Matter Of Ethics Facing The Fear Of Doing The Right Thing:

A Matter of Ethics Teri J. Traaen, 2000 Explores a variety of parameters regarding ethical inquiry This book gives insight into the application of the tenets of Systems Theory symbolic interactionism and societal rule breaking known for the purpose of this context as unethical conduct It includes information for individuals whose role it is to practice ethics in the public sector *American Book Publishing Record*, 2005

The Futility of Philosophical Ethics James Kirwan, 2022-02-24 The Futility of Philosophical Ethics puts forward a novel account of the grounds of moral feeling with fundamental implications for philosophical ethics It examines the grounds of moral feeling by both the phenomenology of that feeling and the facts of moral feeling in operation particularly in forms such as moral luck vicious virtues and moral disgust that appear paradoxical from the point of view of systematic ethics Using an analytic approach James Kirwan engages in the ongoing debates among contemporary philosophers within metaethics and normative ethics Instead of trying to erase the variety of moral responses that exist in philosophical analysis under one totalizing system Kirwan argues that such moral theorizing is futile His analysis counters currently prevalent arguments that seek to render the origins of moral experience unproblematic by finding substitutes for realism in various forms of noncognitivism In reasserting the problematic nature of moral experience and offering a theory of the origins of that experience in unavoidable individual desires Kirwan accounts for the diverse manifestations of moral feeling and demonstrates why so many arguments in metaethics and normative ethics are necessarily irresolvable *Foundations of Healthcare Ethics* Jānis T. Ozoliņš, Joanne Grainger, 2015-04-08 This book arms both students and professionals with the knowledge to tackle situations of moral uncertainty in clinical practice
