United States Institute of Peace in Brief, 1989 *The United States Institute of Peace Journal*, 1992 *From Democracy and Aid to Arms Control*, 1992 *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 1997* United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies, 1996 *Weapons Proliferation in the 1990s* Brad Roberts, 1995 The proliferation of weapons of mass destruction has emerged as a major topic of international security in the post Cold War world This compendium of articles published in *The Washington Quarterly* between 1991 and 1995 describes the changing nature of the problem discusses new trends in nonproliferation and counterproliferation policy identifies new arms control challenges at the regional and global levels and concludes by addressing the global politics of proliferation *The Diplomatic Record* 1992/1993 Allan Goodman, 2019-05-28 The Diplomatic Record continues in its fourth year to offer the most comprehensive storehouse of current information available on international diplomatic relations including a look ahead to ongoing negotiations a chronology of diplomatic events for the year and a bibliography of current diplomacy related publications At the heart of every editi **Regional Powers and Small State Security** K. M. De Silva, 1995 Regional Powers and Small State Security recounts India s involvement in the affairs of its much smaller neighbor Sri Lanka over the question of Tamil separatists in the northern and eastern parts of the island **Engaging Geopolitics** Kathleen Braden, F.M. Shelley, 2014-09-11 Engaging Geopolitics provides a comprehensive introduction to the influence of geography demography and economics on politics and international relations in the world in which we live today The authors expressed aim is to make geopolitics more accessible to undergraduate students with the hope that the book will be an ideal starting pointing for those who will be moving vertically into more advanced courses in political geography or laterally into other concerns of international affairs *Democracies and Small Wars* Efraim Inbar, 2003-08-30 By their nature democracies clearly have greater constraints than autocratic regimes on their freedom of action as they have to meet constitutional legal and moral criteria in their use of force This collection analyses a number of case studies showing how democracies have won small wars **Nuclear Deterrence in Southern Asia** Arpit Rajain, 2005-05 This important and topical book examines the triangular relationship of China India and Pakistan through the prism of nuclear deterrence The author highlights the interplay and role of strategic culture nuclear weaponisation and deployment command and control arms control non state actors and foreign policy issues which affect relations between the three countries With two main purposes a conceptual investigation into the notion of deterrence and a study of the theory and practice of limited war this book addresses the strategic political and military dimensions of the role of nuclear weapons through examples of the only cases of nuclear weapon states having gone into armed conflict the Cuban missile crisis the Ussuri river clashes and the Kargil conflict discusses the various pressures exerted on decision makers in the context of the notions of deterrence the

rational deterrence model and a limited war under a nuclear umbrella evaluates all three countries with regard to their strategic culture the role of nuclear weapons in their military strategy the nature of public opinion and political rhetoric responses to the various arms control treaties and foreign policy choices Based on a variety of sources including interviews with key individuals in various sector this is the first book length study of the triangular relationship between China India and Pakistan Gray Area Phenomena Max G. Manwaring,2019-04-11 This book addresses the challenge of international narcotics control by applying the Manwaring paradigm The paradigm is the basis for an improved strategy and theory of engagement for weak governments of the developing world built around the concept of the gray area phenomenon The United Nations As a Dispute Settlement System Connie Peck,1996-05-23 This text reviews the preventive diplomacy of the United Nations suggesting that the Security Council is not well suited to the task What is needed it argues is a less political and more professional approach namely a larger and more autonomous role for the Secretary General and the development of a greater specialist capacity within the Secretariat The work gives appropriate weight to the importance of peace building both before and after conflict as an integral part of conflict prevention and the United Nations role therein **Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 1993** United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,1992 **Promoting Sustainable Democratic Consolidation in Sierra Leone** Abubakar Hassan Kargbo,2019-10-21 The Republic of Sierra Leone is situated along the West African Coast It is bounded on the north and north east by Guinea on the east and south by Liberia and on the West by the Atlantic Ocean Sierra Leone has a total land area of 72 000 km of which about 75% is cultivable According to the 2015 census it has a population of 7 092 113 million people In 2018 the country was divided into five regions including the Northern Northern Western Eastern and Southern provinces The provinces are further divided into sixteen districts and a total of 190 chiefdoms headed by Paramount chiefs Sierra Leone is characterized by favorable climate in terms of wet and dry seasons which makes it mainly suitable for agriculture production and the growing of different types of crops in the country as a whole Sierra Leone is suitable for cattle rearing groundnut and cashew nut farming particularly in the north the eastern region grows coffee and cacao and the south cacao ginger and piassava oil palm rice cassava and sweet potatoes all of which are grown in every part of the country The country has vast acres of arable land for agriculture production Apart from this agriculture potential Sierra Leone is very rich in natural resources such as diamonds gold iron ore bauxite rutile forest as well as marine resources etc most of these resources can be found in both south and east of the country and recent the north also has discovered some of these minerals such as bauxite and iron ore diamonds have also been discovered Sierra Leone is among the leading producers of Iron Ore Diamonds and Bauxite in the world **Stable Peace Among Nations** Arie M. Kacowicz,Yaacov Bar-Siman-Tov,Ole Elgström,Magnus Jerneck,2000-10-25 This book builds on the original conceptualization

