

Restorative Justice

Theoretical Foundations

Restorative Justice is a process that aims to repair the harm caused by a crime, rather than focusing on punishing the offender. It involves the offender, the victim, and the community in a collaborative effort to address the needs of all parties involved.

Restorative Justice Theoretical Founda:

Restorative Justice: Theoretical foundations Elmar G. M. Weitekamp, Hans-Jürgen Kerner, 2012-12-06 This book brings together a selection of papers originally presented and discussed at the fourth international restorative justice conference held at the University of Tübingen. The contributors include many of the leading authorities in the field of restorative justice and they provide a comprehensive review of the theoretical foundations underlying this rapidly expanding movement. Restorative Justice: Theoretical foundations addresses a wide range of fundamental questions about restorative justice considering amongst other things ways in which conceptual pitfalls can be avoided and how traditional models of peacemaking and healing developed in traditional societies can be integrated into the justice systems of late modern societies. Overall it provides an authoritative overview of contemporary thinking about restorative justice and will be essential reading for anybody concerned with the future direction of criminal justice and criminal justice systems. Leading world authorities address the theoretical foundations of restorative justice, a rapidly expanding area within criminal justice. It includes chapters on restorative justice as applied to corporate crime, family violence and cases of extreme violence. *Restorative Justice: Theoretical Foundations* Elmar G. M. Weitekamp, Hans-Jürgen Kerner, 2012-12-06 This title explores the theoretical foundations of restorative justice. It looks at restorative justice philosophy and the ways in which models have been applied to adults, corporate crime, family violence and to cases of extreme violence. **Restorative Justice in Context** Elmar G. M. Weitekamp, Hans-Jürgen Kerner, 2011 *Handbook of Restorative Justice* Gerry Johnstone, Daniel Van Ness, 2013-01-11 This book provides a comprehensive and authoritative account and analysis of restorative justice, one of the most rapidly growing phenomena in the field of criminology and justice studies. This book aims to meet the need for a comprehensive, reliable and accessible overview of the subject. It draws together leading authorities on the subject from around the world in order to elucidate and discuss the key concepts and principles of restorative justice, explain how the campaign for restorative justice arose and developed into the influential social movement it is today, describe the variety of restorative justice practices, explain how they have developed in various places and contexts and critically examine their rationales and effects, identify and examine key tensions and issues within the restorative justice movement, bring a variety of disciplinary and interdisciplinary perspectives to bear upon the understanding and assessment of restorative justice. The Handbook of Restorative Justice is essential reading for students and practitioners in the field. *Criminal Justice Theory, Volume 26* Cecilia Chouhy, Joshua C. Cochran, Cheryl Lero Jonson, 2020-02-14 Criminal Justice Theory: Explanations and Effects undertakes a systematic study of theories of the criminal justice system which historically have received very little attention from scholars. This is a glaring omission given the risk of mass imprisonment, the increasing presence of police in inner city communities and the emergence of new policy initiatives aimed at improving the quality and effectiveness of the administration of justice. Fortunately, however, a number of disparate theoretical works have appeared that seek to provide

insight into the nature and impact of criminal justice Based on 13 original essays by influential scholars this volume pulls together the most significant of these perspectives thus creating a state of the art assessment of contemporary criminal justice theory Criminal justice theory can be divided into two main categories The first includes works that seek to explain the operation of the criminal justice system Most of these contributions have grappled with the core reality of American criminal justice its rising embrace of punitiveness and the growth of mass imprisonment The second category focuses on works that identify theories that have often guided efforts to reduce crime The issue here focuses mainly on the effects of certain theoretically guided criminal justice interventions The current volume is thus organized into these two categories explanations and effects The result is an innovative and comprehensive book that not only serves researchers by advancing scholarship but also is appropriate for advanced undergraduate or graduate classroom use **New Directions in**

Restorative Justice Elizabeth Elliott, Robert Gordon, 2013-06-17 This book is based on papers originally presented at the 6th International Conference on Restorative Justice in Vancouver It is concerned with several new areas of practice within restorative justice with sections on restorative justice and youth aboriginal justice and restorative justice victimization and restorative justice and evaluating restorative justice **Restorative Justice Today** Katherine S. van Wormer, Loren Walker, 2012-08-17 Restorative Justice Today Applications of Restorative Interventions takes a hard look at the issues and concepts surrounding restorative justice and current restorative practices used in a broad range of areas today In a time

when the cost of prisons and jails is on the rise resulting in more offenders being kept out of the community this timely and contemporary book exposes readers to a range of restorative practices that can be implemented The authors renowned experts in the area of restorative justice provide information not found in other restorative justice texts **Youth, Crime and Justice** Cyndi Banks, 2013-03-12 Youth Crime and Justice takes a critical issues approach to analyzing the current debates and issues in juvenile delinquency It encourages readers to adopt an analytical understanding encompassing not only juvenile crime but also the broader context within which the conditions of juvenile criminality occur Students are invited to explore the connections between social political economic and cultural conditions and juvenile crime This book engages with the key topics in the debate about juvenile justice and delinquency juvenile institutions delinquency theories gender and race youth and moral panic restorative justice youth culture and delinquency It clearly examines all the important comparative and transnational research studies for each topic Throughout appropriate qualitative studies are used to provide context and explain the theories in practice conveying a powerful sense of the experience of juvenile justice This accessible and innovative textbook will be an indispensable resource for senior undergraduates and postgraduates in criminology criminal justice and sociology **Whose Criminal Justice?** Katherine Doolin, 2011 The overarching theme of this book is the balance between the role of a central government in creating and shaping the regulatory framework of criminal justice and the potential for communities at a local level to become more involved in responding to crime and anti social behavior in their

midst These twin dynamics are explored in the two main sections of the book Through a series of UK case studies in Part I The Regulatory State the book examines how the central state has sought to address the risks and problems associated with crime and anti social behavior in modern times The case studies consider the new context for law and order which arose during the period and ask how and why new sanctions were put in place to regulate particular kinds of behavior They also highlight some of the unintended consequences notably the criminalization of more people In Part II Empowered

Communities as Stakeholders in Criminal Justice the book explores the potential for local communities
