The Riddle in the Poem Živilė Gimbutas, 2004 The Riddle in the Poem is a study of the ramifications of riddles and riddle elements in the context of selected twentieth century poetry It includes works by Francis Ponge Wallace Stevens Richard Wilbur Rainer M Rilke and Henrikas Radauskas This book enlarges the scope of riddles as a root of lyric by connecting it with the folkloristic concept of riddling essentially a question and answer series and by tracing the influence of the root in poetic methodology The Riddle in the Poem may be defined as an attempt to advance the notion which has been discussed in previous folkloristic and literary studies which riddle as the root of lyric manifests itself in various ways Responses Richard Wilbur, 1976 Deals with the work of a number of poets including Emily Dickinson A E Housman Edgar Allan Poe Robert Burns Walt Whitman and Robert Frost *Conversations with Richard Wilbur* Richard Wilbur, 1990 With wit charm and grace the interviews in this collection demonstrate what readers of Wilbur's poems long have suspected that this former U S Poet Laureate is no less persuasive and forceful in extemporaneous speech than he is in verse and prose Wilbur proves as enlightening and thought provoking with student reporters from Amherst College his alma mater as with journalists for The Paris Review displaying the same dazzling talents that garnered him the Pulitzer Prize in 1957 and again thirty years later Opinionated yet ever charitable he presents the case for rhyme and meter in a dozen different ways in just as many interviews He expresses a degree of admiration for poetic opposites such as Allen Ginsberg and addresses the objections of his critics Wilbur's comments and keen insights on his coevals and his craft read as articulately as fine prose His observations never fail to stimulate or to challenge Poetry and Poetics After Wallace Stevens Bart Eeckhout, Lisa Goldfarb, 2016-11-17 This collection of essays examines the different lines that may be drawn between the work of Wallace Stevens and a wide range of poetry from the second half of the twentieth century up to the present moment **The Crowning of a Poet's Quest** Paola Loreto, 2009 This first extended study of Derek Walcott's Tiepolo's Hound 2000 defines the book as the culmination of the poetry and poetic of the Caribbean writer and Nobel Prize winner In this long poem Walcott achieves three goals pursued throughout his career to develop an original Caribbean aesthetic to meld the modes of poetry and prose and to formulate the Bildung of the island artist in terms of an autobiographical narrative The analysis provides an aesthetic and cultural evaluation of the poem in terms both of the Western poetic tradition to which it refers through its rich intertextuality and of its significance as a postcolonial milestone The commentary locates Walcott in an aesthetic tradition running from Emerson through the American Pragmatists to modernist poets describes his experimental use of certain central narrative strategies in his semi autobiographical long poems which is compared to those of another openly admired bilingual writer Vladimir Nabokov explores Walcott's revision of the epic mode and of the genre of autobiography delineates his unfolding of a post Romantic internalization of the poet's Arthurian quest and discusses his complex treatment of the multi layered metaphor of light as major evidence of the maturity of his style and poetic with their

conscious cross fertilization between the literary cultures of Europe and the Caribbean An appendix to this study contains the transcriptions of various Walcott events that took place in Italy in the summers of 2000 and 2001 including a creative writing seminar a press conference and readings This extensive material opens a window onto Walcott s gifts as a teacher to his stringent yet passionate commitment to the art of poetry and to the ways in which he and his students grapple with the challenges of literary translation **Virtual Americas** Paul Giles,2002-08-15 A discussion on the ways in which representations in the U S have been deflected from mythic to virtual phenomena in literary and cultural works of the modern era Essays and Pensées on Milton and Camus Ethan Lewis,2023-07-28 This book comprises an extensive series of analyses which span the respective oeuvres of these surprisingly paired world literary masters The poet and novelist philosopher though treated separately nevertheless prove complementary book fellows Notably both espouse and practice a vigilant attentiveness the obligation to strive for good by one s lights and to create lest history repeat and on rare occasions a duty to engage in moral contradiction for a higher cause though only after the most scrupulous reflection This book presents the ingenious artistry of both writers and further proves their contemporary relevance as well as giving readers the ability to look at the works of Milton and Camus through a new lens American and British Poetry Harriet Semmes Alexander,1984

