Sermons Peter J. Gomes, 2002 Overcoming Sermon Block William Powell Tuck, 2014-04-07 When called on to preach whether you are a pastor or lay preacher do you sometimes find yourself blocked Writer s block is a common complaint from many authors They reach a point sometimes when they simply cannot produce anything worth reading Preachers often encounter this same kind of roadblock when they attempt to prepare sermons William Powell Tuck With this opening sentence Dr Tuck brings his many years of experience as professor and pastor and freely gives some nuts and bolts of sermon preparation and pots and pans essential for effective preaching This book is not about the philosophy or theology of preaching but about preparing for writing and preaching a sermon While the reader may quickly find a solution to this week s sermon Dr Tuck also gives ideas and plans for long term preparation to open a new pathway moving sermons from a burden to a blessing for the writer as well as the intended listener Anyone called to preach can benefit from reading this book **A History of Preaching Volume 1** Rev. O.C. Edwards JR., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church s ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards s magisterial retelling of the story of Christian preaching s development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century s discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church s twenty centuries

The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver and listen to a sermon, *A History of Preaching* will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K Riggs who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches, we all participate in this field, says Riggs from EcuLink Number 65, Winter 2004/2005, published by the National Council of Churches.

A History of Preaching Otis Carl Edwards, 2004. Accompanying CD-ROM contains the full text of volume one and two. Volume two contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. Each chapter in volume two is geared to its companion chapter in volume one's narrative history.

The Preaching of the Passion Peter J. Gomes, 2003. The Rev Peter J Gomes of Harvard University offers timely introspection regarding the final moments in Christ's life through a passionate series of sermons. An intelligent and moving look at Jesus' final words from the cross at Calvary, examining not the physical horror of Jesus' last hours but instead delving into Christ's dialogue with His Father and those present at the crucifixion.

Preaching After God Phil Snider, 2012-08-01. Even though the postmodern return of religion is dramatically shaping the future of twenty-first century theology, its riches for preaching are rarely mined. *Preaching After God* highlights the trajectories of the postmodern return of religion by introducing readers to the positive theological themes stirring in the work of influential philosophers like Jacques Derrida, John Caputo and Slavoj Žižek. Phil Snider shows how engaging their thought provides possibilities for preaching that highly resonate with postmodern listeners. Preachers familiar with the postmodern return of religion will appreciate its homiletical appropriation while those introduced to it for the first time will discover just how much it is helpful for the preaching task. Six lectionary-based sermons are included as examples.

Keeping Alive the Rumor of God Martin Camroux, 2020-08-21. Can't you hear those little bells tinkling down on your knees? They're bringing the sacraments to a dying God, wrote Heinrich Heine in 1834. It took a while but today it is happening. Across the Western world, the traditional picture of God is dying and institutional religion is collapsing. Today we are trying something never done before: living with no agreed narrative that tells us who we are and with a materialist view of life. It isn't enough. An idea of God may have died, but the mystery of our human life is of an inner depth which is not simply physical or material. Marvel, mystery, wonder, beauty, love, the numinous, the *mysterium tremendum* remain the essence of who we are. What I am trying to do is describe this experience in such a way that those who have not had it can get a glimpse of it from inside and understand how it can give a life.

meaning and purpose This is explored through a liberal Christian tradition committed to social justice and honest exploration Scripture is vital to this but so are art poetry music and beauty When most people are looking the other way we must keep the rumor of God alive

Proclamation and Celebration Susan K. Hedahl, 2012-01-01 Proclamation and Celebration focuses homiletically on the six principal festivals of the church year Christmas Epiphany Easter Ascension Pentecost and Holy Trinity Central to the complicated development of lectionaries over the centuries these festivals have anchored the church year primarily because they are specifically enunciated in biblical materials Susan Hedahl argues for the importance of viewing these festivals both as a unit and individually from a doctrinal perspective in light of the dynamic and theological expressions of God s lively relationship with humanity Exploring the possibilities in the biblical narratives that ground each festival Hedahl helps the preacher create sermons that find joyous resonance in the liturgical spiritual ecumenical theological cultural and educational activities of congregational life After an initial introduction to the festivals as a group six chapters address each specific festival describing the history biblical texts doctrines cultural issues and possibilities attendant on the festival Throughout the book Hedahl uses sermon excerpts by many preachers to illustrate strategies choosing materials from a wide range of times styles and cultures Publisher

