D. Keohane

Security In British Politics 1945 99:

Security in British Politics 1945-99 D. Keohane, 2000-08-21 Keohane examines the main British political parties attitude to Britain's policy on three key security issues namely the use of force nuclear weapons and security in Northern Ireland He analyses how each of the parties viewed conflicts at Suez the Falklands and the Gulf elucidates their perspective on nuclear weapons and concludes with a review of their attitude towards security in Northern Ireland The book finds the parties policies reflect their distinctive views on security while international conditions often severely affect the policy pursued

The Royal Navy in the Falklands Conflict and the Gulf War Alistair Finlan, 2004-06-01 This book suggests that institutional culture can account for a great deal of the activities and rationale of the Royal Navy War highlights the role of culture in military organizations and as such acts as a spotlight by which this phenomenon can be assessed separately and then in comparison in order to demonstrate the influence of institutional culture on strategy

The Labour Party and the world, volume 1 Rhiannon Vickers, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This is the first comprehensive study of the political ideology and history of the Labour Party's world view and foreign policy It argues that the development of Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism The first volume outlines and assesses the early development and evolution of Labour's world view It then follows the course of the Labour party's foreign policy during a tumultuous period on the international stage including the First World War the Russian Revolution the Spanish Civil War the build up to and violent reality of the Second World War and the start of the Cold War This highly readable book provides an excellent analysis of Labour's foreign policy during the period in which Labour experienced power for the first time An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

Blair's Britain, 1997-2007 Anthony Seldon, 2007-09-20 Tony Blair has dominated British political life for more than a decade Like Margaret Thatcher before him he has changed the terms of political debate and provoked as much condemnation as admiration At the end of his era in power this book presents a wide ranging overview of the achievements and failures of the Blair governments Bringing together Britain's most eminent academics and commentators on British politics and society it examines the effect of the Prime Minister and his administration on the machinery of government economic and social policy and foreign relations Combining serious scholarship with clarity and accessibility this book represents the authoritative verdict on the impact of the Blair years on British politics and society

Stories from small museums Fiona Candlin, Toby Butler, Jake Watts, 2022-11-29 During the late twentieth century the number of museums in the UK dramatically increased Typically small and independent the new museums concentrated on local history war and transport This book asks who founded them how and why In order to find out more Fiona Candlin a professor in museology and Toby Butler an expert oral historian travelled around the UK to meet the individuals families community groups and

special interest societies who established the museums The rich oral histories they collected provide a new account of recent museum history one that weaves together personal experience and social change while putting ordinary people at the heart of cultural production Combining academic rigour with a lively writing style *Stories from small museums* is essential reading for students and museum enthusiasts alike *International Crisis Management* Marc Houben, 2004-11-23 Over the past fifty years crisis management has become essential to achieving and maintaining national security This book offers a comparative analysis of the preconditions and constraints nine European states place on their participation in international crisis management operations and the important consequences of such decisions and provides a theoretical framework to help the reader understand this complex decision making process *The Iraq War and Democratic Politics* Alex Danchev, John MacMillan, 2004-11-10 This book examines the meaning of the 2003 Iraq war for democratic politics It shuns simplistic analysis and provides a nuanced and critical overview of this key moment in global politics **IBSS** Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **American Book Publishing Record**, 2000-07 **Politics and Policy Making in the UK** Paul Cairney, Sean Kippin, 2023-11-23 Over the past decade the UK has experienced major policy and policy making change This text examines this shifting political and policy landscape while also highlighting the features of UK politics that have endured Written by Paul Cairney and Sean Kippin leading voices in UK public policy and politics the book combines a focus on policy making theories and concepts with the exploration of key themes and events in UK politics including developing social policy in a post pandemic world governing post Brexit and the centrality of environmental policy The book equips students with a robust and up to date understanding of UK public policy and enables them to locate this within a broader theoretical framework *Allies of Convenience* Evan N. Resnick, 2019-08-06 Since its founding the United States has allied with unsavory dictatorships to thwart even more urgent security threats How well has the United States managed such alliances and what have been their consequences for its national security In this book Evan N Resnick examines the negotiating tables between the United States and its allies of convenience since World War II and sets forth a novel theory of alliance bargaining Resnick s neoclassical realist theory explains why U S leaders negotiate less effectively with unfriendly autocratic states than with friendly liberal ones Since policy makers struggle to mobilize domestic support for controversial alliances they seek to cast those allies in the most benign possible light Yet this strategy has the perverse result of weakening leverage in intra alliance disputes Resnick tests his theory on America s Cold War era alliances with China Pakistan and Iraq In all three cases otherwise hardline presidents bargained anemically on such pivotal issues as China s sales of ballistic missiles Pakistan s development of nuclear weapons and Iraq s sponsorship of international terrorism In contrast U S leaders are more inclined to bargain aggressively with democratic allies who do not provoke domestic opposition as occurred with the

United Kingdom during the Korean War An innovative work on a crucial and timely international relations topic Allies of Convenience explains why the United States has mismanaged these deals with the devil with deadly consequences **Royal Historical Society Annual Bibliography of British and Irish History** Austin Gee,2001-10-18 The Royal Historical Society's Annual Bibliography of British and Irish History provides a comprehensive and authoritative survey of books and articles published in a single calendar year It covers all periods of British and Irish history from Roman Britain to the end of the twentieth century and also includes a section on imperial and commonwealth history It is the most complete and up to date bibliography of its type and an indispensable tool for historians **British Exploitation of German Science and Technology, 1943-1949** Charlie Hall,2019-01-16 At the end of the Second World War Germany lay at the mercy of its occupiers all of whom launched programmes of scientific and technological exploitation Each occupying nation sought to bolster their own armories and industries with the spoils of war and Britain was no exception Shrouded in secrecy yet directed at the top levels of government and driven by ingenuity from across the civil service and armed forces Britain made exploitation a key priority By examining factories and laboratories confiscating prototypes and blueprints and interrogating and even recruiting German experts Britain sought to utilise the innovations of the last war to prepare for the next This ground breaking book tells the full story of British exploitation for the first time sheds new light on the legacies of the Second World War and contributes to histories of intelligence science warfare and power in the midst of the twentieth century
