Matriarchs, Goddesses, and Images of God Susanne Heine, 1989 Helpmates, Harlots, and Heroes, Second Edition

Alice Ogden Bellis, 2007-07-03 This best selling book now revised and updated shares the work of many feminist biblical scholars who have examined women's stories for several years. These stories are powerful accounts of women in the Old Testament stories that have profoundly affected how women understand themselves as well as men's perception of them. Here Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century which renders a vast amount of refreshing, exciting, sometimes disturbing material. **The Goddess Revival** Aida Besancon Spencer, Donna F.G. Hailson, Catherine Clark Kroeger, William David Spencer, 2010-09-01 The Goddess Revival is a Christianity Today Book Award Winner 1996. All of the authors are clearly sympathetic to the problems women have faced in the church throughout its history. They empathize with women who shun the patriarchal oppression of their churches to turn to goddess spirituality. They are also solidly grounded in the Scriptures, Christian theology, and church history. They recognize the bondage imposed by goddess worship. This book presents a scholarly and clear consideration of the issues involved and builds a strong case for Christianity as the most woman-friendly alternative. While providing a comprehensive study of goddess spirituality and examining the roots of the movement, the authors focus primarily on God and the way people have understood God through the centuries in both paganism and the Judeo-Christian tradition as both male and female. They demonstrate how the uniqueness of God contrasts with the multiplicity of gods and goddesses in pagan spiritualities while comparing the values in both traditions that are similar. That is a search for what is good, inner empowerment, unity, positive social change. In the process of building a clear Christian theology, they gently counter the arguments of their pagan opponents. In the end, the reader is left with a glorious picture of the one true God and a clear apologetic for those in nursing who insist that the Christian God is too oppressive and patriarchal to merit our allegiance. The appendixes provide a powerful case study of a young woman drawn into witchcraft. She explains why it appealed to her, then how it enslaved her and destroyed her marriage and other relationships. The two final appendixes offer some excellent biblical studies on the issues raised in the book. The total package provides an outstanding resource. Journal of Christian Nursing Donald G. Bloesch Paul Maher, 2007 Donald G. Bloesch is among the most important American theologians of the 20th and early 21st centuries. He calls himself a Catholic evangelical, and indeed his appeal is as wide as those terms imply. His work has appeared in Catholic religious periodicals as well as many varieties of Protestant publications, both mainstream and lesser known. As a prolific author, Bloesch's writing is scattered across a large number of journals, many of which are difficult to access, and reviews of his work appear in an even larger range of forums. Donald G. Bloesch: A Research Bibliography collocates as many relevant resources on Bloesch's writing as possible. The book provides a chronological listing and description of each work written by Bloesch as well as reviews of Bloesch's writing. Each entry gives the title, publication details, and notes about the relationship

of the item described to other publications Several indexes are also included giving a checklist of books by Bloesch a checklist of books to which Bloesch has contributed and a list of book reviews that Bloesch has written about other authors Finally there is an alphabetical index of titles names and periodicals cited in the bibliography making this the most comprehensive resource available on Bloesch

Theology as an Ecclesial Discipline J Augustine Di Noia, 2024-07 The practice of theology depends in part on asking the right questions Not any sorts of questions not idle questions nor questions framed entirely by our own experience or the great issues of our times but good theological questions focus the mind of the inquirer on the endlessly intelligible self revelation of God to which the Sacred Scripture bears witness Our own questions and the great questions of our times have a place as long as they are purged of the ideological outlooks that can suppress or obscure the questions that the sacra pagina itself presses upon us Among the essays gathered in Theology as an Ecclesial Discipline the first set directs the reader s attention precisely to questions that trace the distinctive features of the nature of theology itself What are the principles and scope of the field of theology as practiced by believers in an ecclesial context Are historical critical methods of exegesis compatible with a properly theological interpretation of the Scriptures How can theology have a place in the academy as an intellectual discipline if the Magisterium seems to limit the scope of its inquiries The second part considers a range of questions that preoccupy contemporary Protestant and Catholic theologians Can the names Father Son and Holy Spirit be replaced by more inclusive titles in doctrine and liturgy By placing humanity at the center of theological investigation is Christian humanism distinct from secular humanism How can we be guilty of a sin committed by our first ancestors Can the Christian vision of procreative human sexuality survive the cultural onslaught of the sexual revolution The questions in the third part of this book arise from Catholic dialogue with non Christian religions or with other Christian communities or with conceptions of a cosmos in ecological crisis Is there a future for Catholic theology of religions How can people who do not believe in Christ be saved Is the cosmos a safe environment for human beings or alternatively how can the cosmos be protected from human depredation Can the concept of church stretch far enough to encompass Christian communities that see themselves as strictly local and independent bodies

The Greening of Protestant Thought Robert Booth Fowler, 2000-11-09 The Greening of Protestant Thought traces the increasing influence of environmentalism on

American Protestantism since the first Earth Day which took place in 1970 Robert Booth Fowler explores the extent to which ecological concerns permeate Protestant thought and examines contemporary controversies within and between mainline and fundamentalist Protestantism over the Bible's teachings about the environment Fowler explores the historical roots of environmentalism in Protestant thought including debates over God's relationship to nature and the significance of the current environmental crisis for the history of Christianity Although he argues that mainline Protestantism is becoming increasingly green he also examines the theological basis for many fundamentalists hostility toward the environmental movement In addition Fowler considers Protestantism's policy agendas for environmental change as well as the impact on mainline Protestant thinking of modern eco theologies process and creation theologies and ecofeminism [The Myth of Matriarchal Prehistory](#) Cynthia Eller, 2001-04-13 According to the myth of matriarchal prehistory men and women lived together peacefully before recorded history Society was centered around women with their mysterious life giving powers and they were honored as incarnations and priestesses of the Great Goddess Then a transformation occurred and men thereafter dominated society Given the universality of patriarchy in recorded history this vision is understandably appealing for many women But does it have any basis in fact And as a myth does it work for the good of women Cynthia Eller traces the emergence of the feminist matriarchal myth explicates its functions and examines the evidence for and against a matriarchal prehistory Finally she explains why this vision of peaceful woman centered prehistory is something feminists should be wary of

That We May Be Mutually Encouraged Kathy Ehrensperger, 2004-04-15 There has been a revolutionary shift of thinking in Pauline Studies fundamentally changing the image of Paul Postmodern literary criticism of Paul's epistles and sociorhetorical criticism of his letters has created a New Perspective approach to Pauline studies At the same time feminist criticism of the Pauline corpus has been growing Unfortunately there has been hardly any interaction and exchange of research results between these different strands of scholarship The result of this is that in Pauline studies scholars are hardly aware of feminist perspectives Similarly feminist interpretations of Paul not fully conversant with the most recent strands of Pauline research are often based on traditional images of Paul Ehrensperger's analysis of feminist commentaries on Paul thus contains a rather negative depiction of theological thinking However both strands of research feminist and those of the New Perspective provide fresh and illuminating insights that emphasize similar aspects from different perspectives Ehrensperger advocates a closer interaction between these two schools of Pauline studies She analyzes Romans 14-15 exploring the results of recent research in both Pauline schools Pauline studies from the New Perspective emphasize the Jewish context and texture of Paul's thinking She sets these in dialogue with feminist theology which focuses on issues of identity diversity and relationality Her study results in a perspective on Paul which views him as a significant dialogue partner in the search for a theology beyond anti-Semitism and misogyny beyond force and domination Kathy Ehrensperger studied theology at the Universities of Basel and Berne and was a pastor for sixteen years in Switzerland She is currently a Lecturer in New
