Poetics Of Fascism:

The Poetics of Fascism Paul A. Morrison,1996 Morrison concludes with a provocative analysis of deconstruction and the work of Paul de Man Without reducing the political implications of poetry to mere caricature and without slighting the force and fact of literary mediation The Poetics of Fascism will reshape the discussion of the social dimension of modernism

A Poetics Charles Bernstein,1992 In a wild variety of topics polemic and styles Bernstein surveys the poetry scene and addresses hot issues of poststructuralist literary theory What role should poetics play in contemporary culture Bernstein finds the answer in dissent in both argument and form a poetic language that resists being absorbed into the conventions of our culture

Poetics of Loss in the Cantos of Ezra Pound Nick Selby,2005 This book examines how the modernist poetics exemplified in Ezra Pound's epic poem The Cantos are unavoidable bound in with the ideological forces underpinning his advocacy of fascism Overall it argues that Pound's reactionary urge to redefine a lost culture couples with his sense of textual annihilation of a validating poetic centre is the cultural ground on which his ideal of fascist republic rests

Fascism's Return Richard Joseph Golsan,1998-01-01 In Fascism's Return eleven leading American and European scholars examine the resurgence of fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships

The Far-Right, Education and Violence Michael A. Peters,Tina Besley,2020-10-19 In the last decade the far right associated with white nationalism identitarian politics and nativist ideologies has established itself as a major political force in the West making substantial electoral gains across Europe the USA and Latin America and coalescing with the populist movements of Trump Brexit and Boris Johnson's 2019 election in the UK This political shift represents a major new political force in the West that has rolled back the liberal internationalism that developed after WWI and shaped world institutions globalization and neoliberalism It has also impacted upon the democracies of the West Its historical origins date from the rise of fascism in Italy Germany and Austria from the 1920s In broad philosophical terms the movement can be conceived as a reaction against the rationalism and individualism of liberal democratic societies and a political revolt based on the philosophies of Nietzsche Darwin and Bergson that purportedly embraced irrationalism subjectivism and vitalism This edited collection of essays by Michael A Peters and Tina Besley taken from the journal Educational Philosophy and Theory provides a philosophical discussion of the rise of the far right and uses it as a canvas to understand the return of fascism white supremacism acts of terrorism and related events including the refugee crisis the rise of authoritarian populism the crisis of international education and Trump's end of globalism

The Politics of Poetics Federica Santini,2014-10-17

Through a series of original analyses of poetic works belonging to the Italian canon or purposely posing themselves at the margins of it this book seeks to highlight poetry as an art form which has the capacity to show the incongruities of society not just semantically but especially through the use it makes of signifiers which allow meaning to come through notwithstanding linear communication Specifically this volume identifies and analyzes a line of diverse early modern to contemporar

Poetics of Emergence Benjamin Lee,2020-07-15 Experimental poetry responded to historical change in the decades after World War II with an attitude of such casual and reckless originality that its insights have often been overlooked However as Benjamin Lee argues to ignore the scenes of self and the historical occasions captured by experimental poets during the 1950s and 1960s is to overlook a rich and instructive resource for our own complicated transition into the twenty first century Frank O Hara and fellow experimental poets like Amiri Baraka Diane di Prima and Allen Ginsberg offer us a set of perceptive responses to Cold War culture lyric meditations on consequential changes in U S social life and politics including the decline of the Old Left the rise of white collar workers and the emergence of vernacular practices like hipsterism and camp At the same time they offer us opportunities to anatomize our own desire for historical significance and belonging a desire we may well see reflected and reconfigured in the work of these poets **Modernist Writing and**

Reactionary Politics Charles Ferrall,2001-02 Ferrall offers insights into the relation between modernist aesthetics technology and politics **Approaches to Discourse, Poetics and Psychiatry** Iris M. Zavala,Teun A. van Dijk,Myriam Díaz-Diocaretz,1988-01-01 A collection of innovative essays representing the most recent developments in poetry as discourse the discourse of power and discourse of psychiatry and psychosis The essays in this volume deal with questions of interpretation of poetry psychoanalysis and political theory All are presented here as appropriate objects of discourse studies which go beyond conventional analysis **The Cambridge Companion to British Literature of the 1930s** James

