Applying Your Faith Wallace Frazier,2014-01-13 Prospering in Hard Times by Applying Your Faith Receiving the Object of Your Faith by Wallace Frazier Prospering in Hard Times by Applying Your Faith explores the truth and knowledge imparted by religion from sources beyond that of the traditional reference Bible In this analysis of faith Wallace W Frazier breaks down and reviews the hierarchy of the multitude of celestial figures He describes a revelation of Christ Jesus of Nazareth unknown or at least unrevealed in traditional religious or sacred books In exploring lesser known spiritual personalities he de conditions the enlightened reader and truth seeker from the limited primitive and traditional concepts of faith and fills the void with a process of applying your faith that produces both spiritual and material fruit In this philosophical breakdown of faith and its history the author seeks to encourage enlighten and inspire the people brothers and sisters of humankind to receive the Spirit of Truth who is Christ Jesus since His ascension no longer one in the same with Christ Jesus of Nazareth Furthermore Prospering in Hard Times by Applying Your Faith exposes truths to be found and received outside the Bible and traditional religious organizations About the Author In 2001 Wallace W Frazier recognized that the Heavenly Father had a purpose for his life Mr Frazier was beginning to understand the processes by which faith is made effective He then began sharing this in his teaching and writing During many life changes and much prayer and meditation he engaged heavily into researching biblical histories His findings supported what he already perceived that many things in the Bible are indeed true while others are far from the truth Finally this research has been compiled and published Wallace is a native of Oklahoma where he continues to make his residence today with his wife of over 40 years He is a self employed writer and teacher Mr Frazier enjoys filling free time with reading researching gardening fishing and chess Other published works include A Casualty of War The War on Drugs The War Within and Providence The Journey The Discovery The Destination **Times of Spiritual Dryness** Joseph Musyimi Makato,2014-02 Intellectual turmoil and spiritual yearning for many years What about dissenting for Holy Spirit The divine power of God has given us freedom to choose Christ or the devil but God s will remains absolute and always comes first In God s divine providence our prayers are answered while his will remains intact but because of his constant love he can release the grace to guide us in all matters After researching and examining the reality of parents bringing up leadership I wish to share cogent information that there is a critical mass of parents trapped in

ignorance lacking vision and loving leadership Hence the youth are reliant on parents who may be destroying and breaking their hearts And yet the parents hearts are bleeding as the drugs cheap beer consumption and carefree mass commercialized sex practices take the toll on youths lives There is a dire desperation and the parents are turning in the drugs commercial sex and booking for money at whatever cost even involving evil rituals building partnership with the fallen angels and baying for blood to meet the set targets The problems are insurmountable since everything is shrouded by secrecy and a husband can buy several cars for a wife who lives to flatter life but does not know what is in store for her The evil prosperity is spreading very quickly as the brutal spirit of competition takes root and this is fueled by the powerful images of power wealth fame love and beauty found everywhere on the internet in advertising on TV shows and in print and electronic media *Broke* Glenn Beck, Kevin Balfe, 2010-10-26 Glenn Beck the New York Times bestselling author of *The Great Reset* showcases his distinctive humor in taking on the political landscape in his fight to fix America before it s too late As the most important presidential election in our history looms ask yourself Are America s finances in better shape than they were four years ago Or are we still **BROKE THE FACTS THE FUTURE THE FIGHT TO FIX AMERICA BEFORE IT S TOO LATE** Our nation is financially broke but that s just a side effect of our broken spirit our broken faith in government the broken promises by our leaders and a broken political system that has centralized power at the expense of individual rights How did we get into this mess Glenn Beck thinks the answer is pretty simple Because we ve turned our backs on the Constitution Few of us have ever seen the whole picture and politicians have done everything in their power to hide the truth *Broke* exposes what we re really facing and how to fix it Packed with great stories from history invaluable teachable moments and Glenn Beck s trademark combination of entertainment and enlightenment *Broke* makes the case that when you re traveling in the wrong direction slight course corrections won t cut it you need to take drastic action Through a return to individual rights an uncompromising adherence to the Constitution and a complete rethinking about the role of government in a free society Glenn exposes the idea of transformation for the progressive smokescreen that it is and instead builds a compelling case that restoration is the only way forward With this awareness it s much easier to develop a realistic plan for uniting all Americans around the concept of shared sacrifice After all this generation may not be asked to storm beaches but we are being asked to do something just as critical to preserving freedom *Restoring the Faith* Edith Waldvogel Blumhofer, 1993 American Pentecostalism began as a culturally isolated sect intent upon announcing the imminence of the world s end The sect s early millenarian fervor gradually became muted in favor of flag waving patriotism At the end of the twentieth century it has become an affluent worldwide movement thoroughly entrenched in popular culture Edith Blumhofer uses the Assemblies of God the largest classical Pentecostal denomination in the world as a lens through which to view the changing nature of Anglo Pentecostalism in the United States She illustrates how the original mission to proclaim the end resulted in the development of Bible schools the rise of the charismatic movement and the popularity of such figures as Aimee Semple McPherson Charles Fox Parham

