Paperbound Books in Print 1995 Reed Reference Publishing, Reference Reed, 1995-12 Bulletin of the Atomic Scientists, 1992-05 **Stability** Nathan Oates, 2021-09-07 What is the foundation of work that lasts As Christians in a hypermobile culture most of the time we talk about going and doing about the need for meaningful action service and pilgrimage Here we listen to a quieter call We consider the foundation the roots the bass note that place of origin from which the building rises and the fruit blooms and the music soars and all the action comes the place of stability This call is rooted in the being of God the faithfulness reliability and unchanging character of God Drawing from some of the best writings on Benedictine spirituality and from his personal experiences raising a family pastoring a church and spending time living with monks Nathan Oates offers a compelling invitation to find inner peace and stillness right where we are When faced with decisions to stay or go we rarely consider a beautiful challenging third option embracing the value of stability which is moving closer to the root Rather than pulling up our tents or simply enduring we can choose to press deeper into the core of the question to lean into the source of life the real need the true passion
