paint a vivid portrait of the man and his motives Charles's legacy lies in his deeds and their continuing resonance as he shaped counties countries and continents founded and rebuilt towns and monasteries and consciously set himself up not just as King of the Franks but as the head of the renewed Roman Empire His successors in some ways even up to the present day have struggled to interpret misinterpret copy or subvert his legacy *The Computer Virus Desk Reference* Christopher V. H. Green,2006-11-23 Latin Epics of the New Testament is about the growth of Christianity and in particular the challenge of engaging with the Roman intellectual elite and its highly sophisticated Graeco Roman tradition In this culture epics like those of Vergil and Lucan were highly valued for their language their heroic themes and their Rome centred ideologies Roger Green examines each of these epics in detail showing how the three authors Juvenius Sedulius and Arator repackage the New Testament as epic and try to make a bridge between two very different cultures He explores the fascinating questions of how these authors exploit epic themes such as gods heroes war and fate without playing down the very real theological concerns of their times All these poets were popular in the Middle Ages and later and are the pioneers of poetry that leads to Renaissance epic and the famous poems of John Milton **An Introduction to the Articles of the Church of England** George Frederick Maclear,Watkin Wynn Williams,1895 **Studies in Dante: Scripture and classical authors in Dante** Edward Moore,1896 *Studies in Dante* Edward Moore,1896