Kaalund,2018-11-29 Kaalund examines the constructed and contested Christian Jewish identities in Hebrews and 1 Peter through the lens of the New Negro a diasporic identity similarly constructed and contested during the Great Migration in the early 20th century Like the identity Christian the New Negro emerged in a context marked by instability creativity and the need for a sense of permanence in a hostile political environment Upon examination both identities also show complex internal diversity and debate that disrupts any simple articulation as purely resistant or accommodating to its hegemonic and oppressive environment Kaalund s investigation into the construction of the New Negro highlights this multiplicity and contends that the rhetoric of place race and gender were integral to these processes of inventing a way of being in the world that was seemingly not reliant on one s physical space Putting these issues into dialogue with 1 Peter and Hebrews allows for a reading of the formation of Christian identity as similarly engaging the rhetoric of place and race in constructive and contested ways **The Worshipping Life** Lisa Nichols Hickman,2004-12-01 In this unique and engaging book of meditations pastor Lisa Nichols Hickman delves into the life of worship seeking to reveal its rhythms and order There are twenty chapters each a meditation on an element of worship reflecting on how that particular element plays out not only in a service of worship but more importantly in everyday life **Abide In Me** Douglas J. Early,2016-08-19 The scriptures of the Christian faith speak of a life qualitatively different from that which we see portrayed on videos movie screens and the pages of magazines The Scriptures proclaim that we can experience the life of God here and now Most of us long for such a life but have discovered that experiencing this life of God is not simply a matter of following seven specific steps or nine important principles In this book Rev Douglas J Early reminds us that the way to the fullness of life that God offers us has little to do with our own striving and far more to do with receiving what is already at hand Using wisdom found in 1 John Abide In Me serves as a guide to experiencing a life of joy purpose and love Readers are invited to explore the breadth and depth of the life that comes from abiding in the presence of Christ and attending to the Spirit of Christ abiding in each of us For anyone wanting more in life but tired of working hard and getting nowhere this book offers hope for experiencing the life of God in Christ here and now **God Is Not Fair, Thank God!** George E. Thompson,2014-02-05 Life is not fair What does this reality imply about the nature of God and the destiny of human beings In this engaging book Thompson asserts that fairness is not an expectation of the faithful within the Judeo Christian Scriptures Biblical narrative discloses the mystery of a paradoxical deity that indwells with the suffering of creation and thereby

provides a mercy that exceeds the evasive goal of fairness The process of healing and redemption of this cracked creation occurs through the tears and suffering of the biblical God whose authentic power is revealed within divine vulnerability and weakness The Jesus of history truly manifested the fullness of this paradoxical God for he disclosed the richness of the divine Being by emptying himself and taking the form of a redemptive servant When the church grasps for power and control avoids compassionate and costly ministries among the poor and powerless and renders primary focus upon gaining heavenly rewards it rejects its Christ centered mission relinquishes its paradoxical purpose and ceases to strive toward becoming an extension of the incarnation Thompson explores various paradoxical facets of each person of the Trinity and richly illustrates with stories from his vast experience as a parish theologian Silent Covenants Derrick Bell,2004-04-19 When the landmark Supreme Court case of Brown vs Board of Education was handed down in 1954 many civil rights advocates believed that the decision which declared public school segregation unconstitutional would become the Holy Grail of racial justice Fifty years later despite its legal irrelevance and the racially separate and educationally ineffective state of public schooling for most black children Brown is still viewed by many as the perfect precedent Here Derrick Bell shatters the shining image of this celebrated ruling He notes that despite the onerous burdens of segregation many black schools functioned well and racial bigotry had not rendered blacks a damaged race He maintains that given what we now know about the pervasive nature of racism the Court should have determined instead to rigorously enforce the equal component of the separate but equal standard Racial policy Bell maintains is made through silent covenants unspoken convergences of interest and involuntary sacrifices of rights that ensure that policies conform to priorities set by policy makers Blacks and whites are the fortuitous winners or losers in these unspoken agreements The experience with Brown Bell urges should teach us that meaningful progress in the quest for racial justice requires more than the assertion of harms Strategies must recognize and utilize the interest convergence factors that strongly influence racial policy decisions In Silent Covenants Bell condenses more than four decades of thought and action into a powerful and eye opening book **So Close, I Can Feel God's Breath** Beverly Rose,2006 Ten chapters packed with biblical reflection inspiration and encouragement guide readers who are seeking to transform their lives and find God in the thin places
