his instructions Browning's athletic prowess was overshadowed by his drunken adventures and struggles off the field. A champion consumer of bourbon and a man with obvious demons, he led a life littered with eccentricities. During games, he refused to slide and often stood perched on one leg. Known as the Gladiator, he drank tabasco sauce, washed his eyes with buttermilk, and named bats after biblical characters, all in an effort to improve his hitting. Few were aware that behind the comedic persona, Browning suffered from mastoiditis, a devastating physical ailment that robbed him of his hearing, deprived him of an education, eroded his professional skills, and led to his heavy dependence on alcohol. Accounts of Browning's unconventional behavior were bolstered by his own outlandish storytelling. These stories were embellished by newspapers of the time, making him a legend. Tim Newby addresses the myths surrounding the larger-than-life figure, uncovers the thin line between fact and fiction, and presents an extensive account of Browning, the man and legendary ball player.

Baseball fans love to recite statistics and argue about the superiority of hitters. This book presents the names, dates, and numbers in an informative and entertaining manner.
