

The background of the cover is an abstract composition. It features a central, somewhat rectangular area with a textured, painterly appearance in shades of green, yellow, and orange, which resembles a chameleon's skin. This central area is framed by dark, angular, geometric shapes in brown and black, creating a sense of depth and architectural structure. The overall effect is a blend of naturalistic texture and modern, abstract design.

King Chameleon and more West African Folktales Rotimi Ogunjobi, 2015-12

King Chameleon and more West African Folktales is a selection of folklore believed to have originated from West Africa and the people who live in the region. West Africa is home to several scores of tribes, languages, and dialects. Even though tribal cords are quite strong and languages may differ markedly even between two communities a few hundred miles apart, it is usual to find similarities between the local folktales, and in some cases only the names of the central characters would make one version of a tale to be different from another. Most of the stories in this volume were gleaned from areas within the countries now known as Ghana and Togo. However, the stories are commonly retold in several forms all over the West Africa region.
