Religion And Politics Eastwest Contrasts From Contemporary Europe:

Religion and Politics in Russia: A Reader Marjorie Mandelstam Balzer, 2015-01-28 Russia is not only vast it is also culturally diverse the core of an empire that spanned Eurasia In addition to the majority Russian Orthodox and various other Christian groups the Russian Federation includes large communities of Muslims Jews Buddhists and members of other religious groups some with ancient historical roots All are in a state of ferment and securing formal state recognition for specific communities is often daunting This collection provides entry into the diversity of Russia s religious communities Marjorie Mandelstam Balzer s introduction to the volume illuminates major political social and cultural anthropological trends The book is organized by religious tradition or identity with further thematic perspectives on each set of readings The authors include ethnologists sociologists political analysts and religious leaders from many regions of the Federation They analyze the changing dynamics of religion and politics within each community and in the context of the current drive to recentralize both political and religious authority in Moscow Topical coverage extends from reassertions of Russian Orthodoxy to activities of Christian and Muslim missionaries to the revival of many other religions including indigenous shamanic ones

Religion and the Struggle for European Union Brent F. Nelsen, James L. Guth, 2015-05-01 In Religion and the Struggle for European Union Brent F Nelsen and James L Guth delve into the powerful role of religion in shaping European attitudes on politics political integration and the national and continental identities of its leaders and citizens Nelsen and Guth contend that for centuries Catholicism promoted the universality of the Church and the essential unity of Christendom Protestantism by contrast esteemed particularity and feared Catholic dominance These differing visions of Europe have influenced the process of postwar integration in profound ways Nelsen and Guth compare the Catholic view of Europe as a single cultural entity best governed as a unified polity against traditional Protestant estrangement from continental culture and its preference for pragmatic cooperation over the sacrifice of sovereignty As the authors show this deep cultural divide rooted in the struggles of the Reformation resists the ongoing secularization of the continent Unless addressed it threatens decades of hard won gains in security and prosperity Farsighted and rich with data Religion and the Struggle for European Union offers a pragmatic way forward in the EU s attempts to solve its social economic and political crises

Religious and Sexual Nationalisms in Central and Eastern Europe , 2015-08-26 Religious and Sexual Nationalisms in Central and Eastern Europe Gods Gays and Governments presents case studies from some ten countries that serve to explore the ways in which religion nationalism and homo sexuality intersect in public discourse It shows how religious leaders political and social movements LGBT organizations governments and media negotiate the powers of religion and state in taking position regarding sexual diversity These negotiations are as much about sexual morality as they are about national identity anti EU sentiments and the efforts of religious institutions to regain power in post communist societies Contributors are Alar Kilp Dorota Hall Koen Sloomaeckers Magda Dolinska Rydzek Marek Miku Mariecke van den Berg

The Oxford Handbook of Religion in Modern Ireland Gladys Ganiel, Andrew R. Holmes, 2024 This volume offers a range of sociological political and historical perspectives on religion in Ireland from 1800 to the present Going beyond the usual Catholicism Protestantism dichotomy and adopting an all island approach the book s contributors address religion s interaction with several contemporary themes and debates in modern Ireland

The Study of Religions in Ireland Brendan McNamara, Hazel O'Brien, 2022-06-02 This book provides a comprehensive and field defining examination of the study of religions in Ireland By bringing together some of the foremost experts on religions in an Irish context it critically traces the development of an important field of study and evaluates the thematic threads that have emerged as significant It thereby offers an assessment of contemporary religions in Ireland and their relationships to society culture economics politics and the State Contributors make connections between topics as diverse as Ireland s Revolutionary Period the formation of the Irish State the decline of Catholicism the rise of migrant religions and New Religious Movements and the effects of secularisation on religions and society This book emphasizes the interdisciplinary nature of the study of religions whilst illustrating the coherent themes that have shaped the development of the field in Ireland making it unique

Religion and Politics Tom Inglis, Zdzisław Mach, Rafał Mazanek, 2000 Essays on the church and religion in contemporary Europe

