Love In Idleness:

Love in Idleness Amanda Craig, 2007-12-18 In her delightful reimagining of A Midsummer's Night Dream Amanda Craig slyly serves up a witty cross cultural farce a modern day tale of love and lies set against the magical landscape of Tuscany When Theo a workaholic lawyer his English wife Polly and their two children rent an idyllic Italian villa they expect a relaxing summer holiday together Polly with her loved ones romantic interests at heart has invited an eccentric mix of friends and family along including three eligible bachelors a former model an Indian British divorcee with a young son and her own appalling mother in law They soon discover the Casa Luna is a strange enchanted place where people find their heart's desire but at a price Everyone falls in love though not with the people they expect and the results are surprising and hilarious

The creed of Athanasius** Emanuel Swedenborg, 1915 **The Concept of Love in Shakespeare's "A Midsummer Night's Dream"** Clarissa Benning, 2016-06-16 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2.0 University of Bonn language English abstract William Shakespeare is one of the most important English authors his plays are well known today although he lived in the 16th century Especially his love dramas enjoy great popularity This paper deals with his comedy A Midsummer Night's Dream Nearly everybody knows the famous sentence Lysander says to Hermia The course of true love never did run smooth MND I i 134 Love is the main theme in this play and this sentence mirrors the love between the four Athenian lovers very well The flower love in idleness screws up the whole love constellation as well as Egeus Hermia's father who does not allow his daughter to marry the man she loves Throughout the play love is presented with a huge range of metaphors and it acquires new shapes It is notable that those metaphors who describe the love in the play are metaphors of nature The moon the image of inconstancy is often used to show the inconstancy of love between the four Athenian lovers caused by the magic flower Furthermore love is linked to the eyes but it is misleading however to conclude that there is a simple association between love and beauty just because the eyes are linked to love Besides Shakespeare shows the power of love between the protagonists Love is not only a feeling it changes the perception *The angel in the house. The victories of love* Coventry Patmore, 1890 **God in Shakspeare** Charles Downing, 1890 **The Apocalypse Explained According to the Spiritual Sense** Emanuel Swedenborg, 1897 **The angel in the house. power of Shakespeare lies in his evidently conscious knowledge skill and understanding of how to work with the alchemical potential in the human soul in the crafting of his plays Each play is made as an exquisitely unique transformative device for the education of the soul Books carry on conversations across the thresholds of time and space writes Josie Alwyn in her introduction This book is the fruit of her conversation with Brien Masters a collaboration that began more than twenty years ago when she was learning to be a Waldorf teacher They open their discussions with the broader theme of the role and mission of drama in human development before focusing on the central topic the potential for metamorphosis inherent in Shakespeare s plays This creative birth giving transformative essence of Shakespeare the esoteric core of his work is vitally important to our times they suggest and contributes to the ongoing cultural education of the human soul Published to commemorate the 400th anniversary of Shakespeare s death Educating the Soul offers an overview of Shakespeare s journey as a playwright in the context of evolving human consciousness The heart of the book features nine essays on Shakespeare s most performed plays Just as the middle act of a Shakespearian drama gives a point of transformation so these essays represent the central unfolding dialogue that took place between the writers as the book developed This section is followed by an in depth study of Hamlet that sees the story as a learning process deeply strengthened by the primary character s own education and changing consciousness Finally the book explores the theme of transformation through The Tempest and in relation to the archetypal tree of life Accessible to all the motifs of the various chapters in this book are woven lightly together enabling the reader to follow the contents in sequence or to dip in and pick up the threads at any point