and David Du Plessis Blumhofer also examines the sect's use of radio and television and the creation of a parallel Christian culture

Spiritual Restoration Skip Moen, 2008 Why is it so difficult to live the way the Bible teaches Why don't things work out when we try to be truly holy Why does the world give us so many problems If you've struggled with these kinds of questions there are answers Walk the path of Spiritual Restoration You will discover that our frustration and confusion often comes from our Greek worldview God has a completely different perspective but if we try to live with one foot in the Greek world and one foot in the Hebrew world we feel compartmentalized fragmented and defeated We have unconsciously worked against ourselves by trying to make God fit the Greek model All of that can change today Spiritual Restoration reveals the startling differences between these worldviews Now we can begin recovery and restoration where living the biblical worldview makes sense for what we need today Author teacher and consultant Skip Moen has five degrees including a Ph D from Oxford University With more than twenty five years of business entrepreneurial development Skip provides consulting that helps organizations align their leadership and operations with Biblical principles He is the Dean of the Department of Biblical Leadership at Master's International Divinity School and the author of Words to Lead By a study of Jesus leadership Skip achieved the American dream of independent wealth only to discover a life of pointless affluence God radically changed his direction exposing the myth of security in a Greek based culture Now he wants to recover the foundation of God's point of view for living Subscribers to his web site www.atgodstable.com receive a daily word study focused on personal application of the depth of God's word His articles on business ethics theology and personal commitment have appeared in many periodicals

Imparted Wisdom in Troubled Times Pastor Stephen Kyeyune, 2018-06-30 This book is written in the form of a devotional It consists of my minisermos as posted daily on social media It addresses the tussles we encounter daily It is good for spiritual maturity relationships and wisdom A devotional journal compared to a memoir should have some uplifting qualities and should be inspiring and illuminating That's what this book is intended to accomplish This book will help you discover your purpose for living and hence your divine destiny What you believe about God defines your life Losing sight of God causes us to lose who we are really are The Word is a prism through which we filter our changing self image God's primary goal is to change us so that we can see as He sees Christ Himself became wisdom from God to us in order for us the church to display the multifarious wisdom of God to the whole universe God may not fix everything broken in your life now but He is willing to renew your thinking so that you are able to think as He would have you think desire what He says is best and do what He calls you to do This book could be a viable clutch missing at your fingertips greatly needed in a culture in which post truth is the word of the year I mean today's culture where people are economical with the truth where people sweeten it or tell the truth improved

Restoring Faith Forrest Church, 2009-05-26 During the week following the terrorist attack on September 11 2001 Americans gathered in unprecedented numbers to seek comfort and guidance from their religious leaders Regardless of creed the same questions echoed from the pews Where can we find God amidst the rubble How can we answer hate with greater love Is there hope for peace or are the trumpets of Armageddon less distant than before These were the questions ministers priests imams and rabbis had to address from their pulpits Even as they spoke the soul map of our nation was being recharted The preachers daunting task was to bring hope and direction to a people newly lost Each of these sermons by some of America's greatest preachers is a testament of hope Collectively they rise to the spiritual challenge of our time

