs and insurance. She also offers sound advice about combining alternative self care with topnotch medical help.
