Stone,2021-03-31 HE students rightly have high expectations of their lecturers and tutors As staff in HE adapt their teaching to fit the changing share of HE more support is needed This A Z guide is an essential resource to support those teaching in HE today to enhance their practice This text is a rich source of innovative approaches for learning and teaching in HE It addresses some common issues faced by lecturers in HE and includes case studies and practical suggestions for teaching The text takes a critical approach to exploring themes from different perspectives and highlights important and recent theory in the field This second edition includes more content on teaching and learning online a new chapter on decolonising the curriculum and many more updates throughout      Reflections on Identity Neil Hopkins,Carol Thompson,2024-01-01

This book seeks to extend perspectives on professional identity in education Chapters consider the notion of expertise the impact of managerial approaches the importance of communities of practice and the effects of increasingly marketised approaches By using narratives the book opens up a conversation about this important topic Educators and leaders from a variety of settings will explore their professional experiences and the impact these have had on forming values in the professional role By drawing on personal experience individual authors will consider some of the challenges they have encountered as part of identity formation The significance of organisational cultures is discussed throughout the book and explores the ways in which individual autonomy is both threatened and claimed Issues discussed include the frequent changes imposed through government initiatives and the social perception of education professionals when compared to other professional roles Contributions have been drawn from teachers and leaders in schools colleges universities and specialist training Chapter authors have a variety of experiences offering a multi perspective approach This will include strategic leadership operational management and classroom practice all of which offer insights of interest to educators at various points on the professional

journey The narrative approach adopted by authors provides the opportunity for readers to engage with others experiences enabling personal reflection on their own professional identity

**Quality Learning** Kathy Smith, John Loughran, 2017-04-13

When teachers are supported to work together in ways that allow them to deepen knowledge of their professional practice the understandings that emerge from their conversations about quality learning and teaching demonstrate a high level of expertise Yet such professional knowledge is often deeply embedded within each teacher s everyday teaching the tacit knowledge that determines how and why they attend to student learning in certain ways This book captures the professional knowledge of teachers that developed as the result of an ongoing process of school based change where teachers began to work differently because they began to think differently about the learning that mattered for their students in their school The explication of their knowledge of practice became possible due to the ongoing support they received from their school leadership in most part because leadership trusted them as professionals to responsibly lead student learning Within this culture of trust and valued collaboration working alongside external critical friends who supported their professional learning the teachers engaged in regular thought provoking and interactive professional dialogue Together they exposed and challenged each other s thinking and beliefs about learning and teaching captured and examined each other s practice and ultimately articulated and extended their professional knowledge The insights about this collaborative learning process and the emergent knowledge and understandings teachers develop about the interactive relationship between learning and teaching has much to contribute to educational discourse beyond the school setting Some of that knowledge and the way it looks in practice is shared in this book

International Handbook of Teacher Education John Loughran, Mary Lynn Hamilton, 2016-05-04
