Love and Other Technologies Dominic Pettman, 2006 Can love really be considered another form of technology Dominic Pettman says it can although not before carefully redefining technology as a cultural challenge to what we mean by the human in the information age Using the writings of such important thinkers as Giorgio Agamben Jean Luc Nancy and Bernard Stiegler as a springboard Pettman explores the tectonic movements of contemporary culture specifically in relation to the language of eros Highly ritualized expressions of desire love in other words always reveal an era's attitude toward what it means to exist as a self among others For Pettman the articulation of love is a technique of belonging a way of responding to the basic plurality of everyone's identity a process that becomes increasingly complex as the forms of mediated communication from cell phone and text messaging to the mass media multiply and mesh together Wrestling the idea of love from the arthritic hands of Romanticism Pettman demonstrates the ways in which this dynamic assemblage the stirrings of the soul have always been a matter of tools devices prosthetics and media Love is after all something we make And love this book argues is not eternal but external

Expanding Transformation Theory Alexis Kokkos, 2020-04-07 Expanding Transformation Theory offers a deeper understanding of the philosophy principles and major components of Transformation Theory which was developed by Jack Mezirow It provides a thorough comprehension of the affinities of the theory with other emancipatory theoretical views and provides the readers with an expanded insight of the core theoretical framework that will support their research and educational practice The book juxtaposes Mezirow's perspective with those of ten major emancipatory educationalists Dewey Freire Gould Marsick Socrates Kegan Greene Argyris Illeris and Jarvis respectively who all share the idea of learning with the aim of changing problematic perceptions and behaviours Such issues as convergences and

divergences among the theoretical perspectives as well as the impact of the theoretical ideas that Mezirow incorporated in his work are addressed The work of Mezirow is further reviewed in order to pinpoint the dimensions which appear to have been confirmed and endure over time and in turn those that seem to need expansion or even revision This book will be of great interest to researchers academics students and adult educators who are interested in transformative learning theory and emancipatory education

Summer of Love Christoph Grunenberg, Jonathan Harris, Jonathan P. Harris, 2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can t remember it