Smith,2019-12-19 Explores 1930s authors genres and contexts giving fresh attention to well known authors and bringing new writers and approaches to the fore **Poetic Community** Stephen Voyce,2013-01-01 Poetic Community examines the

relationship between poetry and community formation in the decades after the Second World War In four detailed case studies of Black Mountain College in North Carolina the Caribbean Artists Movement in London the Women s Liberation Movement at sites throughout the US and the Toronto Research Group in Canada the book documents and compares a diverse group of social models small press networks and cultural coalitions informing literary practice during the Cold War era Drawing on a wealth of unpublished archival materials Stephen Voyce offers new and insightful comparative analysis of poets such as John Cage Charles Olson Adrienne Rich Kamau Brathwaite and bpNichol In contrast with prevailing critical tendencies that read mid century poetry in terms of expressive modes of individualism Poetic Community demonstrates that the most important literary innovations of the post war period were the results of intensive collaboration and social action opposing the Cold War s ideological enclosures **Humor, Empathy, and Community in Twentieth-Century American**

Poetry Rachel Trousdale, 2021-12-16 Humor Empathy and Community in Twentieth Century American Poetry explores how American poets of the last hundred years have used laughter to create communities of readers and writers For poets slightly outside of the literary or social mainstream humor encourages mutual understanding and empathic insight among artist audience and subject As a result laughter helps poets reframe and reject literary political and discursive hierarchies whether to overturn those hierarchies or to place themselves at the top While theorists like Freud and Bergson argue that laughter patrols and maintains the boundary between in group and out group this volume shows how laughter helps us cross or redraw those boundaries Poets who practice such constructive humor promote a more democratic approach to laughter Humor reveals their beliefs about their audiences and their attitudes toward the Romantic notion that poets are exceptional figures When poets use humor to promote empathy they suggest that poetry's ethical function is tied to its structure empathy humor and poetry identify shared patterns among apparently disparate objects This book explores a broad range of serious approaches to laughter the inclusive community building humor of W H Auden and Marianne Moore the self aggrandizing humor of Ezra Pound the self critical humor of T S Eliot Sterling Brown's antihierarchical comedy Elizabeth Bishop's attempts to balance mockery with sympathy and the comic epistemologies of Lucille Clifton Stephanie Burt Cathy Park Hong and other contemporary poets It charts a developing poetics of laughter in the twentieth and twenty first centuries showing how humor can be deployed to embrace to exclude and to transform *Rethinking the Vanguard* John W.

Maerhofer, 2009-05-27 How has political revolution figured into the development of avant garde cultural production Is the vanguard an antiquated concept or does its influence still resonate in the 21st century Focusing closely on the convergence of aesthetics and politics that materialized in the early part of the twentieth century this study offers a reinterpretation of the historical avant garde from 1917 to 1962 a turbulent period in intellectual history which marked the apex crisis and decline of vanguardist authority Moving from the impact of the Bolshevik Revolution to the anti imperialist and decolonizing movements in the Third World to the emergence of neo vanguardism in the wake of postmodernity this study opens the way for understanding the transformation of vanguardist cultural paradigms from a global perspective the implications of which also reveal its relevance and application to the contemporary period *Even Strange Ghosts Can Be Shared* Jack

Spicer, 2025-09-02 The more than 300 letters collected in *Even Strange Ghosts Can Be Shared* are a crucial component of Jack Spicer's unique oeuvre and they radiate with the brilliance ferocity and vulnerability that characterizes his poetry Spicer writes tenderly to lovers and friends in self reflective series that recall the poetic sequences in *My Vocabulary Did This To Me* The Collected Poetry of Jack Spicer Letters to elders like Charles Olson and Ezra Pound and to poetic collaborators like Robin Blaser and Robert Duncan provide insight into the inner workings of an avant garde and are indispensable documents for students of 20th century American poetry Writing to younger poets Spicer offers inspiring words of mentorship sometimes with a sting about how to live in total devotion to art Spicer's letters paint a unique portrait of the political and personal

challenges faced by a gay man at mid century including documents from his involvement in the early gay rights movement The fully annotated letters in *Even Strange Ghosts Can Be Shared* contribute vital details to Spicer s biography Poet Be Like God Jack Spicer and the San Francisco Renaissance by Lewis Ellingham and Kevin Killian They stand alongside the recently published *Be Brave to Things The Uncollected Poetry and Plays of Jack Spicer* edited by Daniel Katz as key components of Spicer s inventive and influential writings Readers of Spicer s poetry will delight to find his extraordinary letters previously uncollected and mostly never before published in one volume Publication of this book is funded by the Beatrice Fox Auerbach Foundation Fund at the Hartford Foundation for Public Giving The Transmutation of Love and Avant-Garde Poetics

