Lorna And Her Robot:

Lorna and Her Robot Alfonso Azpiri, 2000-05-01 *European Comics in English Translation* Randall William Scott, 2002 European comic authors produced a steady stream of comic material throughout the twentieth century but gained the world's notice in 1975 when the French magazine *Métal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages including English and comics creators everywhere were inspired to innovation. This is a reference work arranged by artist or writer to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material from the innocent imperialism of Herge's Tintin to the sadistic murder for hire in Berner's Torpedo. Albums by a single creator or artist and writer team of European origin are the focus; comics in periodicals and anthologies with multiple contributors are excluded. Each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index. **Obituaries in the**

And Then There Was You Sophie Cousens, 2025-11-18 She's found the perfect man. There's just one big twist. Stuck in a Production Assistant job and living at home with her parents after a painful breakup, thirty-one-year-old Chloe Fairway isn't where she wants to be in life. The last thing she needs is to face the people who once voted her most likely to succeed at her upcoming ten-year college reunion. And she definitely doesn't want to see her former best friend Sean Adler, who is now a hotshot film director living the life Chloe dreamed of. Desperate to make a splash and to save face in front of the man who might be the one that got away, she turns to a mysterious dating service. Enter Rob, her handsome, well-read, and charming match, the perfect plus one to take to her reunion. The more she gets to know him, the more perfect he appears to be. Could it be that this dating service knows her better than she knows herself? And can she overlook the one big catch? As Chloe reconnects with old friends, she begins to question everything she thought she wanted. Maybe just maybe revisiting the past is exactly what she needs to move forward. **DIG THE ZONE OF FREEDOM** Richard Byrne BSc(Hons), 2016-03-22 **DIG THE ZONE OF FREEDOM** by Richard Byrne BSc Hons.
