Equity In Mathematics Education

Gabriele Kaiser,2005-08-08 This text provides a critical overview of current thinking about equity issues in the teaching and learning of mathematics Grounded in feminist theories of curriculum change and a broad range of cultural perspectives the new approaches described here go beyond special programmes and experimental treatments designed to correct perceived problems and deficits Instead they establish how improved

instructional practices and a fuller understanding of the nature of the mathematical enterprise can overcome the systemic obstacles that have thwarted women's participation in this important field. This book will appeal to all those who are interested in the mathematical education of women including teachers, parents, administrators and researchers.

Homeschooling: The Teen Years Cafi Cohen, 2000-05-11 Discover the Rewards of Homeschooling Your Teen. Create unlimited learning on a limited budget. Discover teaching methods for teens with different learning styles. Utilize the best resources and technology. Prepare your teen for college, career and adult life. The teen years can be the most exciting time in your child's life. He or she is becoming an independent young adult and beginning to make decisions for the future. Yet growing concern about the negative social pressures, safety and efficiency of our traditional high schools has prompted many parents just like you to teach their teenagers at home. With *Homeschooling: The Teen Years* as your guide, you'll discover it's not as daunting a task as you've been led to believe. Using real-life stories from dozens of families, this book reveals the secrets of making homeschooling work for you and your teen. You'll discover how to work with your teen to create a unique individual learning experience. Make coursework interesting, challenging and fun. Allow your teen to discover the best vocational path including selecting a college. Know when your teen has completed high school. And much more. Contains three of the most helpful sentences I've ever read on the question of homeschooling. Just start. You will make mistakes. No big deal. What excellent advice. One of the most thoroughly helpful books I've read in years. If you're homeschooling a teenager, you'll want and need this outstanding book. Helen Hegener, managing editor of *Home Education Magazine*. Am I crazy? Homeschool my teen. But how do I do it? When should I do it? Where do I find information and is this really a good choice? If this sounds like you, stop shopping and start reading. This book provides insights and solutions to questions from A to Z. Highly recommended. Cindy Stanley, sponsor of the Homeschooling for Everyone Conferences. Lots of practical tips, examples and help. I loved the smorgasbord of ideas from other homeschooling parents of teens showing the wide range of ways to learn and excel. Judith Waite Allee, coauthor of *Homeschooling on a Shoestring*.