Jeanne Heuving, 2016-05-19 *The Transmutation of Love and Avant Garde Poetics* is a probing examination of how the writing of sexual love undergoes a radical revision by avant garde poets in the twentieth and twenty first centuries Today the exploration of love by poets long a fixture of Western poetic tradition is thought to be in decline with love itself understood to be a mere ideological overlay for the more real entities of physical sex and desire In *The Transmutation of Love and Avant Garde Poetics* Jeanne Heuving claims that a key achievement of poetry by Ezra Pound H D Robert Duncan Kathleen Fraser Nathaniel Mackey and others lies significantly in their engagement with the synergistic relations between being in love and writing love These poets she argues have traded the clichéd lover of yore for impersonal or posthuman poetic speakers that sustain the gloire and mystery of love poetry of prior centuries As Robert Duncan writes There is a love in which we are outcast and vagabond from what we are that we call falling in love Heuving claims that this writing of love is defining for avant garde poetics identifying how such important discoveries as Pound s and H D s Imagism Pound s Cantos and Duncan s open field poetics are derived through their changed writing of love She draws attention to how the prevailing concept of language as material is inadequate to the ways these poets also engage language as a medium as a conduit enabling them to address love afresh in a time defined through preoccupations with sexuality They engage love as immanent and change it through a writing that acts on itself *The Transmutation of Love and Avant Garde Poetics* ascribes the waning of love poetry to its problematic form a genre in which empowered poetic speakers constitute their speech through the objectification of comparatively disempowered subjects or beloveds Refusing this pervasive practice the poets she highlights reject the delimiting one sided tradition of masculine lovers and passive feminine beloveds instead they create a more nuanced dynamic poetics of ecstatic exploration what Heuving calls projective love and libidinalized field poetics a formally innovative poetry in which one perception leads directly to the next and all aspects of a poem are generative of meaning *Modernism, 1910-1945* Jane Goldman, 2017-04-29 This essential guide explores and celebrates the rise and development of modernist and avant garde literatures and theories in the period 1910 1945 from Imagism to the Apocalypse movement Jane Goldman charts transitions in writing reading performing and publishing practices and in international groupings and regroupings of writers and artists and interrogates the term Modernism which labels the era Goldman introduces students to the work of

many canonical high modernist writers such as Ezra Pound T S Eliot W B Yeats James Joyce and Virginia Woolf and samples the work of other important modernist figures including Nathanael West John Rodker Aldous Huxley and the Harlem Renaissance poets

David Jones: A Christian Modernist? Jamie Callison, Erik Tønning, Anna Johnson, Paul Fiddes, 2017-11-01 David Jones A Christian Modernist is a major reassessment of the work of the poet artist and essayist David Jones 1895 1974 in light of the complex ambiguous idea of a Christian modernism His richly experimental and palimpsestic poetry art and thought drew extensively on Christian tradition and symbolism as a key to the future rejecting a technocratic and utilitarian modernity in favour of a revitalised culture of sign and sacrament This volume examines historical influences on Jones's development his impassioned engagement with the idea of modernity and with modernist literature and art the theological sources and resonances of his work and contemporary or late modern perspectives on his achievement

The Poetics of Utopia Stewart Cole, 2023-05-18 Focusing on the work of two of the 20th century's most politically engaged poets W B Yeats and W H Auden this book unpacks how they directly confront the concept of utopia how they engage with utopia as a literary genre and how their work conceives of poetry as a utopian artform capable of uniquely embodying our social aspirations Despite consistently projecting visions of more ideal futures through both its subject matter and its form poetry is not often counted among the annals of utopian literature Through an examination of these two great writers poems essays reviews and other writings with a focus on many of their best known poems this book highlights both the pervasive presence of a utopian impulse in their work and the importance of their contributions to discussions of utopia's meaning and relevance in both their own politically fraught era and ours
