Pinch Me Barbara Boyle,2025-02-11 For fans of Stanley Tucci and Frances Mayes Barbara Boyle s story of leaving her California home to restore an old stone farmhouse in Italy s Piedmont only to fall in love with the food and people of her enchanting new town will delight and inspire An updated twist on the classic Under the Tuscan Sun this is the deeply personal story of how fiftysomething Barbara Boyle leaves her busy and familiar life behind in San Francisco and begins taking apart a 300 year old stone barn to build a new home a new life in the largely undiscovered region of Piedmont Italy Filled with discoveries and pleasures of the stunning places and food she encounters Pinch Me also details Barbara s frustrations in adjusting to a new culture as well as the startling heartbreak of being faced with a breast cancer diagnosis But even in the midst of this crisis she and her husband create a home out of the stone ruin they had found forming deep friendships in their little town and unlocking a new level of joy in life She shares intimate moments joyous and bittersweet as a new wife stepmom and a member of a community and of course she shares a few recipes reflecting the gastronomical excellence of the region A touching memoir filled with food friendships and scenes of Italy Pinch Me is ultimately a celebration of love of learning to see the world as well as oneself through a different window and of the powerful joy that comes from building a dream

Colonial Food in Interwar Paris Lauren Janes,2016-02-25 In the wake of the First World War in which France suffered severe food shortages colonial produce became an increasingly important element of the French diet The colonial lobby seized upon these foodstuffs as powerful symbols of the importance of the colonial project to the life of the French nation But how was colonial food really received by the French public And what does this tell us about the place of empire in French society In Colonial Food in Interwar Paris Lauren Janes disputes the claim that empire was central to French history and identity arguing that the distrust of colonial food reflected a wider disinterest in the empire From Indochinese rice to North African grains and tropical fruit to curry powder this book offers an intriguing and original challenge to current orthodoxy about the centrality of empire to modern France by examining the place of colonial foods in the nation s capital
