Security The Middle East The Problem:

The Security of the Middle East Brookings Institution (États-Unis),1950 *The Security of the Middle East* Brookings Institution. International Studies Group,1950 The Future Security Environment in the Middle East Nora Bensahel,Daniel Byman,2004-03-12 This report identifies several important trends that are shaping regional security It examines traditional security concerns such as energy security and the proliferation of weapons of mass destruction as well as newer challenges posed by political reform economic reform civil military relations leadership change and the information revolution The report concludes by identifying the implications of these trends for U S foreign policy **The Security of the Middle East** ,1950 **The Middle East and American National Security** Donald M. Snow,2021-07-30 As a new administration reshapes American security policy a leading scholar of U S foreign relations and national security reviews the most critical problems facing the Middle East and the United States policy and actions to address them **Middle East Problems** United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on Near Eastern and South Asian Affairs,1977 The Security of the Middle East Brookings Institution, Washington, D.C. International Studies Group,1981

Middle East Strategic Problems United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on Near Eastern and South Asian Affairs,1977 **Regional Security in the Middle East** Pinar Bilgin,2004-09-09 This is an accessible yet critical analysis of regional security in the Middle East Using a non realist approach Bilgin provides a comprehensive study of the past present and future of security in the region She also considers the question of identity formation explaining how and why various regional representations came into being and explor **Security and the Middle East, the Problem and Its Solution** ,1954 The Middle East, Oil, and the U.S. National Security Policy Donald M. Snow,2016-03-17 Three interrelated subject areas are at the heart of the current foreign and national security dilemma One is the Middle East which has been the epicenter of most U S policy activity for over a third of a century The second is energy policy particularly as it is affected by the development and exploitation of shale oil and gas reserves in the United States This is linked to the Middle East because it has been American dependence on Middle East petroleum that has created the interest the U S has in this region The third area is military manpower policy and two simultaneous wars in the new century have raised questions about the all volunteer force policy in place since 1972 It is increasingly evident that foreign and defense policy are strained and in need of fresh conceptualization The three areas identified are the most obvious examples of policy dysfunction The key area is the Middle East region As long as the United States remains heavily committed to this part of the world especially with military force and essentially because of its energy needs there will be strains on manpower resources that could force a reexamination of the all volunteer concept At the same time the reduction of U S dependence on Middle Eastern oil loosens the bonds that seem to impel American activism in the region The result could be true opportunities for a less confrontational adversary driven foreign and defense posture **Routledge**

Handbook on Middle East Security Anders Jägerskog, Michael Schulz, Ashok Swain, 2019-02-11 Routledge Handbook on Middle East Security provides the first comprehensive look at Middle East security issues that includes both traditional and emerging security threats Taking a broad perspective on security the volume offers both analysis grounded in the hard military and state security discourse but also delves into the soft aspects of security employing a human security perspective As such the volume addresses imminent challenges to security such as the ones relating directly to the war in Syria but also the long term challenges The traditional security problems which are deep seated are at risk of being exacerbated also by a lack of focus on emerging vulnerabilities in the region While taking as a point of departure the prevalent security discourse the volume also goes beyond the traditional focus on military or state security and consider non traditional security challenges This book provides a state of the art review of research on the key challenges for security in the Middle East it will be a key resource for students and scholars interested in Security Studies International Relations Political Science and Middle Eastern Studies Regional Security in the Middle East , *Security In The Middle East* Mark Bruzonsky, Shaun Murphy, Samuel F. Wells, 2020-01-16 This book examines the deep seated problems in the Middle East and their impact on the United States and its allies Exploring the disruptive effects of the double edged sword of nationalism and modernization the contributors discuss the full range of Western security interests in the region Case studies of key countries emphasize the prospect for peaceful political economic and cultural change The authors analyze the ramifications of the Arab Israeli conflict and the threats posed by Soviet penetration Arguing that confusion and contradiction mark U S policy in the Middle East the book concludes that U S strategists should focus not on curing the region s internal problems but on coping with them without sacrificing long term goals for quick fixes Security and the Middle East , 1967 **Security and Insecurity in the Middle East** Imad El-Anis, Sahra Joharchi, Natasha Underhill, 2018-10-09 This volume draws together a number of research papers presented at a conference titled Security Insecurity and Prospects for Peace in the Middle East and North Africa organised by Nottingham Trent University s Middle East and North Africa Research cluster in April 2016 The conference focused on questions pertinent to what may be termed the post Arab Spring era in which the Middle East is experiencing unprecedented national and transnational challenges Conflict instability radicalisation and the mass displacement of people have become increasingly salient features of the political and economic landscape of the region The contributions here analyse a range of political economic security and socio cultural issues that the authors argue lie at the heart of the instability that the region is currently experiencing Re thinking issues of security and insecurity in the Middle East not only allows us to explain what might have led to current instability but also allows us to posit possible solutions to these security issues In doing so this book goes beyond the concepts of security and insecurity as a standard account of perpetrator versus victim in a state centric and violence centric manner to a broader and more complex understanding of the underlying processes informing security and insecurity in the region The contributors include scholars from around the world

working in a variety of different fields including Middle Eastern studies international relations and international political economy providing an eclectic discussion of the state of the region *Critical Issues Facing the Middle East* J.
