Persepolis 2 The Story Of A Return:

Persepolis 2 Marjane Satrapi, 2004-08-31 The fascinating continuation of the best selling *Persepolis* one of the freshest and most original memoirs of our day Los Angeles Times Marjane Satrapi dazzles with her heartrending graphic memoir about growing up in Iran during the Islamic Revolution In 1984 Marjane flees fundamentalism and the war with Iraq to begin a new life in Vienna Once there she faces the trials of adolescence far from her friends and family and while she soon carves out a place for herself among a group of fellow outsiders she continues to struggle for a sense of belonging Finding that she misses her home more than she can stand Marjane returns to Iran after graduation Her difficult homecoming forces her to confront the changes both she and her country have undergone in her absence and her shame at what she perceives as her failure in Austria Marjane allows her past to weigh heavily on her until she finds some like minded friends falls in love and begins studying art at a university However the repression and state sanctioned chauvinism eventually lead her to question whether she can have a future in Iran As funny and poignant as its predecessor *Persepolis 2* is another clear eyed and searing condemnation of the human cost of fundamentalism In its depiction of the struggles of growing up here compounded by Marjane s status as an outsider both abroad and at home it is raw honest and incredibly illuminating **Persepolis 2**

Marjane Satrapi, 2005-08-02 Funny and heartbreaking this eagerly awaited sequel to Satrapi s memoir in comic strips *Persepolis* about her Iranian adolescence and about the life of her entire nation continues with the same dazzling combination of singular artistry insight and storytelling as her first book **Girls and Their Comics** Jacqueline Danziger-Russell, 2013 In America comics and comic books have often been associated with adolescent male fantasy muscle bound superheroes and scantily clad women Nonetheless comics have also been read and enjoyed by girls While there have been many strong representations of women throughout their history the comics of today have evolved and matured becoming a potent medium in which to explore the female experience particularly that of girlhood and adolescence In *Girls and Their Comics* Finding a Female Voice in Comic Book Narrative Jacqueline Danziger Russell contends that comics have a unique place in the representation of female characters She discusses the overall history of the comic book paying special attention to girls comics showing how such works relate to a female point of view While examining the concept of visual literacy Danziger Russell asserts that comics are an excellent space in which the marginalized voices of girls may be expressed This volume also includes a chapter on manga Japanese comics which explains the genesis of girls comics in Japan and their popularity with girls in the United States Including interviews with librarians comic creators and girls who read comics and manga *Girls and Their Comics* is an important examination of the growing interest in comic books among young females and will appeal to a wide audience including literary theorists teachers librarians popular culture and women s studies scholars and comic book historians **Rethinking English in Schools** Viv Ellis, Carol Fox, Brian Street, 2007-11-20 Why should young people study a subject called English This question lies at the heart of this fascinating monograph which brings together the diverse

perspectives of many leading thinkers about English and literacy education This meticulously researched and well written collection takes as its starting point the importance of the history of the subject in the formation of its constitution and its boundaries First and foremost it proposes that questions of aims and values have informed these choices Equally it suggests that returning to these educational questions helps us to understand curriculum and pedagogy in complex ways that a simple focus on content and methods neglects Curriculum and pedagogy bring learners teachers institutions and the wider society into the debate

Popular Appeal Lesley Hawkes,Vivienne Muller,Sharyn Pearce,2013-11-18 Now is an opportune moment to consider the shifts in youth and popular culture that are signalled by texts that are being read and viewed by young people In a world seemingly compromised by climate change political and religious upheavals and economic irresponsibility and at a time of fundamental social change young people are devouring fictional texts that focus on the edges of identity the points of transition and rupture and the assumption of new and hybrid identities This book draws on a range of international texts to address these issues and to examine the ways in which key popular genres in the contemporary market for young people are being re defined and re positioned in the light of urgent questions about the environment identity one s place in the world and the fragile nature of the world itself The key questions are What are the shifts and changes in youth culture that are identified by the market and by what young people read and view How do these texts negotiate the addressing of significant questions relating to the world today Why are these texts so popular with young people What are the most popular genres in contemporary best sellers and films Do these texts have a global appeal and if so why These over arching themes and ideas are presented as a collection of inter related essays exploring a rich variety of forms and styles from graphic novels to urban realism from fantasy to dystopian writing from epic narratives to television musicals The subjects and themes discussed here reveal the quite remarkable diversity of issues that arise in youth fiction and the variety of fictional forms in which they are explored Once seen as not as important as adult fiction this book clearly demonstrates that youth fiction and the popular appeal of this fiction is complex durable and far reaching in its scope

