

Single Parent Family

Sara McLanahan, Gary D. Sandefur

Single Parent Family:

In Defense of Single-Parent Families Nancy E Dowd, 1999-05-01 An expert in family law and policy presents a thought provoking examination of the stereotypes realities and possibilities of single parent families Single parent families succeed Within these families children thrive develop and grow just as they do in a variety of family structures Tragically they must do so in the face of powerful legal and social stigma that works to undermine them As Nancy E Dowd argues here this stigma is founded largely on myths which result in harshly punitive social policies Dowd details the primary justifications for stigmatizing single parent families marshalling an impressive array of resources that portray a very different picture of them She describes them in all their forms with particular attention to the differential treatment given to never married and divorced single parents and to the impact of gender race and class Illustrating the harmful impact of current laws concerning divorce welfare and employment Dowd makes a powerful case for centering policy around the welfare and equality of all children

Single Parents Karen L. Kinnear, 1999-03-24 Single Parents offers an overview of this growing phenomenon the problems faced by single parent families and their impact on society Topics include men and women as single parents single mother families and poverty the legal system and single parents gay and lesbian parents moral issues and the effects of growing up in a single parent family The experiences of single parents in other countries are also discussed This volume lists numerous resources among them federal government programs state statutes concerning child custody and adoption private and public organizations a guide to literature films and videos and information on the Internet

Growing Up with a Single Parent Sara McLanahan, Gary D. Sandefur, 2009-07-01 Nonwhite and white rich and poor born to an unwed mother or weathering divorce over half of all children in the current generation will live in a single parent family and these children simply will not fare as well as their peers who live with both parents This is the clear and urgent message of this powerful book Based on four national surveys and drawing on more than a decade of research Growing Up with a Single Parent sharply demonstrates the connection between family structure and a child's prospects for success What are the chances that the child of a single parent will graduate from high school go on to college find and keep a job Will she become a teenage mother Will he be out of school and out of work These are the questions the authors pursue across the spectrum of race gender and class Children whose parents live apart the authors find are twice as likely to drop out of high school as those in two parent families one and a half times as likely to be idle in young adulthood twice as likely to become single parents themselves This study shows how divorce particularly an attendant drop in income parental involvement and access to community resources diminishes children's chances for well being The authors provide answers to other practical questions that many single parents may ask Does the gender of the child or the custodial parent affect these outcomes Does having a stepparent a grandmother or a nonmarital partner in the household help or hurt Do children who stay in the same community after divorce fare better Their data reveal that some of the advantages often associated with being white are really a function

of family structure and that some of the advantages associated with having educated parents evaporate when those parents separate. In a concluding chapter McLanahan and Sandefur offer clear recommendations for rethinking our current policies. Single parents are here to stay and their worsening situation is tearing at the fabric of our society. It is imperative the authors show that we shift more of the costs of raising children from mothers to fathers and from parents to society at large. Likewise we must develop universal assistance programs that benefit low income two parent families as well as single mothers. Startling in its findings and trenchant in its analysis *Growing Up with a Single Parent* will serve to inform both the personal decisions and governmental policies that affect our children's and our nation's future.

The One-parent Family Benjamin Schlesinger, 1978 *The Single-parent Family* Marge M. Kennedy, Janet Spencer King, 1994 One in three American households with children under the age of 18 is now headed by a single parent. Kennedy formerly of *Sesame Street* magazine and King of *Working Parents* offer advice on a wide range of issues from the importance of making time for yourself to the practical details of household management.

Single Parent Families Marvin B Sussman, Shirley Hanson, 2014-05-12 Here is a comprehensive source of vital information on single parent families in contemporary society. This book analyzes literature and empirical research concerning single parent families and explores issues and challenges they face. Contributing authors from many fields and perspectives examine a broad range of subjects relating to families in which one person is primarily responsible for parenting. The only state of the art compendium on the topic of single parent families available today, the book synthesizes empirical, theoretical, and contemporary literature about the diversity, myths, and realities of single parent families in western countries. Each chapter contains a demographic overview, definitions, a literature review, and implications for practice, research, education, and social policy. Theoretical and conceptual perspectives related to parenting and wider families are included. An analysis, synthesis, and commentary on single parent families concludes the volume. Themes highlighted throughout the book include socioeconomic and demographic characteristics of single parent families, cultural and ethnic features, and legal and ethical components. Some chapter topics include single parenthood following divorce, single parenthood following death of a spouse, never married teen mothers and fathers, female-headed homeless families, adoptions by single parents, noncustodial mothers and fathers, grandparents as primary parents, single parents of children with disabilities. *Single Parent Families* contains additional resources useful for family professionals: an annotated bibliography, a video filmography, and a national community resource list. The book is intended for a multidisciplinary audience including sociologists, psychologists, health care professionals, social workers, therapists, and other researchers, clinicians, policymakers, and educators. An ideal primary or reference text for undergraduate and graduate level programs, the book can also serve as a tool for staff development and continuing education in service agencies.