of stable peace by Kenneth Boulding and adds contemporary theoretical and empirical understandings of its nature causes conditions dimensions and prospects for consolidation and expansion In original research fifteen international scholars assess the policy relevance of stable peace for the Middle East peace process and for the future of Europe **A Brief**

History Of The Future Allan E. Goodman,2019-03-04 This book provides a representation of a world in which none of us have lived and of its potential dynamics It looks at the interaction of tendencies such as democratization technological expansion regional integration and the obsolescence of war and discusses U S role in changing world order *Unveiling Dynamics, Legitimacy, and Governance in Contemporary States* Ryszard Ficek,2024-04-25 This book delves into the complex dynamics of legitimizing power in fragile states With five comprehensive chapters it analyzes the geopolitical domestic and international dimensions of fragile states The unique contribution lies in unraveling specific forms of legitimization linked to various types of state fragility providing a nuanced understanding The book distinguishes between temporary crises and chronic fragility crucial for shaping effective international support strategies It addresses the challenges and consequences of weak legitimacy on global security highlighting its impact on aid interventions and systemic stability The author's analysis emphasizes the diverse nature of political regimes in fragile states incorporating considerations of hybrid regimes Additionally it explores the dynamics of authoritarian enclaves at the sub state level revealing their potential national influence By scrutinizing the decline of trust in democratic systems the book addresses contemporary challenges making it a vital resource for understanding and navigating the complexities of fragile states political landscapes Sustainable Peace Connie Peck,1998 The end of the twentieth century saw the easing of East West tension but not the end of violent conflict_ especially within states There has been growing consensus that the international community needs to find more effective ways of preventing such internal conflicts This book argues that the most sustainable means of promoting peace within states is the development of good governance which can address the root causes of conflict and meet basic human security needs Good governance offers groups a voice in resolving grievances at an early stage before they grow into major problems safeguards human rights and promotes a fairer distribution of resources The author suggests that the focus of good international and regional governance should be the promotion of more effective national and local governance and she outlines the efforts of the United Nations regional organizations_ such as the Organization for Security and Cooperation in Europe the Organization of African Unity and the Organization of American States_ and NGOs such as the Carter Center The most successful approaches of these organizations could be applied through proposed Regional Centers for Sustainable Peace The Information Revolution and International Conflict Management Richard H. Solomon,1997 **States, Scarcity, and Civil Strife in the Developing World** Colin H. Kahl,2018-06-05 Over the past several decades civil and ethnic wars have undermined prospects for economic and political development destabilized entire regions of the globe and left millions dead *States Scarcity and Civil Strife in the Developing World* argues that demographic and environmental stress

the interactions among rapid population growth environmental degradation inequality and emerging scarcities of vital natural resources represents one important source of turmoil in today s world Kahl contends that this type of stress places enormous strains on both societies and governments in poor countries increasing their vulnerability to armed conflict He identifies two pathways whereby this process unfolds state failure and state exploitation State failure conflicts occur when population growth environmental degradation and resource inequality weaken the capacity legitimacy and cohesion of governments thereby expanding the opportunities and incentives for rebellion and intergroup violence State exploitation conflicts in contrast occur when political leaders themselves capitalize on the opportunities arising from population pressures natural resource scarcities and related social grievances to instigate violence that serves their parochial interests Drawing on a wide array of social science theory this book argues that demographically and environmentally induced conflicts are most likely to occur in countries that are deeply split along ethnic religious regional or class lines and which have highly exclusive and discriminatory political systems The empirical portion of the book evaluates the theoretical argument through in depth case studies of civil strife in the Philippines Kenya and numerous other countries The book concludes with an analysis of the challenges demographic and environmental change will pose to international security in the decades ahead
