eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal

**Perspectives on the New Testament** Charles H. Talbert, 1985

**The Imago Dei** John T. Swann, 2017-07-07 The creation of humankind in the Image of God is perhaps the most foundational tenet of theological anthropology yet it is rarely understood in the fullness of what it represents Too often focus is placed on the divine image as a condition A study of the Scriptures suggests that it is better understood not as a condition but rather as a commission of humanity to a role specifically a priestly role This book delves into the recognition that the Image of God is nothing less than a divine commission over all of humanity to serve as priests within the temple of creation It examines not only the creation of humankind as a priesthood in the opening chapters of Genesis but also the echoes of this anthropological interpretation throughout the Scriptures and the resulting ramifications for future biblical and theological studies

The Variety and Unity of the Apostolic Witness to Christ Leonhard Goppelt, 1982-12 This is a print on demand book and is therefore non returnable This volume the second of a two volume work by Leonhard Goppelt represents the most mature and comprehensive thought of this German New Testament scholar Among German speaking scholars it is distinguished as rivaling if not replacing the monumental work on New Testament theology by Rudolf Bultmann One reason for this fundamental significance is that it attempts to reclaim a biblical theology that comprehends both Old and New Testaments As in the first volume Goppelt makes a thoroughgoing application of the most reliable tools and insights of New Testament scholarship And while he views his work as instructive dialogue between exegetical and systematic theology and seeks always to maintain a balance between historical research and theological understanding his goal is not simply to come to terms with the intent of the New Testament authors but to apply that knowledge in the context of present day realities Volume II treats a variety of apostolic witnesses to Christ the primitive Christian community Paul and the post Pauline writers Yet as the title indicates with all the richness and variety of the New Testament proclamation each of the witnesses expresses in various ways the apostolic kerygma That witness alone is the norm of Christian faith and life that is to be developed reflectively in the contemporary context Adding to the volume s usefulness are detailed bibliographies for each chapter subject indexes for both Volume I and II a literature supplement and a

list of the publications of Leonhard Goppelt

**F.F. Bruce: A Life** Timothy Grass,2011-04-01 Grass outlines the life of F F Bruce one of the most significant Evangelical scholars of the 20th century He does so with originality insight and a grasp of the implications for the church today Evangelicals have often wrestled with two problems the relation between academic theology and church life and the quest for recognition of their status as credible interpreters of the Bible Frederick Fyvie Bruce 1910 1990 was one of the most influential British biblical scholars of the 20th century and his career offers valuable insights into these issues as well as shedding light on the ways in which Evangelicalism was changing from the 1950s onwards This biography integrates discussion of his family life his activity as a member of the Open Brethren and his academic career Tim Grass argues that Bruce like his father was always something of an evangelist at heart

**Does Mark 16:9-20 Belong in the New Testament?** David W. Hester,2015-03-19 For almost fifty years much has been written concerning Mark 16 9 20 During the same time period evidence once counted against Mark 16 9 20 was shown to be otherwise In this study David W Hester surveys modern scholarship 1965 2011 surrounding the passage He examines the passage itself the external evidence with particular attention paid to the manuscripts and the patristics especially those of the second and third centuries and the internal evidence featuring details that are problematic as well as those that favor Markan authorship Finally a proposal concerning the origin of the passage is presented The first edition of Mark s Gospel ended at 16 8 resulting in the manuscript tradition that omits the passage but this was not his intended ending Later his associates attached Mark s notes and published a second edition of the Gospel with the last twelve verses This led to its inclusion Given that the passage is cited by second and third century witnesses and attributed to Mark along with the biblical prohibition against adding to or taking from Scripture it is doubtful that an anonymous second century author could have been successful in adding his own composition and it being widely accepted by the early church

**The Gospel of the Savior** Michael J. Kruger,2005 This volume is the first complete analysis of the apocryphal gospel fragment P Oxy 840 since its initial discovery nearly a century ago The various palaeographical and historical questions raised by this apocryphal story are examined particularly its descriptions of first century ritual purity practices and its relationship to early Jewish Christian communities

*The Lost World of the Torah* John H. Walton,J. Harvey Walton,2019-02-26 To modern eyes what we call the biblical law or Torah seems either odd beyond comprehension not eating lobster or positively reprehensible executing children Using a consistent methodology to look at the Torah through the lens of the ancient Near East Walton and Walton offer a restorative understanding that will have dramatic effects in interpreting the text and in discerning the significance of the Torah for today