Religion in Times of Crisis, 2014-07-03 Religion is alive and well all over the world especially in times of personal political and social crisis Even in Europe long regarded the most secular continent religion has taken centre stage in how people respond to the crises associated with modernity or how they interact with the nation state In this book scholars working in and on Europe offer fresh perspectives on how religion provides answers to existential crisis how crisis increases the salience of religious identities and cultural polarization and how religion is contributing to changes in the modern world in Europe and beyond Cases from Poland to Pakistan and from Ireland to Zimbabwe among others demonstrate the complexity and ambivalence of religion s role in the contemporary world Contributors are Mariecke van den Berg David J Bos Marco Derks Marco Derks R Ruard Ganzevoort Milo Jovanovi Vladimir Kmec Marta Ko odziejska Anne Marie Korte Anne Sophie Lamine Christophe Monnot Alexandre Piettre Ali Qadir Srdjan

Religion in the Enlarged Europe Olaf Müller, 2016-02-24 Engaging with some of the central issues in the sociology of religion
this volume investigates the role and significance of churches and religion in contemporary Western and Eastern Europe
Based on an extensive international research project it offers case studies of various countries including Finland Ireland
Portugal Germany Poland Russia Estonia Hungary and Croatia as well as cross country comparisons Researching more
precisely the present social relevance of church and religion at different levels The Social Significance of Religion in the
Enlarged Europe raises and responds to both descriptive and explanatory questions Can we observe tendencies of religious
decline in the various Western and Eastern European countries Are we witnessing trends of religious individualization To
what extent has there been a religious upswing in the last few years And what are the factors causing the observed processes
of religious change Marked by its broad range of data and a coherent conceptual framework in accordance with which each
chapter assesses the extent to which three important theoretical approaches in the sociology of religion secularization theory
the market model of religion and the individualization thesis are applicable to the data this book will be of interest to scholars
of sociology politics and religion exploring religious trends and attitudes in contemporary Europe **Turkey's Accession to
the European Union** Edel Hughes, 2010-10-04 Turkey's accession to the European Union is undoubtedly one of the Union's
most contested potential enlargements The narrative that dominates the debate surrounding this issue primarily relates to
problems such as a lack of respect for fundamental human rights in Turkey the Kurdish question and the continuing
stalemate concerning northern Cyprus This book looks at these issues but also proposes that a review of Turkey's experience
with the EU in its numerous incarnations suggests that these concerns may mask a deeper disquiet Whilst there are several
questions that Turkey must address particularly in the area of human rights guarantees the concerns which raise debates
regarding Turkish membership are not issues that are unique to Turkey Turkey's EU experience also raises fundamental
questions about religion and the EU project that have greater implication than simply Turkish accession Through the lens of
the Turkish example this book addresses these broader questions such as the nature of European identity Europe's Christian
past the limits of pluralism and the fundamental question of religion in the European public sphere This book will be of great
interest to those engaged in research on European law and politics at undergraduate or postgraduate level It is also aimed at
academics with an interest in human rights and the European Union and with a regional interest in Turkey *Barbarism

Murphy, Anastasia Panagakos, 2015-12-01 This insightful three volume set examines faith through the social and cultural perspective of anthropology sociology and religious studies shedding light on the role of religion in the human experience Why is human suffering and the existence of evil part of the human experience How does religious doctrine establish one's identity In what ways does religion interact with and shape the social order This thought provoking work ponders these questions and explores the concept of religion from various perspectives as a tool for self and community based spiritual awareness as a set of practices that translates faith into interaction with others and as a cornerstone of society for those who seek to harness or hinder its influence Written in accessible and inviting language each volume focuses on a particular dimension of religion The first book examines religious experience in the modern world and explores suffering in religious faiths the second volume centers around ritual and pilgrimage and the last book analyzes the controversial relationship between religion and societies The content features such thought provoking topics as death and green burials sexuality and sex trade and how and why evil manifests in the human experience

Church and State Cristian Romocea, 2011-04-21 Twenty years have passed since the fall of the Iron Curtain yet emerging democracies continue to struggle with a secular state which does not give preference to churches as major political players This book explores the nationalist inclinations of an Eastern Orthodox Church as it interacts with a politically immature yet decisively democratic Eastern European state Discussing the birth pangs of extreme nationalist movements of the twentieth century it offers a creative retelling of the ideological idiosyncrasies which have characterized Marxist Communism and Nazism Cristian Romocea provides a constant juxtaposition of the ideological movements as they interacted and affected organized religion at times seeking to remove it assimilate it or even imitate it Of interest to historians theologians and politicians this book introduces the reader through a case study of Romania to relevant and contemporary challenges churches worldwide are facing in a context characterized by increased secularization of the state and radicalization of religion

