Matibe A Second Life:

To the Friend Who Did Not Save My Life Herve Guibert, 2020-05-26 A novel that describes with devastating darkly comic clarity its narrator's experience of being diagnosed with AIDS First published by Gallimard in 1990 To the Friend Who Did Not Save My Life describes with devastating darkly comic clarity its narrator's experience of being diagnosed with AIDS Guibert chronicles three months in the penultimate year of the narrator's life as in the wake of his friend Muzil's death he goes from one quack doctor to another describing the progression of the disease and recording the reactions of his many friends The novel scandalized the French media which quickly identified Muzil as Guibert's close friend Michel Foucault To the Friend became a bestseller and Guibert a celebrity Guibert continued to document the daily experiences of his body in a series of novels and diaries mostly published posthumously To the Friend has since attained a cult following for its intimate and candid tone its fragmented and slippery form As Edmund White observed Guibert's very taste for the grotesque this compulsion to offend finally affords him the necessary rhetorical panache to convey the full exhilarating horror of his predicament In his struggle to piece together a language suited to his suffering Herv Guibert catapulted himself into notoriety and sealed his reputation for uncompromising transgressive prose
