Louis XIV:

The life and times of Louis xiv George Payne R. James,1838 King of the World Philip Mansel,2019-07-11 Winner of the Franco British Society Book Prize 2019 The ultimate biography of the Sun King Simon Sebag Montefiore Louis XIV dominated his age He extended France s frontiers into Netherlands and Germany and established colonies overseas The stupendous palace he built at Versailles became the envy of monarchs all over Europe In his palaces Louis encouraged dancing hunting music and gambling He loved conversation especially with women the power of women in Louis s life and reign is a particular theme of this book Louis was obsessed by the details of government but the cost of building palaces and waging continuous wars devastated the country s finances and helped set it on the path to revolution Nevertheless by his death he had helped make his grandson king of Spain where his descendants still reign and France had taken essentially the shape it has today King of the World is the most comprehensive and up to date biography of this hypnotic flawed figure in English It draws on all the latest research to paint a convincing and compelling portrait of a man who three hundred years after his death still epitomises the idea of le grand monarque *Louis XIV* Olivier Bernier,2018-02-17 Louis XIV the Sun King or Louis the Great as he was also known ruled France with an iron fist for over half a century from 1651 to his death in 1715 outliving his son and even his grandson His court at the Palace of Versailles became the most dazzling on the Continent and through his intelligence and cunning he made France the leading power of Europe Now in this masterful biography historian Olivier Bernier brilliantly recreates Louis XIV s world to reveal the secrets of this monarch s unequaled sovereignty and to explore the singular mystique that surrounds him today Not only was Louis heir to his father s throne he felt he was divinely chosen to rule France From the year he became king at the age of thirteen he oversaw every aspect of government from waging war and making political appointments to supervising the building of his many palaces Along with political treachery that marked Louis XIV s long reign Bernier also brings to light the personal scandals We witness the poignant resignation of Louis XIV s queen to her husband s parade of mistresses and illegitimate children the infamous intrigue when the king s brother was accused of poisoning his wife in a jealous rage and the momentous building of Versailles not an act of monstrous self indulgence that bankrupted the nation but the visible expression of Louis XIV s new monarchy his ingenious methods of centering all activity around court life thus preventing his courtiers from fomenting rebellion Under the Sun King architecture painting music and theater flourished making France not only a great political force but a paradigm of fashion and culture as well Louis XIV takes us from the grandeur of Versailles to the battlefields of the countryside from the bedrooms of the king s mistresses to the chambers of his ministers and presents an engrossing portrait of royal life and a commanding leader *The Age of Louis XIV* Voltaire,1780 **Louis XIV** Philippe Erlanger,1970 Acclaimed author Philippe Erlanger winner of the Grand Prix d Histoire de l Academie Francaise presents an intimately detailed portrait of France s most powerful and flamboyant ruler With a novelist s elegant language and psychological insight Erlanger portrays the Sun

King through the decades showing the crucial effect of a childhood filled with neglect and humiliation and vividly depicting the King's spectacular style of leadership A brilliant subtle portrait Le Monde The best work of history written in France for a century Le Figaro **Louis XIV and the Zenith of the French Monarchy** Arthur Hassall,1925 Louis XIV John S.C. Abbott,2019-09-25 Reproduction of the original Louis XIV by John S C Abbott *History of Louis XIV* John S. C. Abbot,2023-02-02 Reprint of the original The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **Life & Times of Louis Xiv** Enzo Orlandi,1967 *Louis XIV* John Baptiste Wolf,1968 The Wars of Louis XIV 1667-1714 John A. Lynn,2013-12-19 Warfare dominated the long reign of the Sun king Louis XIV For forty years from 1672 France was continuously at war and had one of the largest armies seen in the West since the fall of imperial Rome The campaigns secured little territory but almost bankrupted the country and the consequences for the French monarchy were dramatic contributing to its eventual downfall John Lynn examines the wars for evidence of a coherent strategic policy he explores the operational logistics of the campaigns and considers their significance for France's diplomatic political military administrative and institutional This is the first modern comprehensive study in any language and offers a vivid insight into 17th and 18th century statesmanship and warfare reaching a climax with the defeat of France by Marlborough at Blenheim The Life and Times of Louis XIV Alfredo Panucucci,1967 It was Voltaire who gave to the 17th century the name that it retains to this day The century of Louis XIV This phrase is not just a fond tribute to a favourite ruler it is a factual description of an age that was dominated by the longest reign in European history the reign of the Sun King Louis was King of France for 72 years during which time France became the most powerful and brilliant country in Europe What was it like to live in the splendid age of the Sun King this book is your chance to see for yourself It is a recreation of the life and times of Louis a living portrait of the King and his world *Louis XIV* Louis Bertrand,1928 **Louis XIV and the Zenith of the French Monarchy** Arthur Hassall,2014-11-01 Pyrrhus Press specializes in bringing books long out of date back to life allowing today's readers access to yesterday's treasures This is a history of France during the era of the Sun King Louis XIV who oversaw the construction of Versailles and the strengthening of the French state From the prologue THE character and position of Louis XIV are peculiarly difficult to estimate partly on account of the attitude taken towards him during his lifetime by his own subjects partly owing to the entire misapprehension under which foreign nations laboured as to his real aims The French people during more than two thirds of his long reign made him into a god and worshipped him while at the time of the Spanish Succession war a generation had grown up in England which says Mr Wyon in his History of Great Britain during the Reign of Queen Anne regarded Louis XIV as a monster of ambition with a mission from the devil to make slaves and Papists of the whole human race a perfidious tyrant with whom it was useless to think of entering into a compact whom it was absolutely necessary to bind with chains of iron Again at the present day modern historical writers for the

greater part hailing from France are well nigh unanimous in wholesale condemnation of the age of Louis XIV on the ground that it was essentially the cause of the French Revolution Even allowing that it be strictly historical to say that Louis reign made the Revolution inevitable it remains none the less true that the blame if there be any must be shared by the people with the King The French nation made Louis and Louis was the epitome of the French nation It is easy to sympathise with the many hostile criticisms levelled at the King by German historians who cannot forgive the devastation of the Palatinate or forget the loss of Strasburg But it is peculiarly ungracious ungrateful and unhistorical for French writers who are well acquainted with the history of their own country to allow themselves to be so carried away by feeble republican predilections as to pour virulent abuse upon the most brilliant period of their history and their most hardworking painstaking and on the whole successful ruler

The Splendid Century Warren Hamilton Lewis,1971 King Louis XIV Pierre L. Horn,1991 Presents the life of the seventeenth century French monarch known as the Sun King **The Age of Louis XIV.** Voltaire,R. The Age of Louis XIV. Voltaire,1961 **Louis the Fourteenth** Richard Wilkinson,2007 This book balances the undeniable cultural achievements of the reign against the realities of Louis egotism and argues that when viewed critically Louis rule 1643 1715 personified the disadvantages of absolute monarchy and inexorably led to social and political blunders resulting in the suffering of millions Richard Wilkinson demonstrates that while Louis excelled as a self publicist he fell far short of being a great monarch BOOK JACKET **Louis XIV and the Greatness of France** Maurice Ashley,1948
