The Open Road Jean Giono, 2021-10-12 A nomad and a swindler embark on an eccentric road trip in this picaresque philosophical novel by the author of *The Man Who Planted Trees* The south of France 1950 A solitary vagabond walks through the villages towns valleys and foothills of the region between northern Provence and the Alps He picks up work along the way and spends the winter as the custodian of a walnut oil mill He also picks up a problematic companion a cardsharp and con man whom he

calls the Artist The action moves from place to place and episode to episode in truly picaresque fashion Everything is told in the first person present tense by the vagabond narrator who goes unnamed He himself is a curious combination of qualities poetic resentful cynical compassionate flirtatious and self absorbed While The Open Road can be read as loosely strung entertainment interspersed with caustic reflections it can also be interpreted as a projection of the relationship of author art and audience But it is ultimately an exploration of the tensions and boundaries between affection and commitment and of the competing needs for solitude independence and human bonds As always in Jean Giono the language is rich in natural imagery and as ruggedly idiomatic as it is lyrical

Memories of the Future Sigizmund Krzhizhanovsky, 2009-10-06 Written in Soviet Moscow in the 1920s but considered too subversive even to show to a publisher the seven tales included here attest to Sigizmund Krzhizhanovsky's boundless imagination black humor and breathtaking irony a man loses his way in the vast black waste of his own small room the Eiffel Tower runs amok a kind soul dreams of selling everything you need for suicide an absentminded passenger boards the wrong train winding up in a place where night is day nightmares are the reality and the backs of all facts have been broken a man out looking for work comes across a line for logic but doesn't join it as there's no guarantee the logic will last a sociable corpse misses his own funeral an inventor gets a glimpse of the far from radiant communist future

Telluria Vladimir Sorokin, 2022-08-16 In the warring neo feudal society of this cross genre novel for fans of Cormac McCarthy and William Gibson the greatest treasure is a dose of tellurium a magical drug administered by a spike through the brain Telluria is set in the future when a devastating holy war between Europe and Islam has succeeded in returning the world to the torpor and disorganization of the Middle Ages Europe China and Russia have all broken up The people of the world now live in an array of little nations that are like puzzle pieces each cultivating its own ideology or identity a neo feudal world of fads and feuds in which no one power dominates What does however travel everywhere is the appetite for the special substance tellurium A spike of tellurium driven into the brain by an expert hand offers a transforming experience of bliss incorrectly administered it means death The fifty chapters of Telluria map out this brave new world from fifty different angles as Vladimir Sorokin always a virtuoso of the word introduces us to among many other figures partisans and princes peasants and party leaders a new Knights Templar a harem of phalluses and a dog headed poet and philosopher who feasts on carrion from the battlefield The book is an immense and sumptuous tapestry of the word carnivalesque and cruel and Max Lawton Sorokin's gifted translator has captured it in an English that carries the charge of Cormac McCarthy and William Gibson

Last Times Victor Serge, 2022-08-23 A story of displacement and resistance during the early days of the Nazi occupation of France Last Times Victor Serge's epic novel of the fall of France is based like much of his fiction on firsthand experience The author was an eyewitness to the last days of Paris in June 1940 and joined the chaotic mass exodus south to the unoccupied zone on foot with nothing but his manuscripts He found himself trapped in Marseille under the Vichy government a persecuted stateless Russian and participated in the early French Resistance before escaping on the last ship

to the Americas in 1941 Exiled in Mexico City Serge poured his recent experience into a fast moving gripping novel aimed at an American audience The book begins in a near deserted Paris abandoned by the government the suburbs already noisy with gunfire Serge s anti fascist protagonists join the flood of refugees fleeing south on foot in cars loaded with household goods on bikes pushing carts and prams under the strafing Stukas and finally make their way to wartime Marseille Last Times offers a vivid eyewitness account of the city s criminal underground and no less criminal Vichy authorities of collaborators and of the growing resistance of crowds of desperate refugees competing for the last visa and the last berth on the last hoped for ship to the New World

The Rest Is Silence Augusto Monterroso,2024-12-10 The lone novel by a Latin American author of very short fiction praised as the most beautiful stories in the world by Italo Calvino an antic metafictional send up of the Mexican literary scene told through the unreliable recollections of an aging critic s friends relatives and attendants The one and only novel by the renowned Guatemalan writer Augusto Monterroso Latin America s most expansive miniaturist whose tiny acid and bracingly surreal narratives Italo Calvino dubbed the most beautiful stories in the world The Rest Is Silence presents the reader with the kaleidoscopic portrait of a provincial Mexican literary critic one Eduardo Torres a sort of Don Quixote of the Sunday supplements whose colossal misreadings are matched only by the scale of his vanity Presented in the form of a festschrift for the aging writer this rollicking metafiction offers up a bouquet of highly unreliable reminiscences by Torres s friends relations and servants their accounts skewed by envy ignorance and sheer malice along with a generous selection of the savant s own comically botched attempts at criticism Monterroso s narrative is a ludicrous dissection of literary self conceit a Groucho Marxian skewering of the Mexican literary landscape and perhaps a wry self portrait by an author who is profoundly sensible of just how high the stakes of the art of criticism really are and consequently of just how far it has to fall

Lady Macbeth of Mtsensk Nikolai Leskov,2020-10-13 A new collection of the renowned Russian writer s best short work including a masterful translation of the famous title story Nikolai Leskov is the strangest of the great Russian writers of the nineteenth century His work is closer to the oral traditions of narrative than that of his contemporaries and served as the inspiration for Walter Benjamin s great essay The Storyteller in which Benjamin contrasts the plotty machinations of the modern novel with the strange melancholy but also worldly wise yarns of an older slower era that Leskov remained in touch with The title story is a tale of illicit love and multiple murder that could easily find its way into a Scottish ballad and did go on to become the most popular of Dmitri Shostakovich s operas The other stories all but one newly translated present the most focused and finely rendered collection of this indispensable writer currently available in English
