Making Of The President The Unauthorized Campaign Biography:

The Making of the President, 1789 Marvin Kitman, 1991 **The Making of the President 1789** Marvin Kitman, 2000
Satire of the contemporary campaign insider book while making the case that George Washington was not only First in War First in Peace He was also first among the Founding Fathers in gambling drinking and social climbing *Inventing Ethan Allen* John J. Duffy, H. Nicholas Muller, III, 2014-06-03 Since 1969 Ethan Allen has been the subject of three biographical studies all of which indulge in sustaining and revitalizing the image of Allen as a physically imposing Vermont yeoman a defender of the rights of Americans an eloquent military hero and a master of many guises from rough frontiersman to gentleman philosopher Seeking the authentic Ethan Allen the authors of this volume ask How did that Ethan Allen secure his place in popular culture As they observe this spectacular persona leaves little room for a more accurate assessment of Allen as a self interested land speculator rebellious mob leader inexperienced militia officer and truth challenged man who would steer Vermont into the British Empire Drawing extensively from the correspondence in Ethan Allen and his Kin and a wide range of historical political and cultural sources Duffy and Muller analyze the factors that led to Ethan Allen's two hundred year old status as the most famous figure in Vermont's past Placing facts against myths the authors reveal how Allen acquired and retained his iconic image how the much repeated legends composed after his death coincide with his life why recollections of him are synonymous with the story of Vermont and why some Vermonters still assign to Allen their own cherished and idealized values *Commercial Providence* Patrick Mendis, 2012-07-10 What is behind the success of America Does America manifest its destiny by other means Author Patrick Mendis explores unseen forces that have guided America to global dominance He details how the creation of Madison's Universal Empire through Hamilton's Federalism realizes Jefferson's Empire of Liberty The author then unveils America's Masonic endgame of universal brotherhood E Pluribus Unum

The American Presidents, Washington to Tyler Robert A. Nowlan, 2014-01-10 As of 2012 only 43 men have held the office of the President of the United States Some have been sanctified and some reviled This historical work addresses the careers of the first ten presidents men who made vital contributions not only to the office of the presidency but to the course of the fledgling nation From Washington through Tyler every term is recounted in detail and each presidential profile provides as many as a hundred quotations with full source notes by the president his friends family historians and others Each profile ends with an extensive bibliography of books about the president his principles and policies and also provides suggestion for further reading Rigorously nonpartisan in approach this detail rich text describes the early years of what may well be one of the most demanding jobs in the world *499 Facts about Hip-Hop Hamilton and the Rest of America's Founding Fathers* Stephen Spignesi, 2016-10-25 You want a revolution So did Alexander Hamilton and the Founding Fathers America has fallen in love again with Alexander Hamilton and the Founding Fathers Here is a popping fresh collection of facts and forgotten trivia surrounding the American Revolution and our forefathers from those you'd expect George

Political Satire, Postmodern Reality, and the Trump Presidency
Mehnaaz Momen, 2018-12-11 This book attempts to grasp the recent paradigm shift in American politics through the lens of satire It connects changes in the political and cultural landscape to corresponding shifts in the structure and organization of the media in order to shed light on the evolution of political satire on late night television Satire is situated in its historical background to comprehend its movement away from the fringes of discourse to the very center of politics and the media Beginning in the 1990s certain trends such as technological advances media consolidation and the globalization of communications reinforced each other paving the way for satire to claim a prized spot in the visual media a tendency that only gained strength after September 11 While the Bush presidency presented itself as an apposite target for satirists their stronghold on American television was made possible by a number of transitions in broader culture which are encapsulated in the shrinking space available for political engagement under neoliberalism This largely underestimated development can be understood through the framework of postmodernism which focuses on the relationship between language power and the presentation of reality These trends and transitions reached a climax in the 2016 election where President Trump was elected embodying what can only be considered a significant turning point in American politics The bigger narrative contains various subplots represented in the rise of the neoliberal economy the acceptance of postmodernism as the dominant cultural code and the role of the voyeur superseding that of the engaged citizen It is only through understanding each of these pieces and connecting them that we can comprehend the current political transformation The present moment may feel like a golden age of satire and it may well be but this book addresses the hardest questions about the realities behind such a claim what can we conclude about when and how satire is effective judging by the history of this genre in its various incarnations

and how can the apolitical postmodern media landscape be reconciled with what the best of this genre has had to offer during times of political duress The Presidents We Imagine Jeff Smith,2009-03-19 In The Presidents We Imagine Jeff Smith examines the presidency s ever changing place in the American imagination Ranging across different media and analyzing works of many kinds some familiar and some never before studied he explores the evolution of presidential fictions their central themes the impact on them of new and emerging media and their largely unexamined role in the nation s real politics America, History and Life ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada Legal History of the Presidential Election Campaign Fund Act ,1991 *Biography Index* Bea Joseph,1990 A cumulative index to biographical material in books and magazines *Wisconsin Magazine of History* Milo Milton Quaife,Joseph Schafer,Edward Porter Alexander,1989 **Bibliographic Index** ,1991 The Eighteenth Century ,1996 **American Book Publishing Record** ,2001 **Summary of Jared Kushner's Breaking History** Milkyway Media,2022-12-05 Buy now to get the main key ideas from Jared Kushner s Breaking History As senior adviser and son in law Jared Kushner had the ultimate insider s view of the Donald Trump presidency In Breaking History 2022 Kushner details his experiences providing a rosy account of Trump s administration from his perspective as a Trump loyalist Kushner sees himself as a businessman with no political aspirations who accomplished great things when history unexpectedly called on him Legislative History of Federal Election Campaign Act Amendments of 1976 United States.
