Regulatory Reform Economic Analysis And British Experience:

Regulatory Reform Mark Armstrong, Simon Cowan, John Vickers, 1994 Tackles the important issue of how to regulate firms with market power Regulation of Economic Activity Mark Armstrong, Simon Cowan, John Vickers, 2014-05-13
Regulatory reform had its beginnings in the United States in the 1970s and today it is taking place around the globe One of the central questions for industrial policy is how to regulate firms with market power Regulatory Reform tackles this important policy issue in two parts it describes an analytical framework for studying the main issues in regulatory reform and then applies the analysis to the British experience in four utility industries telecommunications gas electricity and water supply Britain's utility industries state owned monopolies just ten years ago offer a dramatic example of comprehensive reforms with parallels elsewhere industries have been restructured markets have been liberalized and new regulatory methods and institutions have been created The authors focus on common policy questions that arise in each industry while taking into account the considerable diversity between the industries and the different reform policies adopted The analysis and experience in Britain's utility industries also provides a rich variety of issues concerning monopolistic and anticompetitive practices that are of interest for competition policy in general Regulation of Economic Activity series

Regulatory Reform and Competitiveness in Europe: Horizontal issues Giampaolo Galli, Jacques Pelkmans, 2000-01-01 Throughout the book the authors aim to show how the market can function more efficiently and offer policy recommendations to show how regulatory reform can improve competitiveness at the firm level as well as performance at the industry national and EU levels *Economic Regulation of Urban and Regional Airports* Peter Forsyth, Jürgen Müller, Hans-Martin Niemeier, Eric Pels, 2023-05-02 This book offers new insights into the theory and practice of economic airport regulation In light of recent developments in aviation markets and policy and the debate on airport regulation and benchmarking it offers case studies on various aspects of economic regulation of city and regional airports Written by experts in the field the volume features contributions on the theory of regulation and benchmarking as well as case studies on recent experiences in Europe and Latin America This book is divided into three parts Part I provides the theoretical background for the study of airport regulation and regulatory systems Competition at airports is discussed as are common forms of regulation and potential pitfalls Part II addresses benchmarking as benchmarking is often applied as an input to the regulatory process Although benchmarking is necessary reviews of how benchmarking is applied in the literature and in practice show that improvements can be made Part III provides case studies on real world examples Addressing the question of whether and how European airport regulators set incentives for efficiency and how benchmarking is used in the regulatory process this book is an important contribution to the development of the transport industry in Europe and Latin America It will appeal to scholars and students in transport economics regional economics and related fields as well as to practitioners and policy makers in the transport industry Regulating Infrastructure José A. Gómez-Ibáñez, 2003-09-15 This wide

ranging study of urban infrastructure offers a series of fascinating arguments in favor of market oriented approaches to regulation Times Higher Education Supplement In the 1980s and 90s many countries turned to the private sector to provide infrastructure and utilities such as gas telephones and highways with the idea that market based incentives would control costs and improve the quality of essential services But high profile failures have since raised troubling questions about privatization This book addresses one of the most vexing of these how can government fairly and effectively regulate natural monopolies those infrastructure and utility services whose technologies make competition impractical Mapping out various approaches to regulation Jos G mez Ib ez draws on a wealth of case studies as well as history politics and economics He makes a strong case for favoring market oriented and contractual approaches over those that grant more discretion to government regulators He shows how contracts can provide stronger protection for infrastructure customers and suppliers and greater opportunities to tailor services to their mutual advantage At the same time he highlights scenarios where alternative schemes may be needed

The Oxford Handbook of Regulation Robert Baldwin, Martin Cave, Martin Lodge, 2012-07-19 Regulation is often thought of as an activity that restricts behaviour and prevents the occurrence of certain undesirable activities but the influence of regulation can also be enabling or facilitative as when a market could potentially be chaotic if uncontrolled This Handbook provides a clear and authoritative discussion of the major trends and issues in regulation over the last thirty years together with an outline of prospective developments It brings together contributions from leading scholars from a range of disciplines and countries Each chapter offers a broad overview of key current issues and provides an analysis of different perspectives on those issues Experiences in different jurisdictions and insights from various disciplines are drawn upon and particular attention is paid to the challenges that are encountered when specific approaches are applied in practice Contributors develop their own distinctive arguments relating to the central issues in regulation and apply scholarly rigour and clear writing to matters of high policy relevance The essays are original accessible and agenda setting and the Handbook will be essential reading both to students and researchers and to with regulatory and regulated professionals

International Handbook on Privatization David Parker, David S. Saal, 2003-01-01 Privatization has dominated industrial restructuring programs since the 1980s and continues to do so This authoritative and accessible Handbook considers all aspects of this key issue including the theory of privatization privatization in transition developed and developing economies as well the economic regulation of privatized industries

Privatization, Restructuring, and Regulation of Network Utilities David M. G. Newbery, 1999 David Newbery argues that network utilities pose special problems of ownership and regulation

State Competence and Economic Growth in Japan Yoshiro Miwa, 2004-03-11 Yoshiro Miwa asks whether a state can correct market failures and in particular critically analyses the performance of the Japanese economy as a result of state intervention within it In order to examine the capacity of the state to promote growth Miwa examines the Japanese machine tool industry the government s role in promoting this sector and

government efforts to achieve growth in small and medium sized enterprises in Japan **International Investment Treaties and Arbitration Across Asia** Julien Chaisse, Luke Nottage, 2017-12-18 International Investment Treaties and Arbitration Across Asia brings together leading academics and practitioners to examine whether and how the Asian region has or may become a significant rule maker in contemporary international investment law and dispute resolution The editors introduce FDI trends and regulations investment treaties and arbitration across Asia Authors add country studies for the ten member states of the Association of Southeast Asian Nations as well as an overview of ASEAN treaties or examine other potential middle powers Korea Australia and New Zealand collectively and the emerging big players China Japan and India Two early chapters present econometric studies of treaty impact on FDI flows in aggregate as well as for Thailand while two concluding chapters offer other normative and forward looking perspectives
