Philosophy of Sex and Love Patricia Marino, 2019-03-13 Writing for non specialists and students as well as for fellow philosophers this book explores some basic issues surrounding sex and love in today s world among them consent objectification non monogamy racial stereotyping and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works Author Patricia Marino

argues that we cannot fully understand these issues by focusing only on individual desires and choices. Instead, we need to examine the social contexts within which choices are made and acquire their meanings. That perspective she argues is especially needed today when the values of individualism, self-expression, and self-interest permeate our lives. Marino asks how we can fit these values, which govern so many areas of contemporary life, with the generosity, caring, and selflessness we expect in love and sex.

Dissent with Love Parul Bhandari, 2024-08-30 This book presents a unique rendering of love in South Asia by reading love through the specific lens of dissent. It presents multiple articulations of dissenting love in contemporary South Asia, including negotiations with parents to assert choice of partner, migration, elopement, life in relationships, singlehood, new ideas of masculinities, and embracing diverse sexual identities. It studies these forms of dissent in the context of changing legal discourses, impact of media in everyday life, and transforming social attitudes. As such, this book is the first of its kind to analyse the myriad ways in which love and dissent constitute each other, shaping the social, political, and cultural mores and movements of South Asia. The contributions are based on ethnographic research cutting across diverse religious, ethnic, and gender and sexual identities of South Asia.

Part of the Social Movements and Transformative Dissent series, this book will be of interest to students and researchers of sociology, anthropology, history, geography, political science, gender studies, and media studies. It will also appeal to academics who study South Asia with a special focus on love, intimacy, sexuality, marriage, migration, history, politics, and media.

information in a field that has seen significant progress in the last 10 years Jane Austen's Romantic Medievalism Tiffany Schubert, 2023-11-28 While Jane Austen is often regarded as an author who embodies Georgian refinement and restraint this book argues that her work was deeply engaged with the medieval tradition of courtly love and its investment in happy endings Revealing the influence of romance on *Persuasion* *Emma* and other novels this study provides new insights into Austen's narrative style representations of gender and complex interest in happiness as both an affective and moral state As Austen reimagines courtly love in her own idiom she upends traditional gender roles portraying women not as fine ladies but as rational creatures Drawing on the structures of Christian narrative she also illuminates the centrality of providence as a virtue that bestows grace on her characters offering them deliverance and happiness To be sure Austen famously ironizes romance criticizing emotional excess and downplaying conventionally romantic scenes This study nonetheless finds creative power in her irony showing how Austen's critique of romance is rooted in the paradoxes of Christian theology which allow for both human suffering and divine order In reframing key ethical and generic conventions of the medieval past Austen's ironic providentially arranged romances educate readers into wisdom and joy **Love in Africa** Jennifer Cole, Lynn M. Thomas, 2009-08-01

In recent years scholarly interest in love has flourished Historians have addressed the rise of romantic love and marriage in Europe and the United States while anthropologists have explored the ways globalization has reshaped local ideas about those same topics Yet love in Africa has been peculiarly ignored resulting in a serious lack of understanding about this vital element of social life a glaring omission given the intense focus on sexuality in Africa in the wake of HIV/AIDS *Love in Africa* seeks both to understand this failure to consider love and to begin to correct it In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar the effects of a Mexican telenovela on young people's ideas about courtship in Niger the models of romance promoted by South African and Kenyan magazines and the complex relationship between love and money in Madagascar and South Africa *Love in Africa* is a vivid and compelling look at love's role in African society Romantic Agency Luke Brunning, 2024-04-24 This is a book for people energized by the possibilities of modern intimacy but who feel unsure about their own romantic lives Alternative lifestyles such as nonmonogamy while liberating in theory can feel remote in practice as we are fixed in place by insecurities and social pressures In *Romantic Agency* philosopher Luke Brunning encourages readers to think more deeply about what it means for relationships to not only work but flourish Guided by the thought that our abilities to be intimate cannot be taken for granted he argues that our romantic agency is fragile and best cultivated alongside other people Together we can become more realistic balance playfulness with integrity and value each other's flourishing Anyone can benefit from this exploration of intimate life regardless of their relationship status or romantic ideals Compelling and timely *Romantic Agency* is a

groundbreaking account of love and relationships **Sad Love** Carrie Jenkins, 2022-05-16 As a woman with a husband and other partners philosopher Carrie Jenkins knows that love is complicated Love is most often associated with happiness satisfaction and pleasure But it has a darker side we ignore at our peril Love is often an uncomfortable and difficult feeling The people we love can let us down badly And the ways we love are often quite different to the romantic ideals society foists upon us Since we are inevitably disappointed by love wouldn't we be better off without it No says Carrie Jenkins Instead we need a new philosophy of love one that recognizes that the pain and suffering love causes are a natural even a good part of what makes love worthwhile What Jenkins calls sad love offers no bogus happy ever afters Rather it tries to find a way properly to integrate heartbreak and disappointment into the lived experience of love It's time we liberated love Also available as an audiobook

Love and Freedom Jorge N. Ferrer, 2021-06-24 In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monopride polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities
