Understanding Art in Primary Schools Les Tickle,2014-01-14 Even the youngest children in primary schools are now required not only to make art but also to study it developing an understanding of the huge variety of art and craft from different times and places But how do teachers actually tackle this when most have not studied art themselves This collection brings together case studies to show how a variety of teachers have used one particular art collection as a focus for practical art Throughout the voices of the children involved show us how they react to their

encounters with art objects This wealth of first hand evidence and practical experience will benefit all teachers Using the Creative Arts for Transformational Learning Tessa Mendel,2015-04-21 Weaving together theory personal experience and a deep knowledge of the power of Art to transform individuals and communities Mendel has written a comprehensive and accessible book that fills the meaning and how to gap skirted by much of the current discourse around arts for social engagement and community arts Read this book Its pages will inspire and guide artists adult educators and activists to create meaningful arts based opportunities for personal and social change Terri Whetstone Artist and Executive Director 4Cs Foundation Nova Scotia Using the Creative Arts for Transformational Learning is a welcome new resource for all of us working in community engaged arts It expresses the difficulties and desires concerning the combination of personal and social political creative expression with a refreshing mix of subtle thought personal experience and hands on advice Tessa Mendel responds to matters at the heart of our work boldly asking a question that often gets side stepped how exactly does art making cause change In responding to this question she succeeds in the delicate task of offering a coherent analysis and approach that illuminates theory and assists practice without being prescriptive I know that I will be referring to citing and recommending this book for years to come and I m proud that Jumblies is able to help publish and promote it Ruth Howard Artistic Director Jumblies Theatre Toronto Part memoir part work book part theory part exercise guide this is a must read and must use book for any arts practitioner interested in personal and social change As a visual arts university instructor as an individual practicing visual artist and as a community arts facilitator I will be guided by the principles and deepening learning I found in this book Rose Adams Artist and Educator Foundation Faculty NSCAD University **Awakening the Slower Mind** Violet R. Bruce,2014-05-15 Awakening the Slower Mind deals with the education of and teaching special needs children More particularly this book concerns children in special schools for the educationally subnormal whom the author differentiates from the ineducable child The first part of this book discusses these children by noting conditions before and during their birth and the background environment of immigrant children and school transferees The second part of this text is a discussion on the educational system as to how it affects these children and discusses when the child with difficulties cannot keep up with his teachers with the other students and with the system In a highly industrialized country literacy becomes an important tool for communication By making these special students appreciate the value of using language properly through the teacher s efficient use of expressive arts and similar activities their personality can develop and grow to the point that they will learn to appreciate the value of learning appropriate and correct language skills The author points out that in this way these children will become functionally literate This book is recommended for school administrators for special learning institutions school counselors education majors pediatricians and parents of special needs children Aa is for Aesthetic (RLE Edu K) Peter Abbs,2012-05-16 This volume reaffirms the indispensable place of the arts in any coherent curriculum The author hopes that the specific arguments formulated in the book will advance the conservationist post

Modernist aesthetic **Education through the Arts for Well-Being and Community** Catherine Burke, Peter Cunningham, Lottie Hoare, 2020-12-30 Education through the Arts for Well Being and Community examines Sir Alec Clegg's distinctive contribution to education reform. Revisiting the significance of Clegg's principles for education in the 21st century, the book investigates the impact of his innovative approach to education and his advocacy of an arts-based curriculum to promote physical and mental health. The book explores a variety of perspectives on Clegg's working relationships, career, and achievements. Sir David Attenborough's foreword remembers his uncle Alec as a lively young teacher, and Sir Tim Brighouse considers Clegg as a model for his own leadership in educational reform. Eight authors in all bring a range of academic and professional insights to this study of an exceptional educationalist. Clegg's national influence as Chief Education Officer in Yorkshire and his impact on schools, teacher education, and wider communities through an integrated approach to the arts are richly illustrated in text and pictures. Two aspects of his work have particular topical relevance: Clegg's emphatic concern for children in distress and his encouragement of creativity through teacher education. This book will be of great interest for academics, scholars, and students in the field of the history of education, educational policy, and reform, and all concerned with the role of schools in young people's development. *Kropotkin, Read, and the Intellectual History of British Anarchism* M. Adams, 2015-06-04 Although marginal as a political force, anarchist ideas developed in Britain into a political tradition. This book explores this lost history, offering a new appraisal of the work of Kropotkin and Read and examining the ways in which they endeavoured to articulate a politics fit for the particular challenges of Britain's modern history. **Between Art Practice and Psychoanalysis: Mid-Twentieth Century** Beth Williamson, 2017-07-05 The work of mid-twentieth-century art theorist Anton Ehrenzweig is explored in this original and timely study. An analysis of the dynamic and invigorating intellectual influences, institutional framework, and legacy of his work, *Between Art Practice and Psychoanalysis* reveals the context within which Ehrenzweig worked, how that influenced him, and those artists with whom he worked closely. Beth Williamson looks to the writing of Melanie Klein, Marion Milner, Adrian Stokes, and others to elaborate Ehrenzweig's theory of art, a theory that extends beyond the visual arts to music. In this first full-length study on his work, including an inventory of his library, previously unexamined archival material and unseen artworks sit at the heart of a book that examines Ehrenzweig's working relationships with important British artists such as Bridget Riley, Eduardo Paolozzi, and other members of the Independent Group in London in the 1950s and 1960s. In Ehrenzweig's second book, *The Hidden Order of Art* (1967), his thinking on Jackson Pollock is important too. It was this book that inspired American artists Robert Rauschenberg and Robert Morris when they deployed his concept of de-differentiation. Here, Williamson offers new readings of process art c. 1970, showing how Ehrenzweig's aesthetic retains relevance beyond the immediate post-war era. **Reflections on Female and Trans* Masculinities and Other Queer Crossings** Nina Kane, Jude Woods, 2017-06-23 This collection of essays emerged out of the Agender conference and various queer cultural activities associated with the PoMoGaze project, Leeds Art Gallery.