Erotic Reckonings Thomas Simmons,1994 Drawing on classical and feminist psychoanalytic theory Thomas Simmons argues that mentor apprentice relationships are inescapably erotic though not necessarily sexual Pound and Winters manifest profound conflicts between allegiance to a tradition of knowledge and allegiance to apprentices both tend to master the apprentice to bind her to a body of knowledge *Southern Literature and Literary Theory* Jefferson Humphries,1992-07-01 In this stimulating collection of essays twenty scholars apply new theoretical approaches to the fiction and poetry of southern writers ranging from Poe to Dickey from Faulkner to Hurston Departing from earlier traditions of southern literary scholarship this book seeks not to create a new orthodoxy but to suggest the diversity of critical tools that can now be used to explore the literature and culture of the South Including essays based on deconstructionist feminist and Marxist theory the book features contributions from such critics as Henry Louis Gates Harold Bloom Fred Chappell and Joan DeJean Yet for all their variety the essayists share the same central concern We have in common writes Jefferson Humphries one thing that sets us apart from our elders in our conception of the South and our approach to southern literature the basic assumption that the meaning and significance of literature is not in the immanence of the literary object or in history but in the complex ways in which the literary the historical and all the human sciences that study both are interrelated Instead of simply taking the South for granted the contributors to this volume see it as a text and an idea as something whose ideological underpinnings complexities and contradictions must be subjected to close reading and questioning *Southern Literature and Literary Theory* represents a major effort to redefine the relationship of southern writing and the South itself to the larger world **Robert Frost and the New England Renaissance** George Monteiro,2021-05-11 A poem is best read

in the light of all the other poems ever written So said Robert Frost in instructing readers on how to achieve poetic literacy George Monteiro s newest book follows that dictum to enhance our understanding of Frost s most valuable poems by demonstrating the ways in which they circulate among the constellations of great poems and essays of the New England Renaissance Monteiro reads Frost s own poetry not against all the other poems ever written but in the light of poems and essays by his precursors particularly Emerson Thoreau and Dickinson Familiar poems such as Mending Wall After Apple Picking Birches Stopping by Woods on a Snowy Evening The Road Not Taken and Mowing as well as lesser known poems such as The Draft Horse The Ax Helve The Bonfire Dust of Snow A Cabin in the Clearing The Cocoon and Pod of the Milkweed are renewed by fresh and original readings that show why and how these poems pay tribute to their distinguished sources Frost s insistence that Emerson and Thoreau were the giants of nineteenth century American letters is confirmed by the many poems variously influenced that derive from them His attitude toward Emily Dickinson however was more complex and sometimes less generous In his twenties he molded his poetry after hers But later after he joined the faculty of Amherst College he found her to be less a benefactor than a competitor Monteiro tells a two stranded tale of attraction imitation and homage countered by competition denigration and grudging acceptance of Dickinson s greatness as a woman poet In a daring move he composes out of Frost s own words and phrases the talk on Emily Dickinson that Frost was never invited to give In showing how Frost s work converses with that of his predecessors Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience

A World of Words Michael J. S. Williams,2013-07-12 A World of Words offers a new look at the degree to which language itself is a topic of Poe s texts Stressing the ways his fiction reflects on the nature of its own signifying practices Williams sheds new light on such issues as Poe s characterization of the relationship between author and reader as a struggle for authority on his awareness of the displacement of an authorial writing self by a self as it is written and on his debunking of the redemptive properties of the romantic symbol

Private Perry and Mister Poe William F. Hecker,2005-06-01 Writing poetry and inspecting artillery bombs for the army do not seem like compatible endeavors which is perhaps why many biographers and critics have overlooked Edgar Allan Poe s stint in the military dismissing it as an odd aberration in his literary career William F Hecker however is in a unique position to appreciate the influence that military culture and training had on the young poet A professional artilleryman and a Poe scholar Hecker offers a lively nuanced account of Poe s experience as an enlisted soldier and West Point cadet and relates it to his writing especially his Poems 1831 presented here in facsimile for the first time since 1936 Military service appealed to Poe s romantic sense of adventure and in 1827 he joined the army under the name Edgar A Perry He rose quickly through the ranks most notably learning cannon drill but suffered as a social misfit in the field and at West Point where legends about a brilliantly defiant jester still abound Shortly after being dismissed from the Military Academy for neglecting his duties Poe published his third book of verse Poems 1831 which he dedicated to his fellow West Point cadets and funded through subscriptions to them Hecker explores these events filling in biographical gaps and drawing connections to Poe s poetic vision Poe s desire that his poems act as aesthetic bombs deranging the senses striving for Beauty but failing explosively emerges as a key theme With a foreword by poet and Poe critic Daniel Hoffman and an afterword by Gerard A McGowan