Familiar and Foreign Manijeh Mannani, Veronica Thompson, 2015-09-30 The current political climate of confrontation between Islamist regimes and Western governments has resulted in the proliferation of essentialist perceptions of Iran and Iranians in the West Such perceptions do not reflect the complex evolution of Iranian identity that occurred in the years following the Constitutional Revolution 1906-11 and the anti-imperialist Islamic Revolution of 1979 Despite the Iranian government's determined pursuance of anti-Western policies and strict conformity to religious principles the film and literature of Iran reflect the clash between a nostalgic pride in Persian tradition and an apparent infatuation with a more Eurocentric modernity In *Familiar and Foreign* Mannani and Thompson set out to explore the tensions surrounding the ongoing formulation of Iranian identity by bringing together essays on poetry novels memoir and films These include both canonical and less widely theorized texts as well as works of literature written in English by authors living in diaspora Challenging neocolonialist stereotypes these critical excursions into Iranian literature and film reveal the limitations of collective identity as it has been configured within and outside of Iran Through the examination of works by among others the iconic female poet Forugh Farrokhzad the expatriate author Goli Taraghi the controversial memoirist Azar Nafisi and the graphic novelist Marjane Satrapi author of *Persepolis* this volume engages with the complex and contested discourses of religion patriarchy and politics that are the contemporary product of Iran's long and revolutionary history

Tribeswomen of Iran Julia Huang, 2014-09-19 Since the revolution in 1979 the Islamic Republic of Iran has permitted very few Western scholars to conduct research in the country Foreign travellers and media persons have limited access and much Iranian scholarship tends to focus on the realms of politics and government Here Julia Huang provides a remarkable account of local tribal Iranian life offering a rare glimpse into the daily rhythms and social richness beyond the capital city of Tehran The Qashqai are a confederation of nomadic tribes of which the Qermezi Red Ones are one migrating semiannually between winter pastures near the Persian Gulf and summer pastures southwest of the city of Isfahan Huang has visited and traveled with the Qermezi for extended periods across fourteen years Drawing on her experiences participation and observation she offers an intimate window onto their life She focuses on a small group of women spanning four generations who are part of a

large extended family and describes their ways of life their activities and interactions and their distinctive sociocultural and ecological setting Like other nomadic peoples around the world the Qashqa i increasingly face pressures that threaten their livelihoods lifestyles and culture Huang shows us how women negotiate compromises between customary tribal values and external influences and sketches their efforts to resist the influences of an Islamizing modernizing and centralizing government With shadows and resonances that rebound across the stories of these women Huang is able to present multiple perspectives on events and contentious issues for instance the politicized issue of women s state mandated modest dress Huang also explains how the Turkic speaking Qashqa i relate to the wider Iranian society and the Islamic Republic of Iran adapting to a rapidly changing world while retaining tribal values and a distinctive ethnolinguistic identity as one of Iran s national minorities In describing life at the local level in Iran Huang depicts a community largely beyond the scope and reach of foreign travellers and the Western media With rich ethnographic description and analysis intimate portraits of the private lives and spaces of women and children and diverse perspectives this engagingly written account documents a disappearing way of life Tribeswomen of Iran is essential reading for all those interested in Iran the Middle East anthropology nomadism and gender

Best Books for Young Adults Holly Koelling,2007-08-13 Rev ed of *Best books for young adults* Betty Carter with Sally Estes and Linda Waddle 2nd ed c2000 *Young Adult Resources Today* Don Latham,Melissa Gross,2014-05-21 *Young Adult Resources Today* Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook

specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail; instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory research and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood diversity YA development and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres: movies, magazines, web sites, social media and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces, readers advisory programming and collaboration. Special attention is paid to program planning and evaluation.