Testing Times: Globalisation and Investing Theology in East Africa Henry Settimba, 2009-03-05 The main topic of this book is the tendency among young people in East Africa to turn from the traditional Church towards new charismatic movements such as the Balokole which emphasise material over spiritual wealth The book will examine the reasons for this and its possible effects it will consider the implications for the Church and

possible action to take The book is divided into 9 chapters Chapter 1 gives an overview of the history of the Christian Church especially in the context of its commitment or otherwise to fighting poverty and other problems which have contributed to the rise of the Balokole Ideas on unity catholicity and holiness are discussed in relation to the Church's duties especially the Apostolic tradition of carrying on Christ's mission Chapter 2 turns to young people's views of the Church and its role It argues that love the basis of the Christian message must imply a practical duty of care and considers whether the Church's failure to offer real help is connected with young people's growing preference for non traditional religion It also looks at other problems such as family breakdown and unemployment which are facing young people Chapter 3 explores the Balokole movement and its links or mainly absence of links to established Churches Its similarity to American movements such as Word of Faith is considered and its message of prosperity teaching is examined As well as criticising Balokole distortion of Biblical messages about wealth and other matters the chapter praises the way it incorporates traditional African elements such as dance and music into its worship Should the traditional Church consider doing the same In Chapter 4 contextual theology is discussed particularly liberation theology This Latin American development is considered in the context of contemporary African problems including recent ethnic conflict widespread corruption and injustice It is argued that liberation theology a practical commitment to fighting poverty and injustice is both a Christian duty and the best way to prevent the further spread of movements like the Bakolole Chapter 5 returns to the American origins of the Bakolole movement and gives an overview of various scholars who have attacked the Word of Faith movement It uses this criticism of the often corrupt exploitative leaders of such movements as an opportunity to urge all leaders including Church leaders to reflect on and improve their own practice Chapter 6 looks at the plight of young people in East Africa It acknowledges the fact that the Bakolole have often given these people hope and a voice where all other institutions have failed them As neither their families nor their governments are able to help it is argued that the Church must fulfil its mission to serve as both family and community network even if this means abandoning its long standing habit of not getting involved in politics Chapter 7 identifies the root cause of many of the problems discussed in the previous chapter corruption It explores the way bribery nepotism and tribalism have poisoned East African political life undermined the rule of law and led to grave injustices such as the treatment of the Buganda people If this culture is to end the Church must take the lead and also root out corruption in its own ranks In Chapter 8 practical ways of applying liberation theology are discussed The chapter mentions worldwide organisations committed to fighting poverty with which the Church could work and looks at examples from recent history such as the anti apartheid struggle in South Africa It considers the various criticisms of liberation theology which have been made by conservative elements and refutes these looking at the Christian and Biblical roots of modern anti poverty movements The Church's role as the conscience of society is emphasised Chapter 9 considers what the Church will need to do in order to eradicate poverty and create a more just society It argues for careful selection of leaders in both religious and

political organisations and for regular scrutiny of their actions It reiterates the author s belief in the Church as the centre of the community with a responsibility in all areas of social and economic as well as spiritual life The book ends with a plea for the Church to take action to improve the lives of its members and prevent them from being exploited by unscrupulous forces

Dinnanauth,2016-07-08 People in the demonic spiritual and occultic realms know the power and understand the principles of demonic alters and household wickedness So they use these tactics of the demonic world to destroy innocent people that they don t like or hire to destroy Most evil priest that operates in household witchcraft and build demonic alters are hired and paid to destroy innocent people We see in the bible that the children of Israel had been prospering and walking in dominion They were possessing their possessions and doing well So a king hired an evil prophet to prophesy against them and curse them This prophet understanding spiritual things therefore prepared the perfect altar When he tried to curse God s people his altar did not work because sin was not found in the people of God This evil prophet did not give up He prepared a perfect altar two more times to carry his wicked schemes ANATOLIAN LANDSCAPE AND FAITH TOURISM: ANCIENT TIMES