Ethnicities and Values in a Changing World Gargi Bhattacharyya, 2016-05-23 Recent debates about national identity belonging and community cohesion can appear to suggest that ethnicity is a static entity and that ethnic difference is a source of conflict in itself Ethnicities and Values in a Changing World presents an alternative account of ethnicity This volume brings together an international team of leading scholars in the field of ethnic studies in order to examine innovative articulations of ethnicity and challenge the contention that ethnicity is static or that it necessarily represents traditional values and cultures It will appeal not only to sociologists but to anyone working in the fields of cultural studies race and ethnicity globalization migration and anthropology

No Problem Here Neil Davidson, Minna Liinpää, Maureen McBride, Satnam Virdee, 2018-03-15 Does Scotland have a problem with racism With its civic nationalism and welcoming attitude towards migrants and refugees Scotland is understood to be relatively free of structural and

institutional racism As the contributors to this book show such generalisations fail to withstand serious investigation Their research into the historical record and contemporary reality tells a very different story Opening up a debate on a subject that has been shut down for too long No Problem Here gathers together the views of academics activists and anti racism campaigners who argue that it is vital that the issue of racism be brought into the centre of public discourse Scotland's role in maintaining and extending slavery across the British Empire is finally beginning to receive the attention it deserves Yet there is much more that needs to be said about racism in Scotland today

Religious Liberty in Transitional Societies

John Anderson, 2003-08-14 It is commonly assumed that the issue of religion declines in political significance as societies modernise However the upheaval associated with the shift from authoritarian to more open regimes can be accompanied by a revitalisation of religion Individuals within these societies are struggling to find meaning in the seeming chaos of political change religious elites are seeking to define their own role within the new order and political elites are looking for new ways of ensuring legitimacy and building national unity In this book John Anderson constructs a theoretical framework where he compares and contrasts the politics of religious liberty in two Southern European countries two Central Eastern European countries and the evolution of the former USSR particularly Russia Exploring these issues of religious recognition and religious diversity Anderson attempts to expose the wider problem of creating a democratic mentality in such transitional societies through extensive original research and interviews

The Catholic Church and the Nation-State

Paul Christopher Manuel, Lawrence C. Reardon, Clyde Wilcox, 2006-08-16 Presenting case studies from sixteen countries on five continents The Catholic Church and the Nation State paints a rich portrait of a complex and paradoxical institution whose political role has varied historically and geographically In this integrated and synthetic collection of essays outstanding scholars from the United States and abroad examine religious diplomatic and political actions both admirable and regrettable that shape our world Kenneth R Himes sets the context of the book by brilliantly describing the political influence of the church in the post Vatican II era There are many recent instances the contributors assert where the Church has acted as both a moral authority and a self interested institution in the United States it maintained unpopular moral positions on issues such as contraception and sexuality yet at the same time it sought to cover up its own abuses it was complicit in genocide in Rwanda but played an important role in ending the horrific civil war in Angola and it has alternately embraced and suppressed nationalism by acting as the voice of resistance against communism in Poland whereas in Chile it once supported opposition to Pinochet but now aligns with rightist parties With an in depth exploration of the five primary challenges facing the Church theology and politics secularization the transition from serving as a nationalist voice of opposition questions of justice and accommodation to sometimes hostile civil authorities this book will be of interest to scholars and students in religion and politics as well as Catholic Church clergy and laity By demonstrating how national churches vary considerably in the emphasis of their teachings and in the scope and nature of their political involvement the analyses presented in this

volume engender a deeper understanding of the role of the Roman Catholic Church in the world *The Catholic Church in Ireland Today* John C. Waldmeir, David Carroll Cochran, 2015-01-22 From a Church that once enjoyed devotional loyalty political influence and institutional power unrivaled in Europe the Catholic Church in Ireland now faces collapse Devastated by a series of reports on clerical sexual abuse challenged publicly during several political battles and painfully aware of plunging Mass attendance the Irish Church today is confronted with the loss of its institutional legitimacy This study is the first international and interdisciplinary attempt to consider the scope of the problem analyze issues that are crucial to the Irish context and identify signs of both resilience and renewal In addition to an overview of the current status and future directions of Irish Catholicism *The Catholic Church in Ireland Today* examines specific issues such as growing secularism the changing image of Irish bishops generational divides Catholic migrants to Ireland the abuse crisis and responses in Ireland and the United States Irish missionaries the political role of Irish priests the 2012 Dublin Eucharistic Congress and contemplative strands in Irish identity This book identifies the key issues that students of Irish society and others interested in Catholic culture must examine in order to understand the changing roles of religion in the contemporary world
