Vatsyayana.,2017-02-15 In the literature of all countries there will be found a certain number of works treating especially of love Everywhere the subject is dealt with differently and from various points of view In the present publication it is proposed to give a complete translation of what is considered the standard work on love in Sanscrit literature and which is called the Vatsyayana Kama Sutra or Aphorisms on Love by Vatsyayana While the introduction will deal with the evidence concerning the date of the writing and the commentaries written upon it the chapters following the introduction will give a translation of the work itself It is however advisable to furnish here a brief analysis of works of the same nature prepared by authors who lived and wrote years after Vatsyayana had passed away but who still considered him as the great authority and always quoted him as the chief guide to Hindoo erotic literature Besides the treatise of Vatsyayana the following works on the same subject are procurable in India The Ratirahasya or secrets of loveThe Panchasakya or the five arrowsThe Smara Pradipa or the light of loveThe Ratimanjari or the garland of loveThe Rasmanjari or the sprout of loveThe Anunga Runga or the stage of love also called Kamaledhiplava or a boat in the ocean of love The author of the Secrets of Love was a poet named Kukkoka He composedhis work to please one Venudutta who was perhaps a king When writing his own name at the end of each chapter he calls himself Siddha patiya pandita i e an ingenious man among learned men The work was translated into Hindi years ago and in this the author s name was written as Koka And as the samename crept into all the translations into other languages in India the book became generally known and the subject was popularly called Koka Shastra or doctrines of Koka which is identical with the Kama Shastra or doctrines of love and the words Koka Shastra and Kama Shastra are used

indiscriminately The work contains nearly eight hundred verses and is divided into ten chapters which are called Pachivedas Some of the things treated of in this work are not to be found in the Vatsyayana such as the four classes of women the Padmini Chitrini Shankini and Hastini as also the enumeration of the days and hours on which the women of the different classes become subject to love The author adds that he wrote these things from the opinions of Gonikaputra and Nandikeshwara both of whom are mentioned by Vatsyayana but their works are not now extant It is difficult to give any approximate idea as to the year in which the work was composed It is only to be presumed that it was written after that of Vatsyayana and previous to the other works on this subject that are still extant Vatsyayana gives the names of ten authors on the subject all of whose works he had consulted but none of which are extant and does not mention this one This would tend to show that Kukkoka wrote after Vatsya otherwise Vatsya would assuredly have mentioned him as an author in this branch of literature along with the others

**Modern Day Kamasutra** Adam Carter, 2016-12-08 Since its inception in the 2nd Century B C Kamasutra has become synonymous with the art of making love From your neighbor to your teacher that you have a little crush on to your partner hopefully everyone in every corner of the globe has heard of it or is aware of the Kamasutra to some degree Unfortunately this general awareness of the term is usually where the knowledge stops and the mythology begins I used the term art of making love earlier because that's something that I really want to emphasize

here that having sex can be and is truly an art form There s so much more to it than simply stripping off your clothes having a quick play with one another before some rushed intercourse and trying to get off That s a practice that this book hopes to abolish Kamasutra was written roughly in the 2nd Century B C During this period the original author more on that in Chapter One was millions of years behind the modern society when it comes to the art of having sex His religion saw sex as one of the many things a person had to achieve spiritual harmony Therefore as it was so encouraged it only makes sense to try and do it right The western society has unfortunately developed a different attitude when it comes to sexual congress This negative view of late prevents westerners from having great sex We are subjected to a behind closed doors policy where the idea of openly discussing sex is publicly criticized and derided As a result we are forced to learn as we go along usually resulting in basic missionary position and if we re feeling really frisky doggy If we can do this once a week commend yourself for getting it done and then wait for the next inevitable tame session And we call this having sex Not anymore That life you used to lead where you normally ponder whether you should get more sleep or have sex with your partner as if there was even a choice here is gone For that you can thank the Kamasutra The only real problem with Kamasutra is that it s a little out of date To its credit it is over 2 000 years old and is still extremely relevant in many places However some of the teachings are a little archaic for modern dater If you were to read it in its entirety you d probably think that you were picking up the wrong book That s where this book comes into play What you re going to get from this book is a modern day Kamasutra updated from the original text over 2 000 years ago I ve scoured through the entire book provided the necessary tips and added a few new and improved ones Yes you will get a list of the best positions and how to do them After all that is the crux of the Kamasutra But I ll even go further than that I ll be providing you with tips on how to come up with your own positions And more than that this book will also be going into detail on the all important foreplay something that the original Kamasutra was very concerned with and you should too It should be noted that Kamasutra is about so much more than just having sex Anyone can have sex they hope It s about having sex properly and what is achieved by doing so Sex is a part of everyday life and has the ability to improve our lives if done properly This book is about learning how to have that sex Most would agree that it is life changing I mean really isn t that alone should be enough

