Gaurav Garg, First off let me start by saying congratulations By picking up this book you ve already taken the first step on an incredible journey A journey that I promise you is more exciting than finding money in your old coat pocket and more rewarding than finally mastering the art of parallel parking Now I know what you might be thinking Another self help book Isn t this just going to tell me to do yoga drink green smoothies and journal my feelings Well hold onto your skepticism my friend because this isn t your average run of the mill cookie cutter guide to inner peace This book is a rollercoaster ride through the landscape of human emotions but don t worry it s the kind of rollercoaster that s more exhilarating than terrifying and you won t need a barf bag though keep some tissues handy because we might hit you in the feels a few times What s In Store for You In the pages that follow we re going to embark on a grand adventure We ll traverse the peaks of joy wade through the valleys of sorrow and navigate the winding paths of everything in between Along the way we ll Explore the art of letting go spoiler alert it s not just about decluttering your closet Learn how to embrace change without feeling like you re free falling without a parachute Discover how to love yourself flaws and all yes even that weird thing you do when you re nervous Master the ninja like skills of emotional resilience And ultimately find a path to true emotional freedom no this doesn t mean you ll never feel sad again we re aiming for freedom not robotic indifference Who is This Book For This book is for you if You ve ever felt stuck like you re running on a hamster wheel of emotions You find yourself replaying arguments in your head coming up with perfect comebacks weeks too late Your emotional baggage is so heavy you d have to pay extra if emotions were airlines You want to feel more in control of your reactions instead of feeling like a puppet to your feelings You re ready for a change but the idea of change also makes you want to hide under your blanket You re curious about this whole emotional freedom thing but you re pretty sure it s just for monks and people who do yoga at 5am In other words this book is for humans Imperfect messy beautiful humans who are doing their best to navigate this wild ride we call life A Word of Warning Now I feel it s my duty to warn you this journey isn t always going to be easy There will be moments when you ll want to throw this book across the room please don t unless you re reading the e book version in which case throw away There will be times when you ll face uncomfortable truths about yourself You might cry You might laugh You might do both at

the same time and worry about your sanity But here s the thing that s all part of the process Growth isn t always comfortable but it s always worth it And I promise you the view from the other side is spectacular My Promise to You As we embark on this journey together here s what I promise you I will be honest with you even when it s uncomfortable I will challenge you but I will never leave you hanging I will share real practical strategies that you can apply in your everyday life I will respect your intelligence and won t sugar coat things I will do my best to make this journey not just enlightening but also enjoyable prepare for dad jokes and pop culture references Are You Ready So dear reader are you ready to embark on this adventure Are you ready to laugh to cry to grow and to discover a version of yourself that s freer and more authentically you than you ever thought possible

[The Resilience Machine](#) Jim Bohland, Simin Davoudi, Jennifer Lawrence, 2018-10-10 We live in a time where environmental pressures social inequities and political derision are the backdrop of everyday life and where resilience has become a routine prescription for coping with the conditions of modern existence Drawing an analogy to Harvey Molotch s urban growth machine this book explores different narratives of resilience and their policy and practice manifestations for cities citizens and communities It expands on the metaphor of the machine to show how resilience can be better understood as an assemblage Bringing together authors from multiple disciplines and different parts of the world the book unmasks the often invisible effects of resilience strategies by examining ways in which neoliberal mentalities are fed through the rhetoric of resilience practices policies and development projects The contributing essays provide provocative accounts of several areas of inquiry including biopolitics and smart bodies resilient cities and communities urban planning and disaster management justice and vulnerability and resistance to resilience Holding out hope for critical potentials in resilience The Resilience Machine proposes to move beyond mechanisms of adaptation and into imagining what resilient life could look like in a more just equitable and democratic world The Resilience Machine is a current vital addition to resilience community and urban scholarship