Focus on Single-Parent Families Annice Yarber, Paul M. Sharp, 2010-02-26 A groundbreaking collection of writings on the growing phenomenon of single parent families in the United States and how it impacts society as a whole. *Focus on Single Parent Families: Past, Present, and Future*

brings together in one volume a range of cutting edge research articles and essays on what has become the most dynamic change in family structure in U S history It is the only resource to make the most insightful and important work being done on the single parent family phenomena accessible to general readers Focus on Single Parent Families helps readers go beyond the stereotypes and look closely at the complexity of families with one parent and consider their place in society It encompasses the wide variety of households with a single parent a family structure that promises to continue to grow and diversify Throughout the book gauges the impact of the increasing number of single parent families on the nation as a whole particularly in regard to policies concerning family welfare children s services and health care schools and other essential social institutions

Moving Up And Out Lori Holyfield,2002 Single parent families in the United States have almost tripled in the past few decades A huge majority of these families are female headed In American culture it is not so important that we all be equal so much as it is that we all have equal opportunities Yet sometimes we turn a blind eye to those who need us most In fact when it comes to single parent families it is as if the barriers are too great the issues too complex We wind up reducing the debate to its lowest common denominator Ironically it is the families who are most affected that get tangled in the political barbed wire and hidden behind numbing statistics Moreover community responses those small grassroots organizations who care deeply and give whole heartedly are seldom celebrated seldom recognized for their empowering efforts Moving Up and Out focuses on just such a program the Arkansas Single Parent Scholarship Fund which has since 1984 provided scholarships for single parents interested in obtaining their post secondary education In this story of a highly successful nonprofit Lori Holyfield herself a recipient of a scholarship draws upon the voices of single parents to consider the barriers and struggles faced as they attempt to obtain secondary education and change the lives of both themselves and their children The help this program has brought to Arkansas residents is needed throughout the country

Growing Up in a Single-Parent Family: Challenges and Opportunities Pasquale De Marco,2025-07-19 In a rapidly changing world single parent families are becoming increasingly common This book offers a comprehensive guide to the challenges and opportunities that single parents and their children face Drawing on the latest research and the experiences of single parents and their children this book provides invaluable insights into the complex world of single parent families It explores the factors contributing to the rise of single parent households the impact of divorce and separation on children and the unique strengths and challenges that single parents encounter The book also offers practical strategies and resources to help single parents raise happy healthy and successful children It provides guidance on co parenting and blended families the importance of extended family and community support and policy and program recommendations to improve the lives of single parent families Whether you are a single parent a child from a single parent family or a professional working with single parent families this book is an essential resource It provides a wealth of information support and guidance to help you navigate the challenges and opportunities of single parenting This book is a must read for anyone who wants to understand

the changing landscape of the American family and the unique needs of single parent families It is a valuable resource for single parents grandparents educators social workers and policymakers alike With compassion and insight this book sheds light on the complex world of single parent families and offers hope and support to those who are navigating this journey It is a powerful reminder that single parents are not alone and that they can raise happy healthy and successful children If you like this book write a review

Single Parents Families Rae Simons,2015-02-03 Maybe you've heard the statistics about children growing up in single parent families According to a lot of the research these kids are more likely to struggle in school have difficulties with the law and deal with drug and alcohol abuse along with other problems But does growing up with a single parent have to mean these things will happen Are these children going to lead worse lives than those with two parents This book tells the stories of several single parent families their struggles and the things they have learned from their situations These families are not concerned with the statistics but with making their families and themselves the best they can be

Therapy with Single Parents Joan D Atwood, Frank Genovese,2014-02-25 Provide effective counseling to members of single parent families With more than half of all first marriages ending in divorce it's time to rethink the notion that divorce means failure Therapy with Single Parents focuses on the strengths of the single parent family rather than its weaknesses stressing the need to look at the socially constructed norms values and definitions associated with marriage and family in order to provide effective counseling This unique book examines experiences that are common to single parents and presents interventive strategies for treating single parent family issues drawing on clinical case studies to provide technical knowledge in everyday language Current research shows that single parents account for 27 percent of family households that include children under 18 and that the number of single mothers in the United States more than tripled between 1970 and 2000 Therapy with Single Parents challenges outdated notions that the single parent family is somehow deficient and associated with adjustment problems in children It doesn't ignore the anger pain sadness and guilt experienced by many members of single parent families but offers therapeutic considerations from a more balanced approach The book examines the social psychological and sexual experiences of newly single parents and addresses the ups and downs they'll face in dealing with schools the workplace and social services Therapy with Single Parents examines social and psychological differences between divorce and widowhood cognitive behavioral principles of single parent families what children can learn from divorce dealing with the ghosts of past relationships relationship rules dealing with adult children and extended families the effect of change in divorcing families the feminization of poverty the therapeutic value of social networks Therapy with Single Parents is an invaluable resource for psychologists professional counselors social workers and marriage and family therapists The book presents a thorough in-depth examination of the single parent family system as a viable healthy family form

Children Book: One, Two, Family Michal Keidar, Nurit Yuval,2015-08-27 One Two Family is a children's book also suitable for toddlers It tells the story of one family comprising of a mother a girl and a boy This particular family is very much

like most in which more often than not there are two parents and one or more children but it differs from most in that this is a single parent family Michal Keidar is a clinical social worker and a single mother to Ella and Iddo Nurit Yuval is an Illustrator and editor whose pen and brush have produced many books for children and youth She is married a mother and a grandmother *Moving Up And Out* Lori Holyfield, 2010-06-10 Focusing on single women with children in poverty and the obstacles they encounter in trying to change their lives and class position **50 Wonderful Ways to be a Single-parent**

Family Barry G. Ginsberg, Roberta Israeldoff, 2003 This slim accessible guide written by a well known family therapist provides practical ideas for facing and overcoming these challenges Easy to use techniques include sharing decision making with children developing family rituals and traditions listening effectively to children of different ages and much more

Single Parent Family Introduction

In the digital age, access to information has become easier than ever before. The ability to download Single Parent Family has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Single Parent Family has opened up a world of possibilities. Downloading Single Parent Family provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Single Parent Family has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Single Parent Family. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Single Parent Family. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Single Parent Family, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Single Parent Family has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Single Parent Family Books

What is a Single Parent Family PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Single Parent Family PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Single Parent Family PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Single Parent Family PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Single Parent Family PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
