Love And Evil:

The Passion of Love in the Summa Theologiae of Thomas Aquinas Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

Love and the Soul Robert Sardello, 2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner Love and the Soul helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community
