leaders at all levels can develop essential skills for communicating and collaborating across cultures *The Meat Racket*
 Christopher Leonard, 2015-02-24 In *The Meat Racket* investigative reporter Christopher Leonard delivers the first ever
 account of how a handful of companies have seized the nation's meat supply He shows how they built a system that puts
 farmers on the edge of bankruptcy charges high prices to consumers and returns the industry to the shape it had in the
 1900s before the meat monopolists were broken up At the dawn of the 21st century the greatest capitalist country in the
 world has an oligarchy controlling much of the food we eat and a high tech sharecropping system to make that possible
 These companies are even able to raise meat prices for consumers while pushing down the price they pay to farmers We
 know that it takes big companies to bring meat to the American table What *The Meat Racket* shows is that this industrial
 system is rigged against all of us From publisher description Cumulative List of Organizations Described in Section 170