2013 2015 PoMoGaze was a term created to promote queer co curatorial projects held at the gallery as part of Community Engagement activities and references PoMo as a shortening of Postmodern combined with Gaze as a play on words linking the act of looking with LGBT IQ activities The book presents many voices exploring themes of female and trans masculinities gender equality and the lives work and activism of LGBT IQ artists and thinkers It includes discussion of arts making cultural materials diverse identities contemporary queer politics and social histories and travels across time telling gender crossing stories of creative resistance Readers with an interest in the performing and visual arts literature philosophy and queer and gendered cultural readings with an intersectional emphasis will be stimulated by this eclectic and thought provoking collection

Adult Education and Cultural Development David Jones, 2018-11-13 Originally published in 1988 this book examines the concept of culture and the transmission of cultural values in relations to adult education It emphasizes the importance of perceiving culture as a social construct which is part of a specific value system and questions how cultural development is promoted or hindered by adult education It also describes a number of case studies from popular courses such as painting and pottery

Jungian Counseling and Play Therapy Rachel McRoberts, 2024-09-12 Jungian Counseling and Play Therapy is both an introduction to Jung's theory and a practical guide to Jungian informed practice Readers journey through the development of the mental health crisis of the digital age which Jung foresaw and are presented with solutions he suggested that are still being met with resistance despite compelling facts This book not only advocates for a more widespread integration of Jungian ideas into clinical practice but also for greater acknowledgement of the integrity creativity and intersecting identities of clients professional counselors and play therapists Integrating historical theory with contemporary research this book helps students to weave creative techniques into their online and in person clinical work This is an ideal text for a psychodynamic theory or methods class or to support counseling students and supervisors becoming interested in or familiar with the work of Carl Jung

The Adolescent Psyche Richard Frankel, 2023-06-30 In the classic edition of this outstanding book originally published in 1998 Richard Frankel explores adolescence as a crucial unique and turbulent period of human development He provides guidance for clinicians working with young people as they undergo significant transformations in the way they think act feel and perceive the world The book addresses how the disruptions manifest in adolescent behavior are upsetting and often incomprehensible to the adults surrounding them It seeks to revision the traumas extreme fantasies testing of limits etc so endemic to this period of life through the lens of the urge toward self realization This allows for new and creative ways of working with the intensely confusing and often extreme countertransference feelings that arise in our encounter with adolescents It offers ways of reflecting upon the vicissitudes of our own experience of being an adolescent that helps to unlock the typical impasses that occur in the stand off between adult and adolescent ways of seeing the world Through engagement with the work of Jung Hillman and Winnicott Frankel offers a critique of the traditional psychoanalytic understanding of adolescence as a recapitulation of childhood thus making a claim

for adolescence as a discrete developmental period with its own originary dynamics In this light he explores such topics as individuation persona shadow bodily idealistic and ideational awakenings as well as the effects of culture on development Featuring numerous clinical case studies and clear theoretical formulations this classic edition is important reading for psychotherapists analysts parents educators and anyone working with adolescents This classic edition also includes also includes a new extended introduction by the author that examines what effects the digital revolution is having on the contemporary experience of being an adolescent Looking back on this work nearly 25 years since its publication Frankel contends that the core themes of adolescence addressed in this book offer a compelling framework for comprehending both the positive and negative impacts of the digital on adolescent life **The Educational Imperative** Peter Abbs,2013-05-13 Written with both the cultural and moral crisis and the challenge of the future in mind Peter Abbs s book charts an open clear and positive way forward for education Divided into four sections the first examines the true and fitting ends of education and outlines a positive conception of education as an initiation into critical enquiry and the personal art of learning The two middle sections consider aesthetic education Abbs confronts government approaches to arts teaching and offers an alternative dynamic paradigm within which the creativity of the culture transmitted down the ages and the creativity of the individual seen as biologically given must be combined The outcome of this is explored in detail in relation to the teaching of literature creative writing and drama The final section offers critical appraisals of influential figures in the arts field Herbert Reid the late Peter Fuller and David Holbrook *Valuing and Educating Young People* Jeremy Harvey,2006 George Lyward had a gift for working with disturbed young people and the therapeutic community he ran earned an international reputation for its success in rehabilitating adolescents who were excluded from school This book explains his ideas on education and emotional development and shows how his methods are relevant to contemporary practice
