High Desert Homesteader Cathleen Croghan Alzner, 1998 Montana Women Homesteaders Sarah Carter, 2009 By shedding light on Montana s first women homesteaders determined 19th and early 20th century pioneers Carter reveals inspiring stories filled with joy tragedy and redemption The Important Things of Life Dee Garceau, 2022-01-07 Sweetwater County lies in southwestern Wyoming and has stood as a significant symbolic geography for the new Western Woman s history As the county in which Elinore Pruitt Stewart Letters of a Woman Homesteader Nebraska 1990 said she proved up her homestead in 1913 it is a fitting locale for the study of western gender relations The Important Things of Life examines women s work and family lives in Sweetwater County in the late nineteenth and early twentieth centuries The 1880 s discovery of coal caused a population boom attracting immigrants from numerous ethnic groups At the same time liberalized homestead law drew sheep and cattle ranchers Dee Garceau demonstrates how survival on the ranching and mining frontier heightened the value of group cooperation in ways that bred conservative attitudes toward gender Augmented by reminiscences and oral histories Garceau traces the adaptations that broadened women s work roles and increased their domestic authority Hers is a compelling portrait of the American West as a laboratory of gender role change in which migration relocation and new settlement underscored the development of new social identities *Single women, land and livelihood vulnerability in a communal area in Zimbabwe* Gaynor Gamuchirai Makura-Paradza, 2023-09-04 There has been limited research on single women in customary tenure areas Single women s experiences have been marginalized in research that focuses on notions of property male headed domestic units and relies on normative research methods to investigate resource access in the communal farming areas of Zimbabwe This work focuses on the hearth hold as a domestic unit and uses innovative research methods to investigate how women outside the marriage institution negotiate access to land livelihood resources and make decisions to cope with livelihood vulnerability in customary tenure areas The research illustrates through a focus on pathways and rural urban connections how single women make decisions to secure livelihoods under fast changing conditions The findings that patriarchy is only one but not the only institution governing land access in customary tenure areas and that women have more room to negotiate land access in communal areas especially through entitlements family obligations and exploitation of multi layered tenure systems are some of the publication s contribution to knowledge on single women customary land tenure and livelihood vulnerability Cowgirls Erin H. Turner, 2009-09-24 From Jo Monaghan the Southern belle debutant turned Idaho cattiewoman to Fanny Sperry Steele the Bucking Horse Champion of the World the Wild West was populated with untamed women who worked and played as men did in the saddles of their favorite bucking broncos This book brings together their stories including their own thoughts

about being cowgirls and archival art that celebrates the Western experience *Imperial Plots* Sarah Carter, 2016-10-07 Sarah Carter's *Imperial Plots: Women, Land, and the Spadework of British Colonialism on the Canadian Prairies* examines the goals, aspirations, and challenges met by women who sought land of their own. Supporters of British women homesteaders argued they would contribute to the spade work of the Empire through their imperial plots, replacing foreign settlers and relieving Britain of its surplus women. Yet far into the twentieth century there was persistent opposition to the idea that women could or should farm. British women were to be exemplars of an idealized white femininity, not toiling in the fields. In Canada, heated debates about women farmers touched on issues of ethnicity, race, gender, class, and nation. Despite legal and cultural obstacles and discrimination, British women did acquire land as homesteaders, farmers, ranchers, and speculators on the Canadian prairies. They participated in the project of dispossessing Indigenous people. Their complicity was, however, ambiguous and restricted because they were excluded from the power and privileges of their male counterparts. *Imperial Plots* depicts the female farmers and ranchers of the prairies, from the Indigenous women agriculturalists of the Plains to the array of women who resolved to work on the land in the first decades of the twentieth century. **The Gendered West** Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001. This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history, a field frequently ignored or misunderstood by the New Western historians. From first contact, American Indians knew that Europeans did not understand the gendered nature of America. Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century. The journal articles that follow give readers a true sense of the gendered West. Racial and ethnic heritage played a role in female experience, whether Hispanic, Japanese, or Irish. Women's work was part of western history, but women did not confine themselves to plow handles or brothels. Women were very much a part of most occupations or in the process of breaking down barriers of access. They worked in the fields for wages as well as for family welfare and prosperity. Women demanded access to the professions, whether teaching or law, accounting or medicine. The process of eliminating barriers varied in time and space, but the struggle was constant. Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history. Because of their beliefs and practices, these women suffered at the hands of the federal government and persevered. *Digest of Decisions of the Department of the Interior and General Land Office in Cases Relating to the Public Lands* United States Department of the Interior, 1897. **Woman** Lillian Faderman, 2022-03-15. A comprehensive history of the struggle to define womanhood in America from the seventeenth to the twenty-first century. An intelligently provocative, vital reading experience. This highly readable, inclusive, and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture. Kirkus Reviews. A comprehensive and lucid overview of the ongoing campaign to free women from the tyranny of old notions. Publishers.

Weekly What does it mean to be a woman in America Award winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God's plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as metoo the appointment of Amy Coney Barrett to the Supreme Court the election of Kamala Harris as vice president and the transgender movement This wide ranging 400 year history chronicles conflicts retreats defeats and hard won victories in both the private and the public sectors and shines a light on the often overlooked battles of enslaved women and women leaders in tribal nations Noting that every attempt to cement a particular definition of woman has been met with resistance Faderman also shows that successful challenges to the status quo are often short lived As she underlines the idea of womanhood in America continues to be contested *The Female Frontier* Glenda Riley,1988 Examines in rich detail the daily lives of pioneer women *Journal of American History* Anyone interested in women's history and western history will want to read this *Pacific Historical Review* Copyright Libri GmbH All rights reserved
