

FAQs: Mathematics Credits

- ❑ What courses may students take for the third math credit?
 - Students may take algebra 2, integrated math III, or a rigorous, high school level math course that meets the student's education and career goals identified in the student's high school and beyond plan. Courses in which the majority of the math is at a K-8 level would not qualify for the third credit.
 - The intent of the third credit is to enrich and build upon the experiences of algebra/integrated math I and geometry/integrated math II. Traditional math examples may include, but are not limited to: statistics, discrete math, linear algebra and mathematical modeling.