*The Kama Sutra* Vatsyayana,2014-03-18 The world s most influential and enduring text on human sexuality Long before The Joy of Sex Masters and Johnson or Dr Ruth there was Vatsyayana s Kama Sutra or Aphorisms on Love This ancient text translated from Sanskrit into English in the nineteenth century by Sir Richard Burton along with Bhagavanlal Indragit and Shivaram Parashuram Bhide has stood the test of time as a thoughtful treatise on the art of lovemaking An insightful consideration of the connections between sensual pleasure and spiritual enlightenment this classic work presents a sincere and civilized approach to sexuality that modern readers will find refreshing and inspirational This ebook has been professionally proofread to ensure accuracy and readability on all devices

**The Kama Sutra of Vatsyayana** Vatsyayana Vatsyayana,Richard Burton,2014-08-05 The author of the Secrets of Love No was a poet

named Kukkoka He composed his work to please one Venudutta who was perhaps a king When writing his own name at the end of each chapter he calls himself Siddha patiya pandita i e an ingenious man among learned men The work was translated into Hindi years ago and in this the author s name was written as Koka And as the same name crept into all the translations into other languages in India the book became generally known and the subject was popularly called Koka Shastra or doctrines of Koka which is identical with the Kama Shastra or doctrines of love and the words Koka Shastra and Kama Shastra are used indiscriminately The work contains nearly eight hundred verses and is divided into ten chapters which are called called Pachivedas Some of the things treated of in this work are not to be found in the Vatsyayana such as the four classes of women viz the Padmini Chitrini Shankini and Hastini as also the enumeration of the days and hours on which the women of the different classes become subject to love The author of the Five Arrows No in the list was one Jyotirisha He is called the chief ornament of poets the treasure of the sixty four arts and the best teacher of the rules of music This work contains nearly six hundred verses and is divided into five chapters called Sayakas or Arrows The author of the Light of Love No was the poet Gunakara the son of Vechapati The work contains four hundred verses and gives only a short account of the doctrines of love dealing more with other matters The Garland of Love No is the work of the famous poet Jayadeva who said about himself that he is a writer on all subjects This treatise is however very short containing only one hundred and twenty five verses The author of the Sprout of Love No was a poet called Bhanudatta The work written in Sanscrit gives the descriptions of different classes of men and women their classes being made out from their age description conduct etc It contains three chapters and its date is not known and cannot be ascertained The Stage of Love No was composed by the poet Kullianmull for the amusement of Ladkhan the son of Ahmed Lodi The work would therefore have been written in the fifteenth or sixteenth century It contains ten chapters and has been translated into English but only six copies were printed for private circulation This is supposed to be the latest of the Sanscrit works on the subject and the ideas in it were evidently taken from previous writings of the same nature The contents of these works are in themselves a literary curiosity There are to be found both in y Men and women are divided into classes and divisions As Venus was represented by the Greeks to stand forth as the type of the beauty of woman so the Hindoos describe the Padmini or Lotus woman as the type of most perfect feminine excellence as follows She in whom the following signs and symptoms appear is called a Padmini Her face is pleasing as the full moon her body well clothed with flesh is soft as the Shiras or mustard flower her skin is fine tender and fair as the yellow lotus never dark coloured Her eyes are bright and beautiful as the orbs of the fawn well cut and with reddish corners Her bosom is hard full and high she has a good neck her nose is straight and lovely and three folds or wrinkles cross her middle about the umbilical region Her yoni resembles the opening lotus bud and her love seed Kama salila is perfumed like the lily that has newly burst She walks with swan like gait and her voice is low and musical as the note of the Kokila bird she delights in white raiments in fine jewels and in rich dresses She eats little sleeps lightly and being as respectful and religious

as she is clever and courteous she is ever anxious to worship the gods and to enjoy the conversation of Brahmins
