Kidder, 2003 In our world today many single and celibate people find themselves isolated on all sides In the secular culture with its glorification of sexual behavior celibacy is seen as restrictive a denial of one's deepest nature In religious circles for anyone but Roman Catholic priests being single is often seen as a temporary and unfortunate stage in life something to be stoically endured until marriage But in fact millions of people in the pews of Protestant Episcopal and Catholic churches every week are living a single life and many are happy to stay that way Whether widowed never married or divorced many believers understand their single lives not as a passing moment but as a celebratory way of life rich in its own benefits and rewards In this book Annemarie Kidder offers the theological basis for what so many Christians experience in their own lives By examining both Hebrew and Christian scriptures early church writings from the East and West and later commentators she develops a theology of the single life applicable to both women and men Protestant Episcopal and Catholic This book is a must read for

all single Christians both those who feel called to remain single and those who for whatever reason find themselves single for long periods of time Book jacket

Hans Reichenbach: Logical Empiricist M.H. Salmon,2012-12-06 Logical empiricism not to be confused with logical positivism see pp 40 44 is a movement which has left an indelible mark on twentieth century philosophy Hans Reichenbach 1891 1953 was one of its found ers and one of its most productive advocates His sudden and untimely death in 1953 halted his work when he was at the height of his intellectual powers nevertheless he bequeathed to us a handsome philosophical inheritance At the present time twenty five years later we can survey our heritage and see to what extent we have been enriched The present collection of essays constitutes an effort to do just that to exhibit the scope and unity of Reichenbach s philosophy and its relevance to current philosophical issues There is no Nobel Prize in philosophy the closest analogue is a volume in The Library of Living Philosophers an honor which like the Nobel Prize cannot be awarded posthumously Among scientific philosophers Rudolf Carnap Albert Einstein Karl Popper and Bertrand Russell have been so honored Had Reichenbach lived longer he would have shared the honor with Carnap for at the time of his death a volume on Logical Empiricism treating the works of Carnap and

American Book Publishing Record ,1988 Paperbound Books in Print ,1992 Everything but Satisfied Dr. Cathy R. Owens-Oliver,2015-12-11 Youve been told that your husband is coming around the corner but you cant figure out which corner that is It seems your man is nowhere to be found and you are still single It is God who said being alone is not a good thing And yet clearly you are alone If God back in the Garden of Eden saw and knew that being alone is not good why did he allow it Why would God create or cause anything that is not good Perhaps it is because God is up to something The sooner you align your desires with his the sooner you will understand what he is up to and why your request to be married among other things is still in his inbox The first thing you must understand is that the whole time youve been trying to get something from God God has been trying to get something from you Have you ever stopped to think about why you are single and what God may want you to do There may be something that God has called you to do as a single woman that you must complete before you get married This book will help you realize that marriage is not the big picture its just one piece of the puzzle God has so much more in store for you But between now when you want it and then when you get it God has set in motion a divine plan for your future The more time you spend with him the better prepared you will be for all the wonderful experiences the future holds marriage included This book will help you recognize and fill in some of the missing pieces in your life so that when you do get married youll be ready for the challenge **OMG!
