

The **ECONOMICS** and **POLITICS** of **WELFARE STATES**

In a welfare state, government programs take primary responsibility for providing the economic security of unemployed, ill, or retired citizens.

- Why were paternalistic poor relief schemes replaced by more universalistic welfare states in advanced capitalist nations?
- What explains cross-national variations of state-provided services in combination with voluntary, nonprofit, private-sector support?

- Should comprehensive, universal welfare be considered a human right? Or is the state obligated to provide only a minimal safety-net?
- Will inevitable fiscal crises necessitate severe retrenchments of the modern welfare states?