**F. F. Bruce** Tim Grass,2012-01-09 This is the first ever full length biography of Frederick Fyvie Bruce 1910 1990 one of the most influential British biblical scholars of the twentieth century Over his lifetime F F Bruce authored some fifty books and nearly two thousand articles and reviews His career offers valuable insights into key issues that affected evangelicals from the 1950s

onwards including the relationship between academic theology and church life and the perception of evangelical scholarship within the academy at large

**Theologians of the Baptist Tradition** Timothy George, David S. Dockery, 2001-05-15 A resource for pastors students and teachers to discover Baptist contributions to Christianity's theological heritage

**The Trustworthiness of God** Paul Helm, Carl R. Trueman, 2002 For two millennia the church has affirmed and celebrated Scripture as the written word of God However in the twentieth century the doctrine of Scripture became the focus and flashpoint for division One legacy of those debates has been a reluctance to address the nature of Scripture This collection of essays seeks to re open dialogue on this fundamental tenet of the Christian faith by offering something of a prelude to a fresh approach to Scripture In particular these explorations seek to map out some implications of the fundamental link between the character of God as trustworthy and the trustworthiness of His word Following an introductory orientation the first two sections take soundings in selected texts from the Old and New Testaments The third section offers perspectives from church history and also grapples with aspects of the contemporary context and philosophical and epistemological issues Two responses to the main essays complete the collection None of the contributors wishes to articulate the discussion in terms of the categories of past controversies or pretends to offer an exhaustive analysis All however share the desire to engage their readers in constructive dialogue on this vital issue

**The Heresy of Orthodoxy (Foreword by I. Howard Marshall)** Andreas J. Köstenberger, Michael J. Kruger, 2010-06-09 Beginning with Walter Bauer in 1934 the denial of clear orthodoxy in early Christianity has shaped and largely defined modern New Testament criticism recently given new life through the work of spokesmen like Bart Ehrman Spreading from academia into mainstream media the suggestion that diversity of doctrine in the early church led to many competing orthodoxies is indicative of today's postmodern relativism Authors Köstenberger and Kruger engage Ehrman and others in this polemic against a dogged adherence to popular ideals of diversity Köstenberger and Kruger's accessible and careful scholarship not only counters the Bauer Thesis using its own terms but also engages overlooked evidence from the New Testament Their conclusions are drawn from analysis of the evidence of unity in the New Testament the formation and closing of the canon and the methodology and integrity of the recording and distribution of religious texts within the early church

**Miracle and Mission** James A. Kelhoffer, 2000 The Longer Ending of the Gospel of Mark Mark 16:9-20 was appended to the Gospel of Mark in the first half of the second century James A Kelhoffer explores this passage's distinct witness to the use of gospel traditions and the development of Christian thought Concerning the origin of this passage he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark He studies the passage's sometimes innovative literary forms as well Also of interest is the passage's claim that the ascended Lord will help those who believe to perform miraculous signs casting out demons speaking in new languages picking up snakes drinking poison with impunity and healing the sick when they preach the gospel verses 17-18-20 This expectation is compared with portraits of miracles especially in the context of mission in the New Testament various

apocryphal acts and Christian apologists of the second and third centuries In the two final chapters the author interprets the signs of picking up snakes verse 18a and drinking a deadly substance with impunity verse 18b in their history of religions contexts An Epilogue summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16 9 20

**The Promises of God** Kevin P. Conway, 2014-10-29 This study is the first to investigate why Paul makes exclusive use of epangelia for the divine pledge when referring to the Abrahamic covenant a usage of the term never found in the OT LXX After examining Jewish writings and Greek literature of the classical and Hellenistic periods this study demonstrates that Paul is rather unique in his exclusive use of the epangelia word group for the divine pledge and for using the term predominantly in reference to the Abrahamic promises This exclusive usage is further deemed unexpected in that the horkos and omnyimi lexemes are by far the terms most commonly associated with God s promises to Abraham in the OT the literature with which Paul was most familiar The study then moves to explain why Paul has chosen this path of discontinuity where it is argued that Paul s exclusive choice of epangelia for the divine promise is driven by its conceptual and linguistic correspondence with the euangelion one of the terms Paul adopted from the early church that forms the core of his ministry This conceptual word study of the divine promise will benefit Pauline scholars interested in Paul s use of the OT as well as his association of the euangelion and epangelia word groups
